

City Anxiously Awaiting Results of Voting Today

A Vital Decision for Vernon

—EDITORIAL

Vernon faces a decision today as vital for its future as any this community has had the opportunity of making in a good many years.

The will of the taxpayers is sought on the proposal to dispose of the City Hall site to a syndicate which will construct a modern hotel on the property. That is the nub of the proposition, which has been carried through by the City Council with the unanimous endorsement of the Board of Trade and the Junior Chamber of Commerce.

Of the taxpayers who cast their ballots, a minimum of sixty percent must be in favor before the proposed plan will pass. It is vital, therefore, that every taxpayer wanting new hotel facilities for Vernon makes the necessary effort to appear at the City Hall. Apathy can defeat this proposal, for the hard core of determined opposition that does exist will surely exercise its voting privilege.

On this proposal one overwhelming consideration stands before the taxpayers in today's vote: Greatly enlarged hotel facilities are admittedly Vernon's principal need to round out many other favorable developments of the past few years. The present is the only proposal which has been seriously advanced in four years of intensive work by various public spirited organizations, and individuals interested in the progress of the city. If the vote fails, an equal or better opportunity is unlikely to recur in the foreseeable future.

Hotel, Library Measures Hold Major Interest; Ballotting Closes 8 P.M.

By 10 o'clock tonight, Thursday, citizens of Vernon will know the membership of their City Council for the ensuing year and will have learned the fate of three vital bylaws and one referendum on which voting began at 8 p.m. this morning.

The most important municipal election in this city for years is expected to attract a large percentage of the voters to the polling booths in the City Hall.

Interest has reached keen pitch as all factors have been probed in various meetings. Street corners have been the scene of many a lively discussion as the library and hotel bylaws have been the prime target for a multitude of pros and cons.

The issues are these:

Election of two of three candidates—Frank Ryall, Frank Telfer and W. H. Winfrey—to aldermanic seats for two year terms.

Decision on the sale of the City Hall site to the Allison Hotel Co. Ltd. for \$10,500 for a new hotel.

Approval of a \$25,000 bylaw for sewer extension.

Assent on a proposal to join the Okanagan Union Library.

Granting of a 10-year franchise to the Carswell Coach Lines Ltd.

Nomination day on Thursday of last week saw Mayor T. R. B. Adams returned to office for another two-year term by acclamation.

There will be no strange faces around the table when the School Board for District 22, Vernon, holds its first meeting of the new year. T. R. Bulman and Mrs. H. L. Courcier continue in office through acclamation also. The same circumstances returned Michael S. Freeman to the Board as Coldstream representative.

At present from the next Council for the first time in 16 years will be David Howie, former Mayor and retiring Alderman. Mr. Howie's decision to stay out of the election race came as a sharp surprise to many city ratepayers. The other retiring member of the Council is E. B. Cousins, who has served as Alderman for six years.

All Not Smooth Sailing

If the annual civic meeting is any criterion, all will not be smooth sailing for the hotel and library bylaws. Though nowhere near forming a majority of those who attended, several taxpayers voiced opposition to the library issue, recalling dissatisfaction with the scheme when it was previously inaugurated here in 1935. Disagreement about the \$10,500 price for the City Hall site and opposition to another beer parlor in this city were voiced over the hotel proposal. At a meeting two weeks ago, members of the Vernon Board of Trade and the Junior Chamber of Commerce voiced their opposition.

(Continued on Page 2, Col. 3)

Make Change in Store Hours for Christmas Week

Vernon's retail stores will keep regular hours during the week prior to Christmas, with one exception. The stores will be open on Friday evening, December 23, until 9 o'clock, and close at 5:30 p.m. on Saturday, Christmas Eve.

Shopping hours for the week of December 19 to 24 will be as follows: Monday, Tuesday and Wednesday, from 8:30 a.m. to 5:30 p.m.; Thursday, closed all day; Friday, open from 8:30 a.m. to 9 p.m.; Saturday, open from 8:30 a.m. to 5:30 p.m.

These hours were agreed upon by a well attended meeting of the Vernon Retail Merchants' Association in the City Hall on Tuesday morning, Gordon Skinner presiding.

The Association will endeavor to relocate the large Christmas tree erected at the Barnard Avenue and 32nd Street intersection in former years.

Some members of the Association at the Tuesday morning meeting were enthusiastic in their support of its revival. "One of the highlights of the Christmas season," said W. "Bill" MacKenzie.

The Board of Trade last evening, Wednesday, discussed re-instating the tree, which the merchants feel, brings the Christmas spirit to the city as nothing else can.

Merchants will light their premises each evening before Christmas, each visitor and passer-by may "window shop" and at the same time add to the festive appearance of the city.

Mayor Gives Year's Report To Taxpayers

Roads Were Number One Item on Civic Agenda; Now Catch Up on Backlog

"We are now at a period which, after advances and increases at a very rapid rate, shows signs of slowing down and we will have a chance to catch up on the backlog." That was the conclusion to an hour long report to the taxpayers of Vernon by Mayor T. R. B. Adams at the annual civic meeting held in the Legion Hall on Monday night.

Clearly and concisely Mayor Adams covered numerous topics which were paramount in the guiding of civic affairs over the past year.

That contentious problem of roads received first consideration of the Mayor who reported the board of works department was somewhat overspent on its estimates. "This was done with intent to the extent that the Council realized roads are one of the most pressing and urgent problems facing the city today."

Lack of money before the war, shortage of labor and material during the war, the increase in population and the increase in traffic in post-war years culminated to make a roads situation "of which we can not be proud."

"Every Available Cent"

Mayor Adams declared the Council "has made a real effort to channel every available cent of money into road repairs." The only piece of new equipment is the steam roller, purchase of which was ordered last week, and this was held to be necessary in view of the limitations the inefficiency of the old steam roller imposed on road repair.

Shortages of some fixtures has delayed installation of new fire alarm equipment, but this will be completed in the very near future.

This year the Council embarked on a street lighting program which had been delayed owing to lack of equipment. Fifty or 60 new lights were installed and plans are continued. Development of the business section on the avenues on either side of Barnard calls for improved modern lighting on those thoroughfares.

Mayor Adams described the city water program as "satisfactory but unspectacular." Fine Street reservoir has been enlarged and deepened each year and Dixon Dam is very satisfactory, "a sound and good job."

One need for the water system, and one of which the citizens are full aware, is a clarifying system, to remove the muddy silt which

Finish Vernon-Kamloops Road Construction in 1951

H. J. Fosbrooke Reviews Trade Board Year, Appeals for Greater Interest

"Representations have been made to the Minister of Public Works for the early commencement of work at this end of the Vernon to Falkland Highway and we have been informed that the road in question will be re-located, constructed and hard surfaced by the end of 1951."

C. J. McDowell is New President of Board of Trade

Most Enthusiastic Meet In Years Elects Slate Of Officers for New Year

The most enthusiastic Board of Trade meeting in Vernon for several years, held in the National Hotel on Wednesday evening, unanimously elected Charles J. McDowell to the presidency for 1950.

Mr. McDowell, the present vice-president, told the gathering that "the Board is only as strong as the members make it. The executive cannot function properly and effectively unless we have the support of the general membership."

Mr. McDowell and other officers selected will commence duties with the New Year.

Also a unanimous choice was A. Berner, for the vice-presidency. Mr. Berner pledged his best efforts towards progress for the city.

A council of seven was selected from a slate presented by the nominating committee headed by Past President Norman Bartlett. They are: Mrs. N. Sutherland, Harold Whitmore, David Howie, Paul Brooker, R. H. Cull, H. B. Monk, William Helmsing.

President H. J. Fosbrooke presided and presented a comprehensive annual report. Other chairmen giving accounts of various committee activities were: Harold Whitmore, attendance; E. R. Dicks, industrial; Paul Brooker, public relations; Gordon Skinner, Retail Merchants' Bureau; N. Bartlett, design for Kalamalka lookout.

The City Council is unhappy over the constantly increasing bills for policing costs in Vernon, but it doesn't believe anything can be done.

The total cost for 1950 will be \$17,644, including the full-time services of six men and car mileage of 10,320 miles.

Nothing that this amount is \$1,100 higher than a year ago, Mayor T. R. B. Adams said that "a bill has got to come somewhere. Only a few years ago the account was \$12,000 annually."

"There is nothing we can do about it," declared Alderman Fred Howie, who added that the costs per man for two men on duty continuously and travelling was not excessive when analyzed.

The letter from the police commissioner was filed for attention of the 1950 Council.

Vernon is to have a new, high-powered road roller for its highway program for 1950 and subsequent years. The Council, after receiving a favorable report from City Solicitor C. W. Morrow as to legal details, decided to sign a "hire-purchase" agreement.

Council Unhappy

Board of Works Tops City "Expense Sheet" This Year

Exceeds Budget But Unexpended Bylaw Monies Provide Favorable Balance

Included in the financial statement for the first 11 months of 1949, presented to the ratepayers at the city annual meeting on Monday night, was an account of departmental expenditures.

Topping the list was the Board of Works.

Its 1949 budget allowance was \$61,197. Road maintenance and trees took the substantial slice of \$67,015 of this amount.

Sidewalk construction of \$743.81; garage maintenance, \$5,049.54; yard expense, \$2,136.49; and underdrainage of \$6,262.25, totalled \$72,127.23. However, unexpended bylaw monies as at December 31, 1948, of \$43,118.18 and accrued interest of \$1,200 leaves an unexpended balance in the treasury of \$30,334.30.

The 1949 budget allowance for the electric light committee was \$7,980. Expenditures to November 30 of \$5,405.71, leaves \$2,484.30. Unexpended bylaw monies as at December 31, 1948 amounted to \$5,009.04, from which current expenditures of \$60.10 leave a balance of \$5,028.94.

The fire department shows \$1,008.67 in hand. Budgeted for was \$24,501, and expenditures to November 30 were \$23,092.43.

Murder Hearing To Begin Today

Arthur Oullette, 21, today, will appear before Magistrate Leonard Backler, head of the Vernon District Provincial Police Detachment, disclosed that he is an "important witness and may have a considerable bearing on the result of the case."

An inquest into the death of the Chinese which was to have resumed Tuesday morning was discontinued on the authority of the deputy Attorney General, Crown Counsel, A. P. Crowe, requested this action after Oullette had been charged with murder.

The hearing is expected to take place today.

Murder Hearing

(Continued on Page 7, Col. 2)

Should be committed for trial on the murder charge. The hearing was scheduled to begin at 10 a.m.

Two important prosecution witnesses arrived in Vernon under police escort yesterday, Wednesday. One is Mary Tomma, 16-year-old Indian girl companion of the accused, who went with Oullette to the Coast and was with him at the time of his arrest.

Name of the other witness has

been withheld by the police.

Civic Elections

(Continued from Page One)

Commerce unanimously supported the new hotel proposal. Little discontent has been heard regarding the sewer bylaw and the 10-year franchise for Carswell Coach Lines Ltd. No sewer bylaw has ever been defeated in Vernon, according to civic officials.

60 Percent Majority

The three bylaws and one referendum all need a 60 percent majority vote to pass.

Contrary to previous reports earlier this week, Mr. Telfer will be "up and around" on election day. He was taken to the hospital on Monday and was unable to attend the civic meeting, but he was back at work on Wednesday morning.

In Mr. Telfer's absence at the civic meeting Monday, H. J. Murray spoke on his behalf. Mrs. Telfer is an R.C.A.P. veteran, with three years' service. He was a three-year member of the school board at Pincher Creek, Alta., and owns a grocery business in this city.

Mr. Ryall referred to Mr. Telfer's "handicap" through being unable to attend the civic meeting and he said he would make his remarks brief on that account. For 20 years Mr. Ryall was a technical engineer executive, with the Ford Motor Co. and he supervised 3,000 men in that capacity. He is now semi-retired "and that is the only reason my hat is in the ring." Mr. Ryall desires to do something for the city and its citizens.

The third aldermanic candidate, Mr. Winfrey, in his soft Texan drawl, reviewed his background because he said he had been "criticized" for not doing so at the Vernon and District Ratepayers' Association meeting on Wednesday of last week.

He started to tell of his early life in Texas and his education as an engineer. He worked on the Panama Canal, referred to as "the big ditch," and he was telling of this experience when Dr. E. W. Prowse interjected "on a point of order" that such information was not necessary.

In the north country, Mr. Winfrey was a town engineer and a member of a City Council. He was 14 years with the Pouce Coupe public works department and a member of the school board. Health reasons caused Mr. Winfrey to come to reside in Vernon and to retire.

ASTHMA

Suggestion No. 1

Are you sure feathers do not aggravate your condition?—It is worth pointing out—don't use a feather pillow eitherdown for a few days. You should also try Respatone Tablets. If your asthma or coughing fits are usually at night, take a Respatone tablet about one hour before going to bed. Respatone Tablets are available at all drug stores.

The black snake, a harmless, non-poisonous reptile, does not exceed six feet in length and is found in both North and South America.

Before the Spanish conquest, many thousands of humans were sacrificed yearly to the Mexican war god, Hitzlopochilli.

City Fire Loss 65 Cents Per Capita Over 10 Years

—Water Department Report Encouraging

New Enterprise, "Spudnut Shop" Opens in City

Vernon gets in on the ground floor of one of the newest and most promising industries when Canada's sixth spudnut shop plays host to local residents tomorrow, Friday.

After extensive alterations and complete redecoration, Ernie's Lunch on Barnard Avenue, will turn out its first batch of "America's finest food confection" at 2 p.m. From then until 4 o'clock, the public is invited to enjoy free spudnuts and coffee.

Although still in the familiar round shape with a hole in the middle, spudnuts are different. They are light and fluffy because they are made in a proof box like the finest pastry.

Spudnuts were originally developed by a couple of young citizens of Salt Lake City, Utah, Al and Bob Pelton. The formula, which includes mashed potatoes, only difference from ordinary doughnuts, has been perfected and immediate success has followed.

Over 400 shops are now operating in the United States. Vernon's spudnut shop will be the first to open east of Vancouver.

In Vernon now to turn out the first few batches of spudnuts and give on the spot training to the staff at Ernie's Lunch is the spudnut expert, Dean Egbert, who himself now operates 21 shops in the United States.

Mayor Gives

(Continued from Page One)

permeates the water supply in early spring. Mayor Adams said this was "no detriment from the health point of view, but was not pleasant from any other point. However, equipment to handle this job is expensive and a date can not be given when the program would be carried out.

The housing situation generally has improved, said Mayor Adams, in remarking on the closing of the city emergency shelter scheme. It is still not possible to obtain houses for rent and this represents "a lively need" for the city.

Vernon service clubs—Kinsmen, Rotary, Lions and Elks, were praised for their assistance in development of city parks.

Arena Highlights

The arena came in for mention by the Mayor. This year has been to more financial advantage than for many years in the past. The suggestion of an arena refrigeration system was put to the Council which approved of the installation. Mayor Adams said the cost will be met although it was not budgeted for at the normal time estimates were being drawn up.

Mayor Adams contended the installation was essential for proper operation of the arena—"that is being proved." He praised the installation, the standard of equipment and added that 15 or 20 years from now the machinery would be operating as well as it is now.

Mayor Adams reminded the taxpayers that Vernon has had a public civic arena for over a decade and it has been constant and hard use by the general public. "We would be taking a very narrow view if we did not in the near future spend some money and give the arena a good face lifting."

Mayor Adams said it is impossible to judge what the arena has meant to the city over the past decade and its intrinsic value can not be measured in dollars and cents.

Turning to the civic election slate for today, Thursday, the Mayor, who will serve two more years by acclamation, outlined the three bylaws and referendums to be voted upon.

Said Mayor Adams of the by-law for sale of the City Hall site: "It is of vital importance that this bylaw should receive the assent of the ratepayers. We are all conscious of the need for a first class hotel and here is our chance to obtain it."

"No concessions of any shape, form or description have been made regarding assessment or taxation." Continuing to outline the hotel situation, Mayor Adams revealed that the city has fewer hotel rooms available now than it had in 1910.

If we do not get the Union Library we will have none at all, bluntly declared the Mayor in dealing with the library referendum. He left Alderman B. B. Cousins to outline the salient points.

On the \$25,000 bylaw for sewer extension, Mayor Adams said "this is a very essential and very ordinary bylaw."

"Diminutive Alternative" Carswell Coach Lines Ltd. has proven itself, said the Mayor, and for this reason the Council is supporting the firm's bid for a 10-year franchise. Stated the Mayor: "Should you not agree, the alter-

Alderman Cousins stated Vernon's average fire loss per capita over a 10-year period is 65 cents and the average per capita cost is \$2.10. Other cities can nowhere near approach that figure. He paid tribute to Fire Chief Fred Little whom he said had been named "one of the most outstanding chiefs in the northwest."

"Cousins' Cow" was the name some people applied to the new diaphane alarm but Alderman Cousins said it does not need a bale of hay. The horn with the raucous blare is scientifically invented and tested and serves one purpose only—to bring the firemen together.

Touching on the report of the water committee, Alderman Cousins declared the last job provided for in the 1945 waterworks bylaw has just been completed. There may be a slight surplus of funds left over. Alderman Cousins outlined the principal works undertaken this year.

"The water department is now completely self-supporting and we have practically rebuilt all of the city's carrying and storage facilities."

In conclusion, he detailed the library proposal as previously reported in The Vernon News.

A full report for the water works department was prepared by City Engineer F. G. deWolf.

The new dam at Dixon Meadows because of safety regulations, has been filled only to the 25 foot level, which gives about 50 percent of its storage capacity.

There are no signs of seepage at this 25 foot level. In the coming season this reservoir will be allowed to fill to its maximum capacity. Further excavation and raising the rim of the Pine Street reservoir has given Vernon an additional 6,000,000 gallons storage at this source.

The city now has a total storage capacity of 103 million gallons with 70 million in the Dixon dam reservoir, 31 million in Pine Street reservoir and two million in the Mission Hill reservoir.

The old wooden pipe on Kedleston Road was replaced with 5,030 feet of 10 inch transit pipe. A filtration plant will be installed as soon as funds permit at the BX intake.

A number of improvements in the city's piping system have been made including in many cases the installation of larger and more serviceable piping.

A total of 24,932 feet of pipe of various sizes and types of material has been installed during the year. Eight new fire hydrants were installed and two old hydrants were replaced with new ones. Five hydrants were moved at the request of the Fire Department and five stand pipes were installed for flushing dead end lines.

A total of 64 new services to residences or business were installed and 58 old galvanized services were replaced with copper services. The report also discloses that

Poppy Day Sales Here Top \$1,151

Mrs. A. S. Nelson, convener of Poppy Day, announced on Tuesday that Poppy sales in Vernon and district this year amounted to \$1,151.54.

Poppies sold on Saturday, November 5, and poppies sold for wreaths, both projects undertaken by the Ladies' Auxiliary with the help of local women's organizations, realized \$855.74 of the total.

Wreaths sold by the men totaled \$208.80, and poppies sold to stores and business premises, also by the men's branch, realized a further \$87.

The sum of \$382 has been sent to the Veterans' Shops, in Vancouver, where the poppies are made, by Branch 25, Canadian Legion, Vernon, for the poppies used here.

Net proceeds of \$569 remain, which will be used for the relief of local veterans and their families.

This is the first time for many years that restrictions on consumption have not been necessary despite a below average precipitation.

The total number of water services in Vernon is 2,293 of which 1,954 are residential, 322 business, and 17 industrial. There are also 35 residences outside the city served from the city supply.

Famous Railroad Builder, Former Resident Passes

Word was received last week that Colonel Kenneth Alan Ramsay, a former resident of Vernon, died in Grimsby, Ont., on November 26.

Col. Ramsay had a long and distinguished career in construction, specializing on railroad construction.

Starting with the building of the Grand Trunk Pacific Railway from Saskatoon west, in the employ of Peley, Welch and Stewart, Col. Ramsay's abilities were quickly realized by the contractors. In 1912 he was appointed general superintendent of construction for the Western Divisions of the line from Prince Rupert to Vanderhoof.

Shortly after the outbreak of World War One, Col. Ramsay went to France with the original Canadian Railway Construction Corps, C.O.R.C.C., with which unit he gained the rank of Lieutenant Colonel, and was awarded the D.S.O. and O.B.E.

Col. Ramsay will be best remembered by pioneers in the Okanagan, and especially in Vernon where he resided from 1920 to 1928, as being in charge of the construction of the Kamloops-Kelowna and Vernon-Lumby branches of the C.N.R.

In 1928, he left Vernon for Northern Manitoba, where he built the

Board of Work

(Continued from Page One)

five year program practically completed. Unexpended dam bylaw at the end of last year was \$39.80. Expenditures this year been \$11,182.69, leaving \$5,657.11 expended balance.

The park and cemetery committee showed that \$10,837 was allocated to this department for eleven months' expenditure \$11,862.75, divided into three for the parks, \$7,723.87; for cemetery, \$2,512.34, and for Long beach, \$1,626.54. Unexpended money at December's end, \$5,657.11, of which \$3,284.68 spent during this year, leaving balance at the end of November of \$3,090.31.

Bylaw monies invested in Dominion bonds are: roads, \$40,000; sewer, \$5,000; special levy, \$11,300; total, \$56,300.

Bonds sold during November make departmental adjustments: roads, \$15,000; water, \$1,000; special levy to be applied to arena refrigeration plant, \$1,000; total, \$31,000.

Flin Flon and Sherritt-Corporation of the Hudson Bay way for the Dominion Construction Company. After the completion of these lines, he was employed same company on various construction projects in Eastern Canada.

Besides his widow, Col. Ramsay is survived by three sons, Kenneth, Gordon and Charles Stewart, one grandchild.

Terms "Food" as Greatest Factor For World Peace

"Food is one of the greatest weapons for peace that we have," so Ivor Newman, acting president of the B.C.F.G.A., told members of the Vernon local at a meeting Tuesday afternoon in the Vernon Fruit Union hall.

The speaker deplored "poverty on the one hand, surpluses on the other."

"We are part of one great farming family which extends from one end of Canada to the other. Farmers should speak as one voice, so that we will not be sacrificed on the altar of expediency to satisfy some high pressure group," Mr. Newman declared.

The speaker visualized surpluses used "to prevent other people from becoming hungry." Surpluses, Mr. Newman said, are a problem in all parts of the world.

A marketing conference followed the annual sessions of the B.C. Federation of Agriculture held in Vancouver a fortnight ago. Mr. Newman said. He attended these meetings. Present were Hon. Leslie Eyres, Minister of Trade and Commerce, and other government officials.

Briefs were presented by the fruit industry, the Interior Vegetable Marketing Board, as well as representatives of the egg, poultry, berry and other industries, the speaker said.

"Every branch of agriculture is in trouble, except the beef and the sheepmen," Mr. Newman declared.

The increase in Okanagan fruit production over a 10-year period was given by Mr. Newman in a few statistics. In 1939, 245,000 cases of cherries were produced. In 1949 there were 519,000 cases. Peaches 10 years ago yielded 503,000 cases. This year there were two million cases. The same story is repeated in pears. In 1939, 329,000 cases were marketed; in 1949, 618,000 cases.

Five and one half million boxes of apples was the 1939 yield. This year there were 8,250,000 boxes.

A factor in increased production is the use of DDT. Mr. Newman continued. Orchards in Canada, and also in the United States, previously infested with codling moth and pear psylla, have been brought back into production. "While DDT is a boon, it also increases the marketing problem," Mr. Newman declared.

The government should bring to the attention of men developing land the crops that could be profitably raised, concluded the speaker.

Realization That "Honeymoon Is Over" Sets Theme for Growers

Of the 39 resolutions so far drafted for discussion at the 60th annual convention of the B.C.F.G.A. in Penikese on January 17, 18 and 19, Vernon local will definitely give its support to some 10 of these, plus four of their own.

Delegates J. K. Watson, George Turner, Richard French, Leo Fuhr and G. Offenbeck will go with an "open mind" with regard to many other resolutions.

Name B.C.F.G.A. Members to 1950 Fruit Committees

The following committees have been appointed for the B.C.F.G.A. for the ensuing year. The appointments were revised on December 1.

Better fruits committee: A. K. Loyd, chairman; L. R. Stephens, secretary; Alex Grant, W. M. Cooper, Dolph Browne, C. E. Bailey, Ernest Hill, W. Spear, James Brydon, C. Elsey, E. Pike, shippers' representatives; George Fitzgerald, Kelowna; Tom Hill, Coldstream; G. A. Lundy, Oliver; H. J. Barkwill, Summerland; K. A. Plaskett, Osoyoos; Ivor J. Newman, Kelowna; A. C. Lander, B.C.T.R.; R. C. Palmer, Experimental Station; Ben Hoy, Kelowna; D. V. Fisher, Experimental Station, and B. C. Wilcox, Experimental Station.

Box shock and industry container committee: George Fitzgerald, chairman; A. K. Loyd, G. A. Barrat, G. A. Lundy, H. Van Ackeran, R. Jordan, L. R. Stephens, secretary; Ivor J. Newman, president.

Armstrong Fair committee: W. T. Cameron, chairman; C. A. Hayden, secretary; M. S. Middleton, Oyanma; Ben Hoy, Kelowna; W. A. Middleton, Vernon; H. H. Evans, Vernon; W. Baverstock, Vernon; Adam Keller, Oliver; P. D. Smithers, Oliver; E. D. Bossert, Kamloops; J. G. Campbell, Salmon Arm; H. Halliday, Armstrong; James Snowsell, Kelowna; E. E. Gill, Armstrong; E. Dockstader, Armstrong; Willis Hunter, Armstrong; L. A. Bobb, Armstrong, Francis Thorneoloe, East Kelowna; Dolph Browne, Vernon; J. P. Clarke, Keremeos; H. Graeper, Kamloops; Ivor J. Newman, ex-officio; W. F. Ward, Summerland.

Fire insurance committee: Ivor J. Newman, C. A. Hayden.

Prost and wind warning committee: Ivor J. Newman, C. A. Hayden. Industry, labor negotiating committee: Ivor J. Newman, J. K. Watson, G. A. Lundy, F. L. Fitzpatrick, J. White, G. A. Barrat, C. E. Bailey, W. Spear, A. E. Hill, L. R. Stephens.

Grades committee: A. K. Loyd, chairman; George Fitzgerald, Eric Tait, Tom Hill, E. J. Finch, George Clarke, D. P. Fraser, K. W. Kinnard, William Read, C. A. Hayden, secretary.

Highway committee: Francis Thorneoloe, Jr., chairman, Tom Hill, R. S. Warr, Jr., C. A. Hayden, secretary.

Transportation technical committee: H. B. Ewer, chairman; Ivor J. Newman, L. R. Stephens.

Income tax committee: G. A. Barrat, chairman; L. G. Butler, A. G. DesBrisay, J. Y. Towgood.

Grading canneries peaches committee: J. Y. Towgood, chairman; H. C. MacNeill, R. O. Hall, E. A. Titchmarsh.

Pear growers' committee: Tom Wilkinson, chairman; M. V. Hickman, Kelowna; W. B. Powell, Summerland; J. K. Watson, Vernon; R. B. Stocks, Princeton; H. D. Johnston, Osoyoos.

Pest control committee: Ivor J. Newman, chairman; with B.C.F.G.A. executive.

Tariff committee: A. K. Loyd, chairman; L. R. Stephens, secretary; G. A. Barrat, Albert Millar, J. A. English, C. J. Bleasdale, K. W. Kinnard, Ivor Newman, ex-officio.

Pooling committee: A. K. Loyd, chairman; G. A. Lundy, A. G. DesBrisay, soft fruits; Albert Millar, W. R. Fowell, B.C. Tree Fruits, F. L. Fitzpatrick, K. W. Kinnard, shippers; A. K. Loyd, chairman; W. A. Middleton, A. G. DesBrisay, apple division.

1950 Convention committee: J. A. English, chairman; John Coe, John Third, Henry Hinesman, Herb Kortbushley, A. J. James, secretary.

Cold storage committee: Nigel Pooley, chairman; L. G. Butler.

Hail insurance committee: G. A. Lundy, chairman; Ivor J. Newman, ex-officio; E. M. Tait, Summerland; W. R. Fulton, Salmon Arm; E. A. Titchmarsh, Penikese; James English, Penikese; Cliff Nettleton, Naramata; C. E. Bentley, West Summerland, Nigel Pooley, East Kelowna.

Granting of land in most provinces does not give the recipient the right to mine it.

Osoyoos and Naramata have come out with a resolution that the Dominion Government be requested to give consideration to a subsidy on off-shore shipments of Canadian tree fruits.

Although not affecting Vernon, this local will back South and East Kelowna, who request the Public Utilities Commission to include a clause in their agreements protecting the consumer in the event of interruption of services operated by electric power owing to negligence on the part of the supplier of power.

Oyama and Penikese are interested in soil testing service, and urge the Dominion Government to enquire into experiments carried on in other countries, and to establish a soil testing service at the Experimental Station, Summerland. The meeting on Tuesday was told that there is already a willing, keen and capable scientist at Summerland who specializes in this line.

The request from Summerland for a renewal of the \$5,000 research grant received endorsement by Vernon growers. This is for work at the Experimental Station. Problems akin to the fruit industry are probed, and valuable solutions found.

"Iniquitous" School Tax
The Grand Forks resolution which would have school taxes taken off the land received vigorous support from Mr. Freeman. He said that although this was a "perennial question," the tax was "iniquitous."

The preamble to this resolution states the building of "large, central schools" has become a burden more than the average farmer can bear. While farming is essential, it is "one of the greatest gambles." The farmer is "least able to pay school taxes, although he pays more than anyone engaged in any other industry."

Creston came forward with a resolution for a "J. R. J. Stirling Memorial Scholarship." This would enable a high school student to continue study in agriculture. The meeting felt this would be carried on from year to year in memory of the late B.C.F.G.A. president.

That authorities administering the P.F.R.A. in B.C. be advised that they and purchasers under P.F.R.A. give "serious consideration to the problem of marketing before deciding what to plant in these lands," brought an explanation from Mr. Newman as to the powers vested in the P.F.R.A.

"We should let the British people know where Canadian apples come from," said Mr. Newman, speaking to a resolution from South and East Kelowna that the Dominion Government be urged to advertise the presence of Canadian apples in Britain.

Vernon's resolution dealing with the interchange of fruit inspection, brought another resolution from the meeting. W. T. Cameron was supported by Douglas Glover in that a vote of appreciation be made from the 1950 B.C.F.G.A. convention to William Reed, Dominion Fruit Inspector, and his staff, for their co-operation.

Leo Fuhr spoke to the resolution

from Salmon Arm-Okanagan Mission-Kelowna, regarding mouse population in orchards, termed a "plague." Mr. Fuhr suggested infection of disease into mice, as is practiced in the U.S.A. The illness spreads through the mouse population, resulting in deaths of many.

Mr. Newman said that carbon monoxide gas has been used on mice in fruit boxes in some packing

houses with good results. Vernon's resolutions ask that the growing of good prunes be dealt with at chautauquas; that more information be made available on blossom-spray thinning; and that packing house managers be requested to let local secretaries have a list of growers shipping through their packing houses by April 30 each year.

Grindrod Social Items

GRINDROD, Dec. 6.—Friends of N. J. Hipp will be sorry to hear of his serious illness in the Salmon Arm General Hospital where he was taken Sunday evening following a collapse.

J. Bailey, of Vancouver, arrived in Grindrod on Sunday to spend some time at his home.

Mrs. H. M. Wells and son, Donald, were visitors to Sicamous on Sunday.

Mrs. G. Tomkinson returned last week from Beaver Crossing, Alta., where she spent several days attending to her mother, Mrs. F. Just, who was suddenly taken ill.

Visitors at the home of Mr. and Mrs. N. F. Hipp are Mr. and Mrs. Richard, of Prince George, and Mrs. R. Gentles, of Calgary, Alta.

Mrs. S. J. Thomas, of Patricia, Alta., is visiting for a few days at the home of Mr. and Mrs. A. Tynil. J. Slade, who is employed in the Yukon, spent Monday visiting at home of Mr. and Mrs. W. A. Stephens. Mr. Slade was enroute to his home in Vancouver.

M. Dangel is spending some time visiting in Calgary, Alta.

Emily Block and Rose Shykora returned to their homes in Grindrod on Saturday after spending the past few months working in Oyama.

Juan Crossley, of Oyama, was a weekend visitor at the home of Mr. and Mrs. A. Block, of Grindrod.

Ratepayers Recall Rutland Local, B.C.F.G.A. Names Officers for 1950

(Continued from Page One)

the service we had got, we voted to discontinue our membership." Repeating he was not in opposition to joining the Union, Dr. Prowse contended that the way the matter had been put before the ratepayers was not the way it should have been.

The former mayor pointed out that the financial arrangements 13 years ago had been a cost of not less than \$1.35 per adult capita. In 1937, according to Dr. Prowse, \$1.376 had been collected from the taxpayers and \$1.590 from non-taxpayers, making a total of \$2.966.

A woman who said she "was not satisfied with the Union Library when it was here before," agreed with Dr. Prowse.

"We were aware of the former abuse," answered Mayor T. R. B. Adams. "That commencement and tryout period was not successful for Vernon." But, he added, the cities that have stayed with the plan, Kelowna and Penticton, have had a superior library to ours.

Mayor Adams said he felt the Provincial Government would be taking a bigger part in financial grants for libraries. The cost of the Union Library Scheme would be about \$5,400, based on 50 cents per capita of population on the latest available figures.

The City does not intend to levy a library tax on those who are not paying taxes through ownership of property. The charge will be against the general revenue of the city.

Alderman E. B. Cousins, chairman of the library committee pointed out that under the Union Library a minimum of 5,000 volumes would be available for Vernon readers.

New Library? A. E. Berry spoke of the 50 cents per head as being a straight donation to the Union. "If we join them we have got to build a new library. Where are we going to stop? The taxpayers are going to have to foot the bill."

Harold Hudson said he had heard the library in the Elementary School might be used, but Mayor Adams said he did not know if arrangements could be made.

Mrs. D. D. Harris declared, "perhaps it is time we had a new library building too." She added that non-taxpayers were usually renters and thus contributed to tax payments.

In answer to a question by Mr. Berry, Mayor Adams said only taxpayers would vote on the library referendum.

School Inspector A. S. Towell stressed the education viewpoint and pleaded: "Let bygones be bygones." He said he was "all for the proposal. I feel that conditions have now changed so completely that the best thing to do is to look at this proposal as a new proposition and judge on its merits as such."

Concluded Mr. Towell: "I sincerely hope, for the sake of the young people, that you sanction provision of these greatly extended library services."

Dr. Prowse entered the debate again. He said the matter is up to the City Council "to make a more equitable distribution of tax collections." He reminded taxpayers that schools "take 60 percent of your current tax collections."

Here the discussion ceased, while the election candidates spoke briefly. E. E. Price asked if the Elementary School Library was adequate for the Union Library and Alderman Cousins replied that in a few years when a new City Hall would be built, accommodation for the library would be provided.

Recalling "the fiasco of the last attempt," H. H. Evans said citizens "are entitled to learn a little more of the guarantee for success of the scheme."

Mayor Adams replied the Council had brought up the matter "as clearly as possible." He said exact detailing of the plan is not possible. The taxpayers are to judge whether the proposal is a wise decision for the city or not "and the city will be guided by the decision."

Then A. B. Neilson opened discussion on the new hotel with a bang. He declared: "I am going to vote against it and get everybody I can to vote against it." He asked if the hotel would be built without a beer parlor—"you don't need a beer parlor in a hotel."

"Black Heart!" Mr. Neilson warned there would be three beer parlors on one corner and he said the men didn't go to Kelowna or Penticton to build their new hotel because they could not get a beer license there. He spoke of Vernon being "a fair city with a black heart."

Another ratepayer asked about the heating of the fire hall building after the City Hall was removed. Mayor Adams replied if economical, the fire hall could be heated by the hotel plant or the present City Hall plant could be moved to the rear of the fire hall. Mayor Adams said City Engineer F. G. deWolff had the matter under consideration.

Dr. Prowse asked if the City Hall was torn down and the new hotel not erected, would the City still pay for the City Hall? Payments will not be concluded until 1953 and Mayor Adams said he doubted if the bond holders would relinquish such a good investment until that time.

Dr. Prowse thought the incoming Council could work on the question of the city paying 70 cents per

RUTLAND, Dec. 6.—N. J. Waddington was elected the new chairman of the Rutland local of the B.C.F.G.A. at a meeting held in the Community Hall on Friday evening. He succeeds Archie Weighon who remains on the executive. Fred Stevens Jr. was named secretary-treasurer and directors are J. Duncan, Charles Buckland, S. Kornze, Ian Haddon. Delegates to the convention are to be A. W. Gray, C. D. Buckland, K. Eutin and S. Kornze.

Ivor Newman, president of the B.C.F.G.A., attended the meeting and gave the members an interesting talk on the recent meeting of the B.C. Federation of Agriculture and a conference of representatives of agriculture with delegates of provincial and federal departments of agriculture.

The problem of surpluses was foremost at the conference and the question of distribution was discussed. Mr. Newman felt that the conference had been "well worth while and much good would come from it."

He urged the members to give full support to all agricultural organizations and stressed the need for co-operation between various farm groups to assure protection of the interest of the primary producer.

The Federation of Agriculture was the logical channel through which representations could be made to the government.

Fruit Inspectors

There was a good deal of discussion regarding fruit inspection and a resolution presented by K. Eutin was eventually adopted after some modification. The resolution recommended to the committee investigating "uniformity" to consider the substitution of a small group of highly qualified inspectors to replace the present large number of Tree Fruit Inspectors. They would have power to check on package, labelling, and stamping.

Many of the speakers favored rotation of inspectors. The resolution will go forward to the convention from the Rutland local.

The financial statement presented by the retiring secretary-treasurer showed a small balance in hand from the ordinary revenue from B.C.F.G.A. dues.

Two very successful bazaars were held in the district last week. On Friday afternoon the United Church basement was the scene of the first bazaar in the new church, under auspices of the Women's Federation. On the Saturday afternoon the Anglican Ladies Guild of St. Aidan's held a well attended bazaar in the Community Hall.

The Rutland Board of Trade's fire truck fund was augmented by about \$35 as the result of sale of tickets to the show at the local theatre at the weekend. The Board was given fifty percent of the money raised by members in the advance sale of tickets to the picture "My Dear Secretary."

Good progress is being made toward raising the \$50,000 to finance the proposed "Rutland Sawmills Ltd." to take over the Co-operative Society. A joint meeting of Co-op. directors and the committee on Saturday found that about \$43,000 was already in sight.

dem hospital payments and take the matter up with the Union of B.C. Municipalities. Mayor Adams replied that this had already been done.

In conclusion, Mr. Fosbrooke explained the Board of Trade's part in the campaign which culminated in the three Vancouver men making an offer to build a new \$250,000 hotel in this city.

Over 90 Valley Kinsmen Attend Vernon Meeting

Over 90 Kinsmen from Revelstoke, Salmon Arm, Kelowna, Penticton, Kamloops and Vernon clubs gathered in the Vernon Armories on Sunday evening for the Okanagan Valley Kinsmen's annual meeting.

Ian Garven, president of the local Kinsmen, presided over the session in the absence of Deputy District Governor Perry Randuecl, of Trail, who was unable to attend.

The dinner was prepared by the wives of Vernon Kinsmen under the direction of Mrs. Art Maynard, Mrs. D. F. B. Kinloch and Mrs. Ian Garven.

Entertainment was provided by members of each of the clubs attending the annual affair.

man of the Red Cross swimming and water safety committee, revealed that 250 swimmers were enrolled for the swimming classes held during the summer. Of this total, ten were senior swimmers, 80 juniors, 55 intermediates, and 110 beginners. The classes were under the sponsorship of the Rotary Club of Vernon.

Four of the pupils qualified for Royal Life Saving Society bronze medallions and for the first time three Vernon girls passed the Royal Life Saving Corp Award of Merit.

A total of 53 swimmers passed Red Cross swimming and water safety examinations in the fall of the year.

Mrs. deWolff, secretary, noted with regret the resignation of president Clive Reid who moved to Calgary this fall and was replaced by the then vice-president, Mr. Whitmore.

Members of the executive are Mrs. K. Macdonnell, Mrs. T. Humphreys, M. C. Beaven, L. R. H. Nash, T. R. Bulmar, Dr. D. Boyd, Mrs. J. O. Dale, Mrs. J. Johnson, J. B. Woods and Mrs. T. Harper.

A report of the activities of the Junior Red Cross of the Elementary school, by the chairman, Mrs. K. Macdonnell, disclosed that this enterprising group raised a total of \$96.18 through the rummage sale, penny donations, Fall fair and similar affairs. In addition the Junior Red Cross of the High School made \$145.50 for a total of \$541.68.

A report from Mr. Nash, chairman of the executive are:

Mrs. P. R. Finlayson returned to her home in Vernon on Monday morning, after a fortnight spent in Vancouver.

Martin S. Morrell has returned to Vernon from a business trip, when he visited Victoria, Vancouver and Dawson Creek, the latter in the Peace River country.

Visiting her son-in-law and daughter, Mr. and Mrs. Reg Waugh, in Kamloops, is Mrs. Frank Price, who will return to her home in Vernon on Sunday.

Dean Egbert will arrive in Vernon this morning, Thursday, by plane from Vancouver. He will spend Friday and Saturday in this city on business.

Mr. and Mrs. A. C. Scratch, of Banff, Alta., are guests of Mr. and Mrs. L. E. Cantell, of Coldstream. Mr. and Mrs. Scratch are en route to Coast cities and to Portland.

Returning to Vernon on Monday morning after six weeks spent at Blue River working on a government forestry building, were Bob Killo, Albert Coatsworth, Jr., and Steve Priddle.

Mr. and Mrs. Reg Forrest, of Mayo, Yukon Territory, arrived in Vernon on Friday and are guests of Mrs. Forrest's parents, Mr. and Mrs. William Campbell, of this city. Mr. and Mrs. Forrest plan to take up residence in Vernon.

Mrs. L. Baker, of Vancouver, arrived in Vernon on Monday morning, and is the guest of her son-in-law and daughter, Mr. and Mrs. Robert Carswell, Jr., of this city. Mrs. Baker plans to leave for her home either today, Thursday, or Friday.

Jack Strachan, assistant manager of the Vernon branch, Mc and Me Stores for the past three years, left Vernon yesterday, Wednesday, for Kelowna to accept the management of the Mc and Me store in that city. His family will follow in the very near future.

Mrs. A. N. McDougall and children, Alan and Anne, of Vernon, are at the Coast until about the first week in January. They are staying with Mrs. McDougall's mother and sister in Seattle, in between trips to Vancouver, where Alan is receiving medical attention.

Alex Wasel and Max T. Fishler, both of Vancouver, arrived in Vernon on Wednesday of last week. With Hymie Barard, also of Vancouver, the trio are the new owners of the National Hotel. Mr. Fishler, hotel manager, will be joined by his wife and family as soon as housing accommodation can be found. Mr. Barard will arrive in Vernon in January.

Business visitors in Vernon on Wednesday were H. Arkle, freight traffic manager, C.P.R., Winnipeg, and K. M. Fetterly, freight traffic manager, C.P.R., Vancouver.

Miss Betty Harrison, formerly of this city, who has recently completed her nursing training at the McKellar General Hospital, Fort William, Ont., is visiting her sister, Mrs. Lou Ross, of Vernon.

Mr. and Mrs. E. R. M. Yerburch, of Salmon Arm, spent the weekend of November 26 and 27 in Vernon, when they were the guests of Mrs. Yerburch's parents, Most Rev. W. R. Adams and Mrs. Adams.

Mr. and Mrs. Frank Stewart returned to their home in Vernon on Friday from the Coast. They attended the golden wedding of Mrs. Stewart's parents in Ladysmith, Vancouver Island, on November 29.

Ian Carne, Department of Horticulture, Vernon, is attending the Washington State Horticultural meeting in Wenatchee, which opened on Tuesday, and will conclude tomorrow, Friday.

Mrs. Edna Montfort returned to her home in Vernon on Wednesday of last week after a few days in Vancouver. While at the Coast she attended the Baha'i Regional Teaching Conference for Western Canada.

Miss Joan Price, daughter of Mr. and Mrs. Frank Price of this city, arrived in Vernon on November 28, to spend a month's holiday here. Miss Price is nurse-in-training at the Royal Inland Hospital, Kamloops.

Miss Gladys Redgrave, of Coldstream, expects to leave on Saturday for Vancouver, where she plans to spend Christmas and New Year holidays with relatives. Miss Redgrave will be away about two months.

Dr. Thomas S. G. McMurtry returned to Vernon on November 25 from Toronto, where he wrote his Fellowship in Medicine. Dr. McMurtry is associated with Drs. H. J. Alexander and H. Campbell-Brown.

Mr. and Mrs. L. Corner returned to their home in Vernon on Monday morning after three weeks' absence in Montreal, where they visited their son-in-law and daughter, Mr. and Mrs. Eric LeMoine. The latter was formerly Miss "Bee" Corner. Accompanying her parents on their return home after visiting at her sister's in Montreal was Miss Betty Corner.

After an extended visit in Vernon, Dr. F. Barnard and Miss M. Barnard left this city about 10 days ago for Melville and Regina, Sask. While in the city they were guests of Dr. Barnard's brother, J. Barnard. Recent arrivals in Canada from England, Dr. and Miss Barnard plan to return to the Okanagan in the spring and take up residence somewhere in the Valley.

C. Robert Taylor returned to his home in Vernon on Thursday evening of last week, after an absence of over two weeks. Invited to address the Regional Conference, B.C. Division, Community Planning Association of Canada, Mr. Taylor was detained and unable to do so, but he did meet with executive members, discussing town planning in general but with particular reference to Vernon. Officials of the C.P.A.C. will be in Vernon early in the new year to assist in forming a branch in the Okanagan. Mr. Taylor spoke at the University of Washington.

City Told No Action Planned In Clearing Sugar Lake Shores

The B.C. Power Commission plans no action in clearing the foreshore of Sugar Lake, which was flooded a few years ago to provide additional water storage.

The City Council received information to this effect at its meeting Monday night in a letter from S. B. Marshall, secretary of the commission, Victoria. Such work is not a "legal responsibility" of the commission, which does not feel justified in using its accumulated surplus for the North Okanagan for this purpose, so the letter read.

The communication was filed by the Council, with the comment that "there's nothing else to do."

"We tried anyway," one alderman said.

In 1942, as an emergency war measure, additional land bordering on Sugar Lake was flooded by the West Canadian Hydro Electric Corp., which was expropriated by the commission in 1945.

Vernon I.O.O.F. Lodge Visited By B.C. Officer

Members of the Silver Star Encampment, Independent Order of Odd Fellows were honored recently by a visit from W. G. Manning, of Penicton, Grand Patriarch of the Grand Encampment of British Columbia.

Other Grand Officers introduced

W. G. Manning

at the meeting were John Funk, Grand Inside Sentinel; F. A. Miles, District Deputy of District 14; O. C. Reed, District Deputy of District Six; and E. G. Sherwood, P.G.P., P.G.R.

Mr. Manning addressed the gathering with a very encouraging report of the state of the Order in this jurisdiction. He requested the members to support fully the various activities of the Order such as the Bursary Fund, the White Rock children's camp site and the tranquilizing committee.

Other guest speakers were heard followed by a banquet served by the women of the Rebekah Lodge. The next sessions of the Grand Encampment of B.C. will be held in Penicton in June, 1950.

Santa Claus Will Be At Coldstream P.T.A. Kiddies' Yule Party

The Coldstream Parent Teachers' Association is planning to entertain approximately 175 children at its annual Christmas concert on December 19. This number includes pre-school age youngsters, as well as school pupils.

In charge of the program, plays and costumes are the three teachers at Coldstream School, Mrs. L. Paek, Miss Ingrid Hurling and Miss Muriel Albers.

The P.T.A. is providing candy, oranges, Christmas crackers and novelties. A Christmas tree is planned, and Santa Claus will be the guest of honor.

Mrs. H. Prychidko is P.T.A. president. The affair will be held in the Coldstream W.I. Hall at 7 p.m.

Empties Rifle Too Late; Pays \$10 Fine

Albert Beck, of Vernon, was fined \$10 and costs in City Police Court Monday when he pleaded guilty to a charge of carrying a loaded firearm in his car.

Game Warden Ross Parquharson testified that his arrival beside Mr. Beck's car to check his shooting license was the signal for a rapid exit from the opposite door of the car by Mr. Beck.

When he stepped around the car he found the accused in the act of unloading his rifle and arrested him.

The accused testified that he had merely neglected to unload his rifle and that the arrival of the Game Warden jogged his memory.

Coconut milk is not the cool, sweet juice contained in the nut itself, says the National Geographic Society. Real coconut milk is that which is pressed out from the ground or grated meat of the ripe nut after it has been steeped a short time in warm water.

Council Trustees Of South Africa War Souvenir

The City Council on Monday night became trustees of a souvenir of the South African War which is badly wanted by the British Museum to complete its collections of mementoes of that conflict of a half-century ago.

Robert Carswell, Sr., longtime Vernon resident, presented the Council with a lacquered tin box full of unbroken sticks of chocolate, a present from Queen Victoria to the Imperial troops in South Africa on New Year's, 1900.

Mr. Carswell acquired the box in the Old Country while serving with the Canadian forces in World War I. It was given him by an English friend, who earlier had declined to sell the box to the British Museum. So far as Mr. Carswell knows that was the only unbroken box in the whole of England, hence its value.

The Council accepted the gift with no strings attached. Mayor Adams said it would be held in safekeeping, with its eventual disposal undecided.

Noting that Vernon must eventually have a new City Hall, Mr. Carswell said he hoped that when that time came adequate provision would be made for a museum. The Okanagan abounds with souvenirs of historic significance, but with each passing year they become fewer. For instance, the original wagon in this Valley lies neglected near Kelowna.

Mr. Carswell, smiling broadly, departed with this sally: "I felt it my duty to bring that box here—not because of any particular liking for you fellows."

Service Groups Commended For Work on Parks

Appreciation to Vernon service clubs, "who do a marvellous service for you," was voiced by Alderman George Melvin, chairman of the civic parks and cemetery committees, when he made his report to the annual civic meeting on Monday night.

He outlined work on the city parks and said that construction of a cinder track around the Polson Park oval would give Vernon one of the finest tracks in the Interior. Regarding the cemetery, Alderman Melvin said the city had acquired "additional acreage to give sufficient burial facilities for the next 25 years."

The report on parks and cemetery work during 1949, prepared by City Engineer F. G. deWolf, touched on major activities of this department during the year.

Two developments at the city beach at Kalamalka Lake were noted. One is the rebuilding of the Rotary Pier at a cost of \$1,975.

Car parking facilities in the area of the public beach are still inadequate. These will not be improved until either the main road is widened, or additional land acquired, the report states.

(Continued from Page One)

chase" agreement with a Vancouver engineering firm. Total cost of the diesel-powered roller will be \$6,500, plus provincial tax, and the cost will be spread over three years. Interest rate will be 6 percent on the unpaid balance.

The Council unanimously reaffirmed its policy of the past three years in refusing an application for water service to two homes to be built just outside the municipal boundaries. Galbraith and Smith, on behalf of Mrs. C. Ains, wrote asking the Council to approve a water connection for three houses to be constructed. One house, to be occupied by Mrs. Ains, would be within the city and the other two just outside. Alderman E. H. Cousins said that the city service to the property line would be very short but that the owners would have to pay for about 500 feet from there to the house.

Alderman Harwood said that the Council should check on existing connections to homes outside the boundaries to ensure that water is used only for domestic purposes and not for gardens. This was the condition on which supplies were originally furnished.

"We must be firm," Mayor Adams commented.

A master contract for street lighting will be signed, upon recommendation of Alderman Harwood. Additional lights will be covered merely by writing a formal letter to the commission, he said. A question to be settled is whether ornamental standards should be used instead of ordinary wood poles.

City Finances "Sound" as Howie Makes Final Report

"The city is financially sound," said Alderman David Howie, when he presented his 16th and final report to the citizens of Vernon at the annual civic meeting on Monday night in the Legion Hall. Although complete figures were not available, Alderman Howie gave the financial picture for the first 11 months of the year.

As well as current tax collections being \$264,048.78, or \$5,369.25 ahead of estimated collections at November 30, eight separate sources of civic revenue show increases over estimates. The city's share of the sales tax is some \$9346 ahead of expectations, the finance committee's report disclosed.

Total collections from all sources up to November 30, were \$459,661.11. The three percent sales tax, estimated at \$60,000 at the beginning of 1949, will approximate \$69,346.10 for the current 12-month period. The second payment of \$30,471.67 is due this month. The government grant for motor vehicles is \$13,745.12.

Trade licenses collected for 11 months of this year total \$16,526.35, some \$126 ahead of estimates.

The sale of cemetery plots shows a startling upward trend, \$2,420 being collected when only \$1,500 was budgeted for.

Police fines and costs, estimated at \$5,000, to date stand at \$7,119.25. Public utilities include \$58,398.24 from water rates, and \$7,090.54 from the B.C. Power Commission.

Rents are \$1,328, some \$128 ahead of estimates. Received from the Central Mortgage and Housing Corporation in lieu of taxes on the 100 homes in Silver Star homesite is \$8,346.20.

Other sources of revenue include dog licenses, \$1,795.50. Road tax, \$1,734.20. Building permits, \$1,428.09. Sewer rates, \$142.

New Enderby Liquor Store Now Open

ENDERBY, Dec. 6.—For the first time, Enderby has a liquor store. The new building, which is situated on Belvedere Street, was officially opened for business on Thursday of last week. Modern in style, both interior and exterior, the store is under the management of T. G. Steele, liquor vendor. He is assisted by A. R. Burton.

Mr. Steele served in the same capacity for several years in a northern city.

Mrs. A. McAllister returned to her home in Enderby this week after spending some time in the southern part of the Valley, assisting in the packing house.

Mr. and Mrs. A. Evenson, who have been making their home in Vernon during the past few years, recently returned to Enderby.

B.C. Candidates Successful in Accountant Tests

Results in final, intermediate and primary examinations of the Canadian and British Institutes of Chartered Accountants were announced at the weekend.

Included among the successful candidates were the following Okanagan men:

Final examinations for C.A. degree of the Dominion Institute: passed, John Quick, Vernon; J. C. Ryan, Kelowna. Granted supplementals: N. McGie, Penticton; Peter Underhill.

Intermediate examinations, Dominion Institute: passed, L. S. Ansley, Kelowna; G. D. Leverage, Creston; W. D. McCubbin, Vernon.

Primary examinations, B.C. Institute: passed, M. A. Allan, Penticton; L. E. Chambers, Penticton. Granted supplementals, M. E. Davis, Penticton.

B.C. candidates ranked high, an average of 60 percent passing the

finals as compared with the Dominion-wide average of 31 percent. In the intermediate, 71 percent of B.C. candidates were successful. The Dominion average was 53 percent.

VERNON BOARD OF TRADE

Murder Hearing

(Continued from Page One)

nearly two days. Sergeant Backler stated yesterday that final arrangements had not been completed, but he believed the hearing for both murders would be conducted jointly.

Police will call upon 22 witnesses for evidence during the two-day hearing. Magistrate Frank Smith expressed a willingness to sit in the evening if necessary to complete the hearing in two days.

Crown counsel will be Mr. Crowe and counsel for the defence will be Gordon Lindsay.

Sgt. Backler and Detective Constable J. W. Todd, of Kamloops, brought Oullette here from Vancouver on Friday.

Oullette was described as "quiet and docile" when he was turned over to Sgt. Backler and Constable Todd in Vancouver. Police Matron, Mrs. J. Lake, of Kamloops, travelled with the police to bring back the accused's companion, Mary Tomma.

Sgt. Backler disclosed that he and Detective Todd spent a day investigating in Vancouver and he indicated that significant evidence had been gathered.

The police search followed investigations at the scene of the double murder.

Through evidence volunteered to the police the progress of Oullette from the vicinity of the crime was revealed, and the subsequent alerting of all B.C. police resulted in his capture.

Police were first made aware of the murder through a report by Mayor T. R. B. Adams that a truck owned by the two Chinese had been blocking a Vernon street for several days and had been untended. Police investigation led to the discovery of the Chinese, dead in their shack.

Santa Needs Help From Weatherman to Arrive in Vernon

The weather will have much to do with the method by which Santa Claus will arrive in Vernon at 3 p.m. on Saturday, December 17.

The patron saint of Christmas will be the guest of the Junior Chamber of Commerce that day. He will enter Vernon via the Armstrong road, arriving at the top end of Barnard Avenue. He will proceed through the business section returning to 30th Street, north of Barnard, outside the post office. This area will be roped off. Here Santa will meet local and district boys and girls, and give away tea cream cones and candy.

Winner of the King and Queen of Toyland contest, sponsored by the Jaycees, will have the honor of riding with Santa Claus on his triumphant entry into Vernon.

Today, Thursday, the Jaycees will commence lighting Christmas trees to lamp standards. These will be trimmed with colored lights, and will blaze nightly.

At a meeting of the Vernon Retail Merchants' Association on Tuesday morning, the organization pledged full support to the Jaycees in their Christmas decorations and children's party.

"More beautiful than ever"

The BIG, NEW

1950 Monarch

NOW ON DISPLAY!

Fender skirts, chrome wheel trim rings and whitewall tires optional at extra cost.

"Sheer beauty" is as close as words can come to describing it. But only your own eyes can tell you the whole story of this superb new 1950 Monarch... more beautiful than ever!

You'll see an impressive re-styling of grille and parking lamps... lovely new colours and rich upholstery... completely new instrument panel... luxurious new interior trim and appointments... You'll find new push-button door handles... new positive-action rotary locks... new

personalized Select-O-Matic front seat springing... foam rubber seat cushions. Drive it and you'll discover new restful comfort from the new sound-proofed interiors, with dash and roof fiberglass-insulated against heat and noise... the thrill of 110 horsepower, softly purring out front... the quietest ride you've ever known.

Anyway you look at it, you'll be prouder than ever to ride like a king in a 1950 Monarch... "more beautiful than ever".

250 Attend Winfield Turkey Bingo

WINFIELD, Dec. 6.—Over 250 people attended the Winfield turkey bingo held in Memorial Hall on Friday evening. Proceeds of over \$400 will go to the fund for completing the Memorial Hall building.

Among the prizes awarded were: 10 turkeys, 15 hams, and several boxes of chocolates. Bert Ramsay "brought home the bacon" in the form of a door prize which was a 100 pound pig, either alive or dressed as preferred.

The evening was classed as a great success, socially and financially.

Frankie Hitchman suffered a bad accident last week while working. In climbing into his truck, he slipped and cut his face on an axe. He was taken to the Kelowna Hospital where several stitches were necessary to treat the wound.

The December meeting of the United Church Women's Federation will be held at 8 p.m. on Monday at the home of Mrs. A. Teel.

Sixteen members attended the Winfield Farmer's Institute meeting held in the Memorial Hall on Tuesday of last week.

Leslie Pow returned to his home in Winfield on Saturday from the Kelowna Hospital where he underwent an operation.

Mrs. Miles McDonagh has been a patient in the Vernon Jubilee Hospital for the past two weeks. The Winfield "Teen Town" members are planning another dance to be held in the Memorial Hall tomorrow night, Friday.

LETTERS

Criticizes Hockey Story
Sports Editor, The Vernon News: Sir:

The Vernon News of December 1 carried a personalized hockey story which was, to say the least, amateurish in style and petty in content. I understand, from experience gained on a city daily, that write-ups other than feature articles, should be handled impersonally, unless, of course, they are carried under a by-line.

Feature writers may be justified in making certain criticisms of play in sports as they are considered authorities on the subject. Your writer obviously is not. Certain errors, particularly in the third period of play, apparently obscured his perspective with regard to the game as a whole.

Facetious remarks, for example, "with the Canadians running hot and cold in turn, like a Y.M.C.A. shower . . ." are in poor taste. This poorly-chosen simile could also be interpreted as implying some contempt for a respected Christian organization. Derogatory comments, i.e., re Bowler, and slighting insinuations, i.e., re Harney, are ill-advised. Mr. Bowler may not have played as well as usual, but could the writer not find a more suitable word than "terrible"? Your writer overrated himself as an authority when he presumed to criticize a coach with the recognized ability of Mr. Harney. The Vernon Canadians met with setbacks last season, yet came through under Mr. Harney's guidance to win the Valley championship.

I believe newspaper accounts should present as unbiased an account of proceedings as possible without bringing in the writer's opinion. The local press should, I feel, attempt to stimulate interest in sports through a fair presentation. Criticism, if any, should be constructive. Your writer neglected to mention that the Canadians met with adverse conditions of travel on their Kerrisdale-Nanaimo trip, which may have had a bearing on their apparent fatigue during the third period Tuesday night.

If you consider your sport writer's opinions worthy of publication, why not grant him a by-line that he may be recognized as a competent critic? Perhaps this particular writeup was merely an indication that reporters, too, have their "off" nights.

Yours sincerely,
MAVIS R. HUSTON.
Vernon, B.C.,

Vernon-Kamloops

(Continued from Page One)

very two of these proposals this year. The other project already has been surveyed and is up for final consideration this week, Mr. Fosbrooke revealed.

High on the list of Board projects has been pressure for a new Post Office to be built in this city and Mr. Fosbrooke reported that the Dominion Government has this new building in the top priority bracket.

Enlargement and improvement of railway station facilities is being sought to take care of the heavy increase in express traffic and to give better care to passengers purchasing tickets, particularly those for an extended trip.

"Larger Membership, More Interest" In connection with membership, one of the highlights of Mr. Fosbrooke's report was an appeal for a larger membership and a greater interest in Board of Trade matters.

The retiring president reviewed the "most unfortunate" fact that interest of the business people in Board of Trade work has declined so noticeably since the troubled economic conditions of the '30's.

In those days, Mr. Fosbrooke said, attendance at general meetings was two to three times what it is now, "in spite of the heavy increase in our population."

Realizing some people wonder what the Board is doing to justify its existence, Mr. Fosbrooke pointed out that although "results may not be spectacular or immediate, nevertheless much of value is accomplished."

"It would be difficult, too, to assess the value of a non-political organization which can always obtain a sympathetic hearing in government circles."

Mr. Fosbrooke reiterated the assurance given him that Western Canada Grayhound Lines would start work on its new bus terminal in Vernon early in the new year.

As many of the member Boards in the Okanagan and Mainline District Boards of Trade and in the Southern Interior Associated Boards of Trade were not in favor, the proposed amalgamation of the two groups was dropped.

The retiring president reviewed the Board's participation in establishment of a Valley airlines service, financial assistance to the Lumby Board for the Monashee Highway project, enlargement of railway express delivery service in the city, the work of C. J. McDowell, vice-president, in the freight rates case, efforts to have the B.C. F.G.A. convention here, and the formation of an enlarged industrial committee.

"Because of changing economic conditions," Mr. Fosbrooke recommended the new Council review the Board's dues and classification policy. A suggestion is made that if the dues could be reduced or classifications eased, with a resulting increase in membership, such a change might be most beneficial.

Financial difficulties are described by Mr. Fosbrooke as "considerable" for our grant from the city was reduced considerably this year. Mr. Fosbrooke submits much of the Board's work cases the task of the City Council and he concluded his report by urging closer co-operation between the City Council and the Board.

JAP Oranges

Sweet and juicy. Easy to peel. The whole family will enjoy these luscious oranges. Order now while available. Price, per box \$1.39

CHRISTMAS CANDY

Never in the history of our store have we had such a large assortment of Christmas Candy—St. Nix Mix, French Creams, Orange Slices, Golden Assorted, Big Ten Toffee, Frosty Assorted, Kriss Kringle, Feather Mints, Rum and Butter Toffee, Tropical Fruits, Mixed Salts, Orchard Fruits, Smooth Almonds, Opera Jellies, Assorted Caramels, Bon Bons, Bridge Jellies, Peanut Brittle, Coco Rolls, and many other varieties. Fouls and More Fouls As Aces Lose to Vets

Whistle, foul! Whistle, foul! Whistle, foul! This was the theme ringing in the ears of the "bad boy" Vernon Aces basketball team when it returned from Pentticon on Saturday night, once again victorious 26-14 in the personal foul column, but trounced 51-32 in the department that counts.

Sports Calendar

HOCKEY
Tonight, Thursday—Okanagan League, Kamloops at Kelowna.
Friday—Okanagan League, Kelowna at Kerrisdale.

BASKETBALL
Tonight, Thursday—City League, Knights vs Pats; High School vs Comets.
Wednesday—Interior League, Kelowna at Vernon.

BOXING
Monday—Recreational Centre, seven bouts, Scout Hall, 9 p.m.

Year-Old Girl Wins Turkey
FALKLAND, Dec. 6.—An 11-year-old Falkland girl, Ruby Churchill, won the first turkey at the annual island rod and gun club turkey shoot held on Sunday afternoon. The young sharpshooter was competing with 14 other riflemen. Her feat could not be called "lucky" as she has won prizes at other shoot-in this area. Top prize for shotgun marksmanship at a moving target went to Mr. Smith, who carried off three turkeys.

Five fouls sent Ken McGregor, Sarge and Rolfe Sammartino to the showers late in the third quarter and left Bill Koshman, Al Munk, Bud Boychuk, Terry Dunfield and Morgan McCuskey to finish out the battle. And what a job they did. Not only did they outscore the Vets 7-5 in the third quarter, but they passed the sphere around in such a dazzling fashion that the (Continued on Page 10)

Large Entry Expected for Vernon's Holiday Bonspiel

Entries are expected from all clubs in British Columbia for Vernon's Curling Bonspiel scheduled to be held in Vernon Curling and Athletic Rink on December 26, 27 and 28. Invitations were sent out this week and the number of entries will not be known for a while.

Four competitions will keep the five ice sheets in continual activity throughout the three-day show.

Top prize of the classic will be \$300 awarded to the rink winning the Gold Trail. Second prize is \$100. Rinks losing the first round in the Gold Trail competition will contest in the Silver Trail which offers a prize of \$100 and four silver plates as second award.

Competitors in the final two competitions, President's and Vice-president's, will be selected through a qualifying round. Winners will vie for honors in the president's play, while the losers will battle it out in the Vice-president's competitions.

Prizes: President's, first, four electric kettles; second, four electric clocks; Vice-president's, first, four blankets; second, four woollen travelling rugs.

December 20 is the deadline for entries. They should be mailed to Lionel Valair, Box 669, Vernon, before that date. Late entries should be phoned, collect, to 529, Vernon.

Saves Vernon in Overtime
Glen Bowler, Canuck goalkeeper, matched Al LaFave stop for stop on Tuesday night and was a stand-out of the game along with Al. Bowler saved the game for the Canucks in the overtime session when he blocked three successive hot drives by Hanson, Gourelle and Hoskins and turned aside a fourth effort by stopping Hoskin's flip shot.

Six Games In Eight Days Tough Schedule for Locals

The Kamloops Elks moved into third spot in the Mainline-Okanagan Hockey League when they pulled away from the Vernon Canadians in the second and third periods to win 7-4 at the Kamloops Memorial Arena on Saturday night.

The game was played at a fast pace throughout although the short-handed Canucks showed the effect of playing six games in eight days in the second and third periods after dominating play in the opener.

The Canucks packed all of their scoring into the first period to lead 4-2, but saw the Elks take over in the second to lead 5-4 and add a couple more in the final period for their decisive win.

Len Wallington paced the Vernon attack in the first period as he racked up a pair of markers. He was really flying and played a fighting, crowd-pleasing game despite receiving a physical beating from the Kamloops defence.

Newcomer Bert Elliott and steady Len Sullivan were the other Vernon marksmen.

With Mills, Witluk and Forsy bursting the dikes, the Elks began to flood in on the Canucks in the second period. Steve Witluk, built close to the ice and like a steamroller in his effect on opposing forwards, helped to slow down the already tired Canucks.

Successful goals by Don Campbell and Bill Hryciuk early in the second period tied up the contest, and from that point on the Elks' superior physical reserve began to tell.

The Vernon defence played a hard checking game with Stecyk and McKay doing most of the attacking. Stan Girdale, who has appeared once or twice for the Canucks in previous games, played a handy game but lacks the experience of veteran Nelson, out with a knee injury.

With the acquisition of Don Clark to augment an already solid defence of Kirk, Terry, McDougall

and Johnston the Elks have a combination of brawn and brain that is on a par with the Vernon rear-guard brigade.

Summary:
First Period—1, Kamloops, Mills (Campbell), 30 seconds; 2, Vernon, Wallington, 2:05; 3, Vernon, Sullivan, 10:21; 4, Kamloops, Forsy (Thomson), 12:18; 5, Elliott (London), 12:41; 6, Wallington (Stecyk), 14:55. Penalties: Stecyk, Ursaki.
Second Period—7, Kamloops, Campbell (Mills), 1:09; 8, Kamloops, B. Hryciuk (Forsy), 5:06; 9, Kamloops, Witluk (Terry), 8:23. Penalties: Terry, McKay, Kirk, Davidson, Campbell.
Third Period—10, Kamloops, Thomson (Forsy, B. Hryciuk), 5:17; 11, Kamloops, Forsy, 11:58. No penalties.

Lineup of Teams:
Vernon—Bowler, Stecyk, McKay, Grant, Girdale, London, Jakes, Davidson, Sullivan, Keryluke, Elliott, Belts, Petrie, Wallington, Mills.
Kamloops—Malahoff, Terry, Kirk, McDougall, Thomson, Johnston, McIntyre, Ursaki, Love, B. Hryciuk, J. Hryciuk, Mills, Campbell, Witluk, Clark.

Seven Bouts in Saturday Night Boxing Feature

Boxing replaces basketball in the Scout Hall this Saturday night and officials of the Vernon Recreational Centre have lined up an outstanding card that features some of the Okanagan's top notch fighters supported by up and coming young prospects.

Saturday night's show will be an all Kelowna-Vernon affair. Two first rate main bouts will follow five preliminary contests which should make it a very exciting evening.

Trading punches in the main events will be Vernon's Ralph Shore and Andy Arnold, of Kelowna. A local welterweight Jack Gould and an unnamed Orchard City boy will clash in the second main feature.

Other Kelowna fighters have not been named but "Angie" Clancy, recreational supervisor in that city, promises he will bring to Vernon the best he can secure in the Okanagan boxing circles.

The initial bout of the evening will commence at 9 p.m. Tickets may be obtained from Ralph Shore or any member of the Vernon Recreational Centre.

Canucks Fight to 5-5 Tie With Top Place Packers

FISHING REPORTS

Okanagan Lake—Best fishing in district. Catches of 12, 11, nine and three-pound fish hooked by Ken Robb and John Hunter. Game guide herring scale green plug bait. A 14½ pounder taken by K. W. Kinnard and other good catches are reported.

Mabel Lake—Fair, few good catches reported over weekend. Mercury minnow most popular bait.

Woods Lake—Good catches over the weekend.

Sugar Lake—Still producing six and seven pound fish, using egg wobblers and golf tee spoons.

Kalamalka Lake—Fair.

Vernon Game Club to Meet On Monday

The annual meeting and election of officers for the Vernon and District Fish, Game and Forest Protective Association is scheduled to be held in the Burns Hall at 8 p.m. Monday.

The agenda will include reports from the various committees, the president and secretary.

Besides the election of officers, there will be entertainment in the form of films. A discussion will be held on the proposed fish derby, Christmas turkey shoot and a few plans to boost the membership of the club.

One of the most important matters for discussion will be the possible means of fostering a Junior Game Club for the young sportsmen of the district. All members are urged to attend.

Japanese Win Over Kamloops

It was an all Japanese-Canadian night of basketball at the Scout Hall Saturday night, as Vernon seniors men plus junior girls and boys made a clean sweep of the evening's games over Kamloops.

The boys' junior contest was the tightest of the evening, with the locals eking out an 11-10 victory chiefly on the basis of a six-point effort by E. Anzal.

Productive of the smoothest play-making and a really crowd-pleasing brand of play was the senior game won by the Vernon Comets 37-29 over a Kamloops senior team.

John Yamaba was Vernon's top scorer with 12 points.

In the other contest of the evening the Vernon junior girls far outplayed a little-practiced team from Kamloops to win 25-2.

The Vernon girls played heads up ball with K. Takahashi tallying six points, W. Ohba, five points and the Natsuhara sisters with four points each.

E. Anzal with six and R. Murakami with three led the Vernon junior boys to their close win.

Minor Hockey Games, Practices This Week

The following hours have been allotted the Vernon Minor Hockey Association for practices and games this week:

Tonight, Thursday—
Pee Wee—
5:30 p.m.—Tigers vs Panthers.
5:30-6 p.m.—Cubs vs Wolves.
Bantam—
6:10-6:50 p.m.—Canucks vs Royals.
6:50-7:30 p.m.—Ironmen vs Stampede.

Midget—
7:40-8:40 p.m.—Black Hawks vs Red Wings.
Juvenile—
8:50-9:50 p.m.—Elks vs Lions.
Junior—
10-11 p.m.—Practice.
Saturday—
Pee Wee—
7-8 a.m.—Tigers and Panthers.
8-9 a.m.—Cubs and Wolves.
9:10-9:50 a.m.—Beavers and Bears (league).

Bantam—
10-11 a.m.—Canucks and Royals.
11-12 a.m.—Ironmen and Stampede.
12:10-12:50 a.m.—Mustangs vs Bombers (league).

Sunday—
Midget—
7-8 a.m.—Black Hawks and Red Wings.
8-9 a.m.—Red Wings and Maple Leafs.
Juvenile—
9:15-11:30 p.m.—Elks and Lions.
Junior—
6-8 p.m.—Practice.

The first form of boxing was done in ancient times in the Greek games.

Agile Al Red Hot
Al LaFave, Kelowna Packer custodian, once more proved that he is top contender for net-minding honors in Okanagan Mainline hockey. His brilliant performance in the Vernon Arena on Tuesday night did most to hold the win-hungry Canadians to a 5-5 tie after overtime.

Hockey Oldtimer Decries Lack Of Stick-Handlers

"There are no stickhandlers in today's hockey," remarked Joe Cary, prominent figure in Vernon sporting circles in the early 1900's and a member of the local hockey team in 1909.

Mr. Cary, who recently attended a couple of Okanagan Mainline Senior Hockey League games, says that although he is crowding the ripe old age of 64, he could still mix it with today's puck youth—"After a little practice, of course."

"But in all seriousness," commented the oldtimer, "nowadays, there are no outstanding stickhandlers." "Hockey is fast today and is very exciting, but has fewer sensational individuals."

And after both teams slipped their third lines into the attack, Mr. Cary, now a resident of California, expanded his chest a little further, stating: "You would never have seen that in our day. We were 60 minute men and when somebody was K.O'd, the game was held up until he was revived and able to carry on."

Vernon Basketball Teams Hand Enderby Year's First Losses

ENDERBY, Dec. 6.—The Enderby junior and senior girls basketball teams were defeated for the first time this season by a strong Vernon representation in a double-header played in Enderby on Saturday afternoon.

Northern Valley champions last season, the loss for the juniors was the first in nearly two years.

The Vernon senior lasses showed too much finish around the basket and outscored Enderby 22-16. The local juniors had a very bad game and were severely trounced 21-8 by the Vernionites.

Members of the Enderby teams were: Seniors—Lucy Glusenko, Margaret Blackburn, Jean Crown, Cleo Malpass, Irene Lopaschuk, Joan Lofting, Marion Pasenko and Marie Smith. Juniors—Charlotte Butler, Ester Nelson, Shirley Clark, Freda White, Margo Jones, Clara Daem, Jayce Larsen, Lorraine Almas and Yvonne Olson.

Imprisonment for debt was ended in England by the Debtors Act, 1868.

Laurel Harney's fighting Vernon Canadians bounced back into the hearts of local hockey fans on Tuesday night in the Vernon Civic Arena when they battled the league leading Kelowna Packers to a thrilling 5-5 overtime draw before over 1,400 roaring spectators.

The Canucks may have been wearing the same sweaters, playing on the same ice sheet and before the same customers, but they weren't the same team. Not by a long way.

They were the scrappy, back-checking and ever-digging Canucks who delighted Vernon puck supporters earlier this season.

From the first drop of the puck, the Canucks started like a new team. They outbattled and outshot the Packers in every session and only the brilliant netminding of agile Al LaFave kept the Stewart men in the game.

But nothing could be taken away from the league leading Packers. They also played it hard, rough and earned the draw.

Saves the Day
Ex-Winnipegger Jim Middleton saved the day for the Packers at the 11:38 minute of the finale. Taking a relay from Semenchuk, who had accepted the puck from Ken Stewart, big Middleton gave Bowler no chance from close in to send the game into overtime.

The Packers carried the majority of the play in the overtime and gave Glenn Bowler a sizzling time. Hanson, Hoskins and Gourelle all (Continued on Page 13)

Members of the Enderby teams were: Seniors—Lucy Glusenko, Margaret Blackburn, Jean Crown, Cleo Malpass, Irene Lopaschuk, Joan Lofting, Marion Pasenko and Marie Smith. Juniors—Charlotte Butler, Ester Nelson, Shirley Clark, Freda White, Margo Jones, Clara Daem, Jayce Larsen, Lorraine Almas and Yvonne Olson.

Imprisonment for debt was ended in England by the Debtors Act, 1868.

Japanese Win Over Kamloops

It was an all Japanese-Canadian night of basketball at the Scout Hall Saturday night, as Vernon seniors men plus junior girls and boys made a clean sweep of the evening's games over Kamloops.

The boys' junior contest was the tightest of the evening, with the locals eking out an 11-10 victory chiefly on the basis of a six-point effort by E. Anzal.

Productive of the smoothest play-making and a really crowd-pleasing brand of play was the senior game won by the Vernon Comets 37-29 over a Kamloops senior team.

John Yamaba was Vernon's top scorer with 12 points.

In the other contest of the evening the Vernon junior girls far outplayed a little-practiced team from Kamloops to win 25-2.

The Vernon girls played heads up ball with K. Takahashi tallying six points, W. Ohba, five points and the Natsuhara sisters with four points each.

E. Anzal with six and R. Murakami with three led the Vernon junior boys to their close win.

Vernon Basketball Teams Hand Enderby Year's First Losses

ENDERBY, Dec. 6.—The Enderby junior and senior girls basketball teams were defeated for the first time this season by a strong Vernon representation in a double-header played in Enderby on Saturday afternoon.

Northern Valley champions last season, the loss for the juniors was the first in nearly two years.

The Vernon senior lasses showed too much finish around the basket and outscored Enderby 22-16. The local juniors had a very bad game and were severely trounced 21-8 by the Vernionites.

Members of the Enderby teams were: Seniors—Lucy Glusenko, Margaret Blackburn, Jean Crown, Cleo Malpass, Irene Lopaschuk, Joan Lofting, Marion Pasenko and Marie Smith. Juniors—Charlotte Butler, Ester Nelson, Shirley Clark, Freda White, Margo Jones, Clara Daem, Jayce Larsen, Lorraine Almas and Yvonne Olson.

Imprisonment for debt was ended in England by the Debtors Act, 1868.

Seven Bouts in Saturday Night Boxing Feature

Boxing replaces basketball in the Scout Hall this Saturday night and officials of the Vernon Recreational Centre have lined up an outstanding card that features some of the Okanagan's top notch fighters supported by up and coming young prospects.

Saturday night's show will be an all Kelowna-Vernon affair. Two first rate main bouts will follow five preliminary contests which should make it a very exciting evening.

Trading punches in the main events will be Vernon's Ralph Shore and Andy Arnold, of Kelowna. A local welterweight Jack Gould and an unnamed Orchard City boy will clash in the second main feature.

Other Kelowna fighters have not been named but "Angie" Clancy, recreational supervisor in that city, promises he will bring to Vernon the best he can secure in the Okanagan boxing circles.

The initial bout of the evening will commence at 9 p.m. Tickets may be obtained from Ralph Shore or any member of the Vernon Recreational Centre.

Nip and Tuck Battle Promised Tonight in City Men's Basketball

With first place in the city men's basketball league at stake, the undefeated Pats and the surging Knights are scheduled to tangle at 8:15 o'clock tonight, Thursday, in the Scout Hall in what should be a nip and tuck battle all the way.

Both teams have disposed of the High School students and Japanese quintettes in comparatively easy fashion. The Pats are undefeated by virtue of a three point overtime victory over Knights in their last meeting.

The Knights must win tonight's encounter to stay in the race for top spot. A victory would mean a tie, but a defeat would leave them two full games out of the running with little hope of catching up.

In the second game of the twin-bill, the students will be again trying for their initial triumph. Opposing them will be the speedy Vernon Comets who are in third place with one victory and two defeats.

Vernon Boys Win Basketball

ENDERBY, Dec. 6.—The Vernon High School senior boys basketball team trounced Enderby boys 35-17 in an exhibition game played in Enderby on Saturday afternoon.

Loudon Pots Four as Canucks Whip Packers

—Snap Kelowna Win Streak at Eight Games

Kelowna Packers' unbeaten Mainline-Okanagan puck loop string was snapped at eight straight when a better working Vernon Canadians' squad handed them an 8-5 defeat before a capacity house of 2,300 fans in Memorial Arena on Thursday night of last week.

Biting off the biggest chunk in stopping the league's longest win streak to date was Johnny "on-the-skein" Loudon, who beat Packer goater Al Laface four times, three of the tallies coming in the second period, when the Canucks really stepped out and grabbed a 6-2 lead to take with them into the final session.

Despite going under for the first time since November 3, Packers held on to their league lead on a percentage basis.

Brilliant net work by Canadians' Glen Bowler plus ineffective Kelowna play when the Canucks forced the action into the Packers' zone both contributed to Vernon holding on to a well-deserved win.

Action at both ends was evenly spread, with both teams giving the crowd plenty of scare-thrills with goal-hungry thrusts. The shots on goal record show Bowler had 24 shots to handle; Laface 23.

Kelowna touched off the scoring early in the first but the lead lasted less than half a minute as Art Davison fired home the tying goal. From then on the homesters watched the Canucks' pull farther out in front, looking up to a four-goal disadvantage much of the time.

Loudon was the only player on either side to tally more than once. But eight other pucksters—Don Jukes, Len Sullivan, Art Davison, Len Wallington and Tom Stecyk—all of Vernon—and Frank

Fouls, More Fouls

(Continued from Page 9)

Not quite as flashy as Raitte, but just as effective, Vernon's lanky Morgan McCluskey was not far behind in the spotlight. Mord turned in his best game of the season while tallying 10 points.

The quintette which made the last stand for Vernon fought hard to the final whistle, but were unable to overcome the big margin. Penticton gained early in the contest. They were outscored 15-10 in the finale.

Many of the Penticton fans were displeased at the rough play of the Aces and voiced their grievances on more than one occasion.

The Aces fouled, or it could be said had 26 fouls against them and the Penticton supporters called them "bad boys." Wonder what they called the Kelowna Golden Bears when they played Penticton? They had 34 fouls called against them.

Lineups

Vernon Aces—R. Sammartino, Munk 4, McCluskey 10, Koshman 7, Boychuck 1, Dunfield 6, S. Sammartino 2, McGregor 2. Total—32.

Penticton Vets—Raitte 14, McGannon 5, Kelly 8, Eshetman 6, Russell 7, Ashley, Kincaide 4, Al-lyson, Moyle 5, Drossos 2. Total—51.

English ice hockey originated under the name of "bandy" in the fen country around a hundred years ago, and is played with a ball and short sticks.

Armstrong Curling Club Names Officers

ARMSTRONG, Dec. 6.—Gordon Gray was elected president and Raymond Baytenholmer vice-president of the Armstrong Curling Club at the general meeting held in the Armstrong Legion rooms on Wednesday of last week.

Other officers elected for this season were: Steele Fisher, secretary-treasurer; Harvey Brown, Joseph Mullen, ice committee; Audley Fife, membership; Ray Smalo, draws.

The membership fees were set at the same figure as last year, regular members, \$7.50; beginners, \$5; women, \$2; students, \$1.

The meeting decided that the plan of taking part in the Vernon draws would be again adopted this year.

The Hundred Years War, between England and France in 1338-1453 was started when Edward III of England tried to enforce his claims to the French throne.

Cleaners Polish Off Hornets In Girls Basketball

Spearheaded by Stella Elkey and Dot Harvey, who tallied seven and six points respectively, the fast improving Roberts' Cleaners skipped over Rolie Sammartino's much shorter and less experienced Vernon Japanese Hornets 15-12 in an exhibition senior girls basketball game played in the Scout Hall on Thursday night of last week.

Carrying most of the sting for the Hornets was C. Fukuyama who counted nine points of her team's total.

The Cleaners, coached by Phil Stannard, used their height to the best advantage in scooping up rebounds under both baskets. The scrappy Hornets, lacking any height at all, had to depend mostly on speed and passing. They flipped the ball around in a smart fashion, but no one seemed to be able to find the hoop, except Fukuyama.

Stannard's crew bounced into a 6-4 lead in the opening quarter, gave way to a determined Hornet rally in the second and fourth quarters, but managed to end three quarters of exciting play on even terms, 11-11.

The final stanza proved the Hornets' downfall. Dot Harvey and Stella Elkey solved the Japanese defence for a basket each while Fukuyama managed to count to a free throw for the losers.

Lineups Japanese Hornets—N. Natsuhara 2, L. Natsuhara, N. Ohana, T. Tanaka, Y. Chihui, M. Kagetsu 1, K. Takahashi, S. Sakurai, C. Fukuyama 9.—Total 12.

Roberts' Cleaners—S. Elkey 7, M. Holmes, T. Poggemiller, T. Skelly, A. Eminey, J. Reynolds 2, D. Harvey 6.—Total 15.

Lawn Bowling In December!

Proof that the Okanagan still possesses the best climate in the northwest was evident this week. At Okanagan Landing there were two lawn bowling rinks still going strong on Monday, December 5 that is.

Phil Welch and Jack Trehitt, of the Landing, have built two lawn bowling rinks on their property and are issuing invitations to all lawn bowlers to visit their rinks. Especially welcome are persons living at the Landing.

All necessary equipment will be supplied.

These two veterans of the famous Drake game are keenly interested in teaching teen-agers the sport. Anyone is welcome to contact Phil Welch at Okanagan Landing for more information.

The distance from John O'Groats, at the northeast tip of the United Kingdom, to the southwest point at Land's End, Cornwall, is 876 miles.

Pats, Knights Triumph in City Men's Basketball Play

Displaying a flashy passing attack which made mincemeat out of a feeble zone defence thrown up by the high school students, Al Munk's Pats maintained their two point lead in the Senior City Men's Basketball League by scoring a 42-23 victory over the winless scholars in the second half of a doubleheader played in the Scout Hall on Thursday night of last week.

Knights stayed right on the Pats heels in the circuit standings by disposing of the razzle-dazzle Comets 43-38 in a battle royal which was in doubt until the final whistle. The Knights-Comets duel was the opener of the twin-bill entertainment.

The Pats were never behind as they soared into a 12-5 first quarter lead, increased it to 17-7 at the half, then outscored the students 13-6 in the third stanza and 12-10 in the final for their 42-23 victory.

Once more Ian Morrice of the High School, stole top scoring honors although his team was severely beaten. Morrice jumped into a first place tie in the individual league scoring race by potting 42 points. Bob Giordano, formerly of Kelowna, and Cecil Clark were best for the winners with ten points each. Terry Dunfield, and Morgan McCluskey were next in line with nine apiece.

The Knight-Comets game was entirely an individual show with Comet's Seigi Tahara and Knight's Bill Koshman and Sarge Sammartino in the limelight.

Although his team finished on the short end of the count, Tahara was the big star of the night. Making use of a terrific hook shot, Seigi pushed home 20 points and had everyone gasping with amazement. After the game, Seigi insisted he did not have a horse shoe or rabbit's foot tucked away under his shirt.

Knights slipped into a 16-14 lead in the first quarter and appeared headed for an easy victory as they carried a 27-20 advantage into the second half.

But then the Comets and Tahara got red hot. They went into their familiar clever passing system that almost pulled them out of the fire. The Knights were breathing very heavy at the three quarter mark and led by a slim one point margin.

Sarge Sammartino halted the Comet uprising by going on an individual stampede, netting four straight baskets before the final quarter was very old. Bill Koshman and Ken McGregor added singletons.

Tahara hooked in three baskets in the final chapter, and brother Mitz added another, but their effort wasn't enough. Knights outscored Comets 12-8 for the quarter and won the game by five points, 43-38.

Sammartino was high scorer for the winners with 19 points. Southpaw Bill Koshman has his hook shot working as usual and contributed 15 markers to the winning cause.

Lineups

High School—White 2, Duncan, Morrice 12, Wyatt 6, Tripp 3, Phillips—Total 23.

Pats—Dunfield 9, Clarke 10, Munk 2, Gray 2, McCluskey 9, Giordano 10, Martin—Total 42.

Knights—Koshman 15, Barnett 2, McGregor 7, Douglas, Nolan, Boychuk, Sammartino 19—Total 43.

Comets—M. Tahara 4, S. Tahara 20, J. Yamabe 5, Ouchi, Matsuhara 9, Yamsaki—Total 38.

Timekeeper—Vic Koshman; scorer—Vince Murray; referees—I. Morrice, G. Tripp, D. Nolan, S. Sammartino.

Saunders Turns in Fine Performance

A reshuffled Vernon Canadian lineup produced a fighting team which skated hard, held the puck in the Kerrisdale end for minutes on end, but scored only once as the Kerrisdale Monarchs rang up their second victory of the season by a score of 4-1 at the Arena on Friday night.

The Canucks were the superior team throughout the first and second periods, but were unable to capitalize on their territorial margin as the Monarchs threw up steady defensive play backed brilliantly by their cool as ice netminder, Don Saunders.

The Monarchs notched the odd goal in three with seconds remaining in the first period to take a 2-1 lead, and they added a goal in each of the second and third periods for their solid win.

With Petrie, Betts and Wallington showing plenty of speed and the other two Vernon lines also carrying the play to the Monarchs, it appeared only a matter of time until the Vernon pressure paid off.

However, Bob Schied, speedy Monarch centre, reacted naturally when he found himself uncovered in front of the net at the 14:28 minute mark to put the Monarchs in the lead.

The opportunist Schmied continued to shine all night as he went on to score the hat trick.

Play surged from end to end after the Monarch score. Finally, with less than a minute remaining in the period, the famous Dave McKay slap shot came into play and Vernon had the contest tied up.

Betts, inside the Monarch blue line, found too many Monarchs barring the way to the goal. He flipped the puck to Dave and the burly Canuck defenceman hoisted one which clipped the inside of the post to beat Saunders cold.

Fifteen seconds later, Schmied tallied again on a double pass from Horbe and Lovett.

Vernon pressure was sustained throughout most of the second period. Jakes and Loudon were in close several times. Sullivan made a number of tingling rushes and Petrie showed plenty of style.

Bowler sailed out of the net to take the puck from Horbe as he broke in on the net, and seconds later Bowler made another nice stop off Burkoski as the Monarchs gained steam toward the end of the period.

A doubtful slashing penalty to Stecyk and the Monarchs used their man advantage to push their lead to 3-1 on a goal by Bob Burkoski with Bowler on the ice.

As the third period opened, Bowler made the top save of the night when he outfoxed Schmied as he broke clearly right in on top of him.

However, a Horbe pass to the red line sent the irrepressible Schmied into the clear again to end the scoring for the night.

New Single Table Crib Record Set; Painters Still Lead

Another record fell by the wayside in Vernon Cribbage League play on Friday night when Mrs. Laurie Carswell and Mrs. Frank Squire partnered to register the highest single table score since the league was organized several years ago.

Mrs. Carswell and Mrs. Squire counted 152 points.

Little change was recorded in the team standings as the league leading City Painters continued to hold their almost 200 point margin.

Why Lady Luck is so good to the brush-men while completely ignoring the Pythians and Jaycees is anybody's guess. The Pythians and Jaycees have a monopoly on the collar spots and they just can't seem to count a big night.

Monarchs Win Two In Okanagan Tour

Smooth on comination, fast on grabbing opportunity, and backed by stellar netminding, the Kerrisdale Monarchs slapped down the league leading Kelowna Packers 7-5 in an M.O.A.H.L. game in Kelowna on Saturday night.

Hot tricks by Bob Schmied and Al Rittenger set the Monarchs up for their second win in as many nights and their third in league play this year.

By MABEL JOHNSON

A FRIENDLY CHAT

Fifty years ago women wore hoop skirts, bustles, petticoats, corsets, cotton stockings, high buttoned shoes, drilled cotton underwear. They did the cleaning, washing, and ironing; raised big families, went to church on Sunday and were too busy to be sick.

Men wore whiskers, square hats, Ascot ties, red flannel underwear, big watches and chains, chopped wood for the stove, bathed once a week, rode bicycles, buggies and sleighs, went in for politics, worked 12 hours a day and lived to a ripe old age.

Stores burned coal oil lamps, carried everything from a needle to a plow, trusted everybody, never took inventory, placed orders for goods a year in advance and always made money.

Today, women wear silk, or no stockings; no corsets, an ounce of underwear, have short hair, paint and powder, play bridge, drive cars, have pet dogs and go in for politics and psychology.

Men have high blood pressure, wear no hats and little hair, play golf, bathe once a day, drink poison, play the stock market, ride in aeroplanes, never go to bed the

same day they get up, are misunderstood at home, work five and play 10 hours a day and die young. Stores have electric lights, cash registers and elevators, but never what the customer wants; trust nobody, take inventory daily, never buy in advance, have overhead, mark-up, mark-down, quota, budget, advertising, stock control, annual end-of-month, dollar a day, founders day, rummage and economy day sales, and never make any money.

So states a periodical entitled "Native Son." The excerpt was read by Mrs. George Dick last week when she introduced the fashion revue at the 57th anniversary celebration of the Vernon United Church congregation.

By the way, the clipping is entitled, "Progress."

All a matter of opinion!

One thing leads to another. The comment in this column last week regarding dolls, also newspaperwomen, brought an interesting little story.

When the "Queen Elizabeth" sailed on November 23 from New York, several crates were in the hold. They contained thousands of dolls, collected during a drive in the United States last August.

The dolls are for Europe's needy children. A passenger on the "Elizabeth" was newspaperwoman Peggy Reiley, who will distribute the dolls to children in England, France and Germany.

Miss Reiley will return in the spring. This is her second trip abroad to distribute dolls. The former Red Cross worker gained the title of "Doll Lady of Europe" when she gave dolls to German children a year ago.

Interesting to fruitgrowers and others is news from Cousin Emily in the north of England, that eating apples in Birkenhead at the beginning of November, were one shilling and sixpence a pound, the equivalent of about 36 cents before devaluation of the pound.

Birkenhead is a thickly populated suburb of Liverpool.

A little time or ingenuity is all that is required to brighten up everyday dishes. Now that winter is here, eye appeal on day to day foods often sparks the appetite. The inviting touches make all the difference between dull food and food with an air.

When baked cup custards are turned out for serving, top each one with a teaspoonful of strawberry, raspberry or cherry preserve, and watch the red sirup trickle pleasingly down the sides.

When putting white icing on a chocolate cake, add a colorful touch by sprinkling it with finely cut green gumdrops.

Plain muffins can be given simple glamor treatment by placing a teaspoonful of any red jelly or jam and a few chopped nuts, almonds or pecans preferably, in the bottom of each muffin tin before pouring in the batter. Serve upside down.

Have you the right conditions for house plants? They prefer a temperature around 68 degrees, and should not be crowded too close together or on the windowpane, especially on cold winter nights. They need varying amounts of light, therefore different plants can be planned for different windows.

A southeastern exposure is ideal for flowering plants. Ferns and English ivy will manage at a north window. African violets will thrive at a northeast one; although they prefer the east with a little morning sun.

The right amount of humidity is usually the real problem for the homeowner insofar as house plants are concerned. Heated houses in winter are often too dry. Warm air from furnace registers spell absolute death to the cool-loving, forced spring bulbs, and indeed to any flowering plant; and also to many of the tender ferns. Spraying the leaves of plants that welcome such treatment in the kitchen sink, will help; but African violets and Rex begonias are among those plants which do not like their foliage wet.

Most people who enjoy window gardening on any sort of serious scale, grow to rely more and more on foliage plants, with the flowering plants and bulbs as accents. Foliage plants are easy to take care of.

Among the better known varieties are the philodendron, wandering Jew, coleus with its painted leaves, English ivy and the like.

Many people will receive gift plants at Christmas time, such as begonia, azalea, Jerusalem cherry, or even poinsettia. These plants do not take kindly to our dry, heated rooms. Their beauty will be short lived unless care is taken.

Canucks Fight to 5-5 Tie

(Continued from Page 9)

had perfect opportunities to be the hero, but they were unable to solve the Bowler defence.

On one occasion as the Packers streamed in on the Canuck netminder three at a time, Bowler turned aside three close-in drives and topped off his sensational performance by blocking Hoskins' drive with his head.

Canucks also had their chances in the overtime. Len Wallington missed two glorious opportunities to turn the tide in favor of Vernon, but passes slipped under the end of his stick. Wallington's stick appeared to be of a wrong lay.

With 45 seconds left in the overtime, Laface dove on a hard drive by Tom Stecyk. Half a minute later Al duplicated his feat, this time robbing Bud Kobussen of the clincher. Vernon was still pressing at the final bell.

The Packers drew first blood in the contest at the 4:43 mark in the initial chapter. Denny Semenchuk finishing off a beautiful passing play with Ken Stewart and Cass Gacek.

Proving that they could pull off the same magic when it comes to passing plays, the Canucks roared back with the equalizer less than a minute later.

Art Davison teamed with Don Jakes to split the Kelowna defence with three whip-like passes. Davison made the play, using John Loudon as a decoy. He accepted the relay from Jakes in front of Laface and popped the rubber home.

Jim Hansen ended the period's scoring, blasting a high shot past Bowler after taking a perfect pass from Stewart.

In the sandwich session play flew wide open. End to end rushes, rocking bodychecks and pile-ups galore was the pattern of play.

It was this period when big Dave McKay roared into his old bruising form. Bouncing Dave teed off on Semenchuk, Nippleberg twice and missed Hansen by inches along the boards for a "three for four" average.

Although Dave received three penalties, he made all the Packers think twice before rushing too far into Canuck territory.

But McKay wasn't the only Canadian throwing his weight around. Stecyk smashed Hansen for a loop in the second period and Dunc Grant stopped Hoskins with the most solid bodycheck of the game. The Kelowna sharpshooter was really nailed.

Trailing 3-2 going into the middle canto, the Canucks evened the count in the second 4-4 on goals by John Loudon, unassisted, and by Bud Kobussen from Len Wallington. Jim Hansen scored his second counter of the night on a perfect slap-shot to keep the Packers on even terms.

A penalty early in the final period gave the Packers a chance to put the game on ice, but a sterling penalty-killing display by Don Petrie and Bert Elliott kept the Packers in hand.

Don Jakes raced into the clear at the five minute mark of the canto, but for the second time in the evening could not find the key to Laface's cage. Al leaped from one side of the net to the other to block Jakes' hot drive.

Art Davison put the Canucks one up seconds later and it appeared the locals were on the victory beam once more.

The Canucks were really out to give their supporters something to shout about. They skated with

everything they had both ways and were determined to protect the one goal margin.

Wallington, Stecyk and Wallington again tested Laface from close in, but the Packer goal-keeper was in top form and pushed their efforts aside in terrific fashion.

Middleton's goal halfway through the period ended a rollicking time around the Vernon cage.

Stars of the game were undoubtedly Al Laface and Glenn Bowler. Laface, cool as a December night, handled many good Canuck tries effortlessly and Bowler equalled Laface's performance, turning several shots aside from close in.

The draw meant much to the Canucks. Their morale was somewhat at bottom level after several dismal games. Tuesday's contest could have given them back much of that peppery and scrappy confidence they once possessed.

Summary—First Period—1, Kelowna, Semenchuk (Gacek-Stewart), 4:43; 2, Vernon, Davison (Jakes), 5:33; 3, Kelowna, Hansen (Stewart), 6:35; 4, Kelowna, Amundrud, 14:57; 5, Vernon, Jakes (Loudon), 18:02. Penalties: McKay, Hansen.

Second Period—6, Vernon, Kobussen (Wallington), 8:39; 7, Vernon, Loudon, 18:40; 8, Kelowna, Hansen (Mittle), 19:48. Penalties: Hoskins, Stecyk, Mittle, Kobussen.

Third Period—9, Vernon, Davison, 4:55; 10, Kelowna, Middleton (Stewart-Semenchuk), 11:38. Penalties: McKay, McKay.

Overtime Period—No scoring, no penalties.

Lineup of Teams—Vernon—Bowler, Grant, Stecyk, Griesdale, McKay, Sullivan, Kobussen, Wallington, Loudon, Jakes, Davison, Mills, Petrie, Elliott.

Kelowna—Laface, Amundrud, Kuly, Stewart, Goullie, Hoskins, Nippleberg, Mittle, Sundin, Hansen, Gacek, Middleton, Semenchuk.

Col. Abner Doubleday, who arranged the diagram of bases and position of the players in 1839, is credited with inventing modern baseball.

Another Defeat for Socialism

The results of the recent national elections in New Zealand are of interest throughout Canada, though a comparison so far as this country is concerned can be drawn only on wide general lines.

At the polls last week, the New Zealand electorate, by a substantial margin, turned out of office the Labor government which has held power uninterruptedly for the past fourteen years. The Labor government sought re-election on a policy of "cradle to the grave" security. Their cry was "security for all." The Prime Minister said his party would extend the existing social security system which has "freed New Zealand from fear and want."

Against this, the National party, originally a coalition of liberals and conservatives, which was victorious, promised to "set the people free from domination by the state," to reduce state controls and to restore incentives. The National party accepted as the dominant issue of the election—private enterprise versus socialism.

Even in a country-wide appeal to the voters it is always likely that local issues played a considerable part, and especially so, in a nation as small as New Zealand. From the tenor of the meagre news dispatches reaching Canada it seems clear, however, that the overwhelming consideration in the voting was socialism, and that a majority of the electorate voiced their emphatic disapproval.

The world's first example of socialism in action does not seem to have purchased the paradise on earth promised by the socialistic groups of all other western countries.

Laws Can't Replace Parental Control

With a sigh of triumph, the Parliament of Canada has enacted into law a statute designed to prohibit absolutely the distribution in Canada of so-called crime comic books. Heavy penalties are provided for the unfortunate printer producing such books, the equally unfortunate distributor, and the unwary retailer, all of whom must now act as a sort of judge of juvenile reading habits.

This is certainly the most unworkable law passed since the provisions of the Criminal Code respecting raffles and lotteries.

The general purpose is laudable enough, perhaps, although the control by arbitrary authority of the reading matter of a nation is a questionable procedure at any time.

Canada cannot possibly pass enough laws—or enforce them either—to replace proper parental control. The traditional pattern of family life is undergoing great and significant changes, but laws by the barrel will never prove a satisfactory substitute.

The "penny dreadfuls" of grandfather's time didn't ruin the generation that devoured them by candle light or oil lamp. And they are pretty tame reading by today's standards.

The laws of Canada have always contained safeguards against vile or salacious literature. Such prohibitions are necessary and sufficient. A parental trip to the woodshed was the best cure in grandfather's time and remains so today.

Regaining Its Rightful Place

Last evening's annual meeting of the Vernon Board of Trade showed clearly that that organization is fast regaining the place in our community life it lost during the war years.

Much of the unspectacular groundwork necessary to revitalize the Board has already been accomplished, and this past year has seen a great amount of valuable work, the results of which are already evident or will be within coming months.

The pattern of the war was such that functions of the Board of Trade were necessarily curtailed. It is idle to deny also that a sense of complacency gripped Vernon—securely during that period of free money, more business than could be serviced, and government controls which virtually guaranteed to the holder of a business license that he would "stay out of the red."

As a consequence of this prevalent but by no means universal attitude, the effectiveness of the Board was impaired. The task, then, has been one of building slowly but firmly, until today one of Vernon's

oldest institutions is again an instrument of responsibility and power.

No city progresses without a Board of Trade or Chamber of Commerce as one of the central, guiding forces. Vernon's Board of Trade is the oldest in the Interior with a long tradition of service and with a future which can only be properly developed by the general support of business and professional men of the community.

The case was ably stated in the report of the retiring president, a part of which is reproduced below:

"It is unfortunate that the interest of our business people in Board of Trade work has declined so noticeably since the thirties, when economic conditions were so much more difficult. In those days the attendance at a general meeting was two or three times what it has usually been in recent years. In spite of a heavy increase in our population.

"I realize that there are some who wonder what the Board of Trade is doing to justify its existence but I would point out that although results may not be spectacular or immediate, nevertheless much of value is accomplished.

"It would be difficult, too, to assess the value of a non-political organization which can always obtain a sympathetic hearing in government circles.

"Further, a certain amount of Board of Trade work must necessarily be handled confidentially and it is not possible to give to such matters any publicity.

"I appeal, therefore, for a larger membership and a greater interest in Board of Trade matters—this would go a long way towards making your President and Council and committee members feel that their work was worthwhile."

From the FILES of THE VERNON NEWS

Ten Years Ago—Thursday, December 7, 1939

Ex-Mayor Dr. E. W. Prowse is the only definite candidate for chief magistrate at the coming elections on December 12. Others not yet definite are Mayor Harry Bowman, and Aldermen A. C. Wilde and David Howie. Off to join the Seaford Highlanders, 21 men of the Rocky Mountain Rangers, including some from Vernon, said farewell at the Canadian National station in Kamloops Friday night. The latest figures available show the returns of the Red Cross campaign for funds in this district to be well in excess of \$4,700. Vernon downed Armstrong 7-3 on Vernon ice to send hockey in the Valley off to a flying start. The issuance from Victoria this week of regulations covering the sale of sport or game fish has meant the culmination of a long and intensive campaign by the Vernon and District Fish and Game Association to have the sale of these fish governed by provincial law.

Twenty Years Ago—Thursday, December 12, 1929

Advertising is the chief benefit from the display of B.C. apples at the Royal Winter Fair at Toronto. The School Board announced Monday evening that the night school classes will begin January 8. A request for legislation which will compel hunters to wear scarlet on cap and body was passed at the meeting of the Vernon District Fish and Game Protective Association. The first annual inter-form competition in dramatic art was held at St. Michael's School on Friday by Mrs. Harold Beattie. A resolution favoring the increase of the gasoline tax from three cents a gallon to five cents a gallon providing the money is earmarked for road service, was passed at a meeting of the Auto Club of B.C. held yesterday, Wednesday. Vancouver is buried under eight inches of snow which has fallen steadily since Tuesday night.

Thirty Years Ago—Thursday, December 11, 1919

A campaign to raise funds will be carried out by the Vernon Jubilee Hospital Board of Directors in January. President Henderson of the Board emphasized the importance of this measure. England has resumed her position as one of the world's commercial leaders and freight shipments have now reached enormous proportions. A meeting of the newly formed branch of the Retail Merchants' Association was held Thursday of last week. H. Pout, of the Hudson's Bay Company is the new president. The annual meeting of the Coldstream Fruit Growers' Association will be held next Wednesday evening at the Coldstream School. Open air skating rinks are being provided this season for the pupils at the public schools and youngsters will have ample opportunities to engage in this sport if the present cold snap continues. The Toronto Globe reports that a Japanese syndicate has offered to purchase the famous Coldstream Ranch.

Forty Years Ago—Thursday, December 10, 1909

At a meeting of the Board of Trade there were present among others, James Vallance, president; J. Forsyth Smith, secretary; R. H. Rogers, J. T. Mutrie, G. C. Johnston, E. A. Orchard, L. A. Cross, Kent. The Board strongly urged the O.P.R. to erect a large sign at Selkirk bearing the wording, "Change here for the Okanagan Valley." The monument erected by the citizens of Arden and the Okanagan to the memory of Archie Hickling, hero of the Okanagan Hotel fire last August, was unveiled in the presence of a large crowd. A Summerland wit is responsible for the following books recommended for Christmas reading: Oliver Twist by Charles Dickens and Oliver Twisted by Richard McBride. J. F. Simmons sent a bill to the City Council asking for \$500 as a recompense for guaranteeing a sufficiency of water in the B.K. Creek. The Aldermen regarded the account chiefly as a "josh."

Fifty Years Ago—Thursday, December 14, 1899

Over \$18,000 has been expended already this season in Vernon and vicinity by one purchase of beef and hogs for the Kootenay markets. An entertainment will be given at the Commonage Public School on Thursday, December 21, after the program a presentation will be made to all the children from a Christmas tree. Billy Hawkins, a well known Canadian pugilist, will give a "sparring exhibition in Cameron's Hall on Friday night. A meeting of the Kamloops Presbytery will be held today at Salmon Arm, the principal business being the consideration of the call to the Rev. G. A. Wilson, of this city, by the congregation of Mount Pleasant. Among the breeders of thoroughbred stock in this district, Mr. McSorley of the Commonage, occupies a high position. This week he disposed of several high class Durham heifers to Premier Semlin, who shipped them to his farm in Ohio Creek.

Most Anything

By STUART FLEMING

Just one little word more about a Christmas tree at the 32nd Street intersection of Barnard Avenue; the prospects are brightening. Last Thursday I wrote a column that lamented the probability that nothing would be done about the tree. Too many people had too many reasons why nothing should be done. Now, however, the Business Men's Bureau of the Board of Trade and the Junior Chamber of Commerce have agreed to support the re-establishment of the old custom and the subject is being brought before the Board of Trade's annual meeting, and I have torn up the column that was intended for the space. This column is written, a day or two before publication of the paper so there may be more recent news in this issue. Whether the tree is erected or not, at least many people wish to see the old tradition revived and many are working actively toward this end. In the meantime, the City Hall tree and the lights around the entrance to the City Hall have added a touch of gaiety to the street and for that we can be thankful. If the hotel bylaw passes, the City Hall tree and the City Hall lights will also pass. If the big tree on the intersection is not approved this will be the last year that time honored tradition can be observed. (One little word, did I say?).

According to what I heard fleetingly on the radio, the American consul general says that Canada is not getting as much of the American tourist dollar as it could because Canadians are not different enough. I seem to remember writing something about a similar statement by a similar American not so long ago. Canadians should not, I suppose, be ungrateful for observations of this kind. They are undoubtedly meant well. The big catch is, who should we be different than? Personally, I don't have much difficulty from being different from the man across the street but if I have got to be different than me, that's a problem.

What is it that we haven't got that the Americans feel we ought to have? A native costume, maybe? We might all dress like "Mounties," perhaps, but I imagine there is a rule against it in the constitution or some other such

place. Maybe periodic revolutions would lend a little color to the Canadian scene. Tourist bureaus should supply every community with a quantity of obsolete war weapons. Scouts could report when parties of American tourists are hovering or is it heaving? into sight and the armed members of the community could start blazing away at the unarmed members—with blank ammunition, of course. This would be very exciting and the members of each community would have a roster so that everybody would get a turn at being the shooters and the shot at.

Maybe our language isn't different enough. Perhaps we should adopt a new one—English, for instance. That would be novel.

It's a very serious matter. Maybe someone should call a meeting to deal with it.

The unemployment situation in Canada can't be so bad. There are nine vacancies in the Senate and jobs that pay as well as those that surely wouldn't be empty if there were not better ones available. Wonder how you go about applying for one of those jobs? Eight thousand a year with travelling expenses would suit me fine. Don't think there are any civil service exams. In fact I'm darned sure there aren't. No doubt a departmental form will have to be filled out in quintuplicate accompanied by birth certificate. The matter might bearing looking into.

Local sportswriters have been receiving a lot of criticism for their allegedly impolite comments on the recent performances of the Vernon Canadians. Both sportswriters and hockey players are used to criticism. If they are not they have no business in their respective businesses. What amuses me are the people who condemn the commentators. These people are the very ones who have been belaboring the hockey club in private conversations. Apparently criticism whispered over a coffee cup is fair criticism but if you come out in the open with it where everyone can have a look, then it is bad criticism. Sports fans are supposed to be the salt of the community. Maybe so, but they tend to clog a little when damp.

The New Germany

Implicit but seldom admitted in the recent discussions of the United States, Britain and France is the recognition that Germany, despite its defeat, dismemberment and dissolution must become inevitably the strongest power in Western Europe.

This, of course, is not the way the wartime Allies planned it. At first they planned to reduce Germany to a "pastoral" country, living almost entirely on peasant agriculture, as outlined in the famous memorandum signed by President Roosevelt and Mr. Churchill at Quebec and later forgotten because, obviously, it was absurd. As late as the Yalta conference it was agreed that Germany should be "dismembered," and finally at the Potsdam conference, it was agreed, in concert with Russia, that Germany should be a single state with its total industry and standard of living repressed and held under a low ceiling.

Today the purpose of Britain and the United States is to promote the industry of Germany (though not war industry) for the benefit of all Europe and only France among the three occupying powers has any doubt about the wisdom of this course.

France fears Germany as no nation can fear it without the experience of German conquest. France wishes to emerge again as the leading power of Europe but day by day it sees Germany moving toward a position of power which appears beyond the resources of France.

Perhaps all this became inevitable after the War of 1870, in which modern Germany was welded together and the relative weakness of France was revealed. Perhaps the leading position of Germany was finally assured with the opening of the great Ruhr industries, which gave Germany steel, the basis of modern industry and the material of war.

In any case it cannot be doubted now that Germany has begun to forge ahead once more, because of its resources, the energy of its people and, most of all, because the wartime Allies are too divided to suppress it. Like France under Tillyrand after the fall of Napoleon Germany emerges between the quarrels of the conquerors—for which we have to thank Russia and its plan to capture Europe by capturing Germany.

The only practical question left, indeed, after the recent conference of the United States, British and French foreign ministers in Paris, is whether the strength of the new Germany is to be used for good or evil.

The fact of strength, with one result or the other, is accepted by the United States and Britain, which will certainly decide the policy of the western world toward Germany. It would almost seem that the western world is engaged in a desperate gamble on the future goodwill of the German people, in their conversion to democracy which they have never understood before, on the chance that, after trying twice to smash it, Germany will become at last a member of the European family.

Official Figures of World War Two

War declared between Great Britain and Germany, September 1, 1939.

Canada declared war on Germany, September 8, 1939.

War declared between U.S.A. and Germany, December 11, 1941.

Allied Killed (World Total)

British Commonwealth 502,740

United States 322,188

U-Boat Losses

Destroyed By:

British Forces 525 00

United States Forces 174 0

Other and Unknown 82 11

Total 781 85

Out of 781 German and 85 Italian U-Boats destroyed in the European theatre, the Atlantic and Indian Oceans, 594 were accounted for by British Sea and Air Forces, who also disposed of all the German battleships, cruisers and destroyers, besides destroying or capturing the whole Italian Fleet.

When Casablanca was reached in January 1943, it was a fact that no U-Boat bomber plane had ever

daylight bomb on Germany. However, very soon the fruition of the great exertions the Americans were making was to come, but up until the end of 1943 the British discharge of bombs upon Germany had in the aggregate exceeded by eight (8) tons to one those cast from U.S.A. machines by day or night and it was not until the Spring of 1944 that the enormous preponderance of discharge was achieved by the United States.

Shipping Losses (World Total)

Gross Tons

British 11,857,000

United States 3,334,000

Other Allied Nations 6,603,000

Of these losses 80 per cent were suffered in the Atlantic Ocean including British Coastal Waters and the North Sea—only 5 per cent were lost in the Pacific.

Frederick N. Beardmore.

Mrs. J. A. Ross, Graduate Dietitian, and Mother of a Carnation Baby, knows why:

A CANADIAN PRODUCT

More Babies are Fed on Carnation Than on Any Other Evaporated Milk

Mrs. Ross of Woodbridge, Ont., is the mother of beautiful, Dawn Marie Ross, contented Carnation baby. So she has added practical knowledge of Carnation's value for infant feeding to her home economics training and teaching.

Mrs. Ross's happy experience with Carnation Milk for infant feeding is duplicated yearly by thousands of Canadian mothers. Ask your doctor about a Carnation formula for your baby. Enjoy Carnation's goodness and convenience for every milk purpose.

A Preferred Milk for Infant Feeding

For almost 50 years, Carnation Milk has maintained highest standards of easy digestibility... absolute safety... and sound nourishment. Carnation supplies all the food values of pasteurized whole milk, plus 400 Units of vitamin D per pint. You can't buy better milk—yet Carnation is so economical. The milk every doctor knows.

City's Ancient Steam Roller In Final Stand

The ancient, grimy steam roller which has squashed thousands of yards of gravel into roadways in its many years service with the city board of works has reached its last stand.

On Monday night of last week, the City Council told City Engineer F. G. deWolf to put the iron monster on the auction block.

In its place will come a spanking new, modern machine, purchased from the Vancouver Engineering Works Ltd., and costing the city \$6,539. The contract for the sale of the roller was received by Council and passed on to board of works chairman, Alderman D. D. Harris, and City Solicitor C. W. Morrow for study before signing.

A veteran city bulldozer was also intended for sale but the Council changed its mind. Alderman Harris wondered whether the City "could get enough out of it to make it worthwhile?" He said if the price offered was as low as \$3,000 the City would do better by keeping the machine. Admitting it was un-
economical to overkeep, Mayor T. R. B. Adams thought two bulldozers was not excessive equipment for a city of Vernon's size.

City Engineer F. G. deWolf said the market for bulldozers was not very strong and Alderman Harris again said the City might be better to keep the dozer.

A suggestion was that bids could be asked on the machine so an idea of the possible price could be gained but several Aldermen thought this unfair. Realizing that cost of hiring a bulldozer for one day was \$80, Council decided to keep the second machine.

Mr. deWolf reported that civic employees were mostly on maintenance work. The road gang was busy on 48th Avenue the entrance to the proposed drive-in-theatre. Drainage pipe has been laid and a new fence is being built using old wire wherever possible.

The City Engineer said that travelling of 48th Avenue is quite an item. He asked what priority the city wanted to give to proposed sewer installation on 32nd Street if the bylaw passes. If this work was to be done immediately then the power shovel would be needed there. If not, the shovel could be used for a week on 48th Avenue. Council stated there would be about a month before work could start on 32nd Street so the shovel will work on 48th.

Mr. deWolf said that a good, substantial, 10 foot fence, with no knockholes, is being built around the drive-in theatre property.

The city parks crew is brushing out the southeast corner of Rotary Park for the Rotary Club of Vernon.

The level of water in Dixon Dam was eight feet three inches on the last visit by Mr. deWolf, an increase of 28 inches from two weeks ago. Even with the rain in the last week or so, BX Creek is not rising at all due to dry conditions in the hills.

Alderman Harris said that maintenance work now being carried out on city roads is good preparation for oil work next year.

Lavington 'Seven Up' Club Busy with Many Popular Activities

LAVINGTON, Dec. 6.—The "Seven Up" Club is going strong, as evidenced by a large attendance at the Community Hall on Friday evening.

Instruction in square dancing proved very popular. Harry Smith is "caller" for dancing. Mrs. Orville Anderson and Miss A. Hartman are assisting with the teaching while Orville Anderson is providing the music. Basketball, badminton and table tennis are also popular features enjoyed by the club members.

The Christmas party will be held on Friday, December 16.

The Lavington Cubs are holding meetings every Saturday morning and at present are busy with their "Jig saw" work for the Vernon Jubilee Hospital. Mrs. A. Good-enough has consented to deliver the finished products to the hospital.

This Saturday several of the youngsters will be hiking up the hills in search of a suitable Christmas tree for the big party. While on the hike, a wieners roast will be held marking the beginning of Christmas festivities for the kiddies. There will be Cub meetings during the holidays.

Mrs. W. F. Hamelin is Honored by W.C.T.U.

About 25 members and friends of the Vernon branch, W.C.T.U., honored Mrs. W. F. Hamelin at her home on Monday evening at a surprise buffet supper.

Mrs. Hamelin is retiring as president of the local branch of the W.C.T.U.

After supper, a varied program was enjoyed, consisting of contests, readings, and a story told by Mrs. J. S. Collis, the moral taken from Psalm 24, verse six.

Miss P. Ford gave an interesting address, describing W.C.T.U. work in Japan. Christmas carols were sung.

The next regular meeting will be held on January 16, to which visitors, prospective members, and others are invited.

Lutheran Church Corner Stone to be Laid Sunday

St. John's Lutheran Church congregation of Vernon will lay the cornerstone of its new church at a special service at 3 o'clock on Sunday.

The building, 34 feet by 76 feet, was designed by the pastor, Rev. E. Mayan. It is to be a frame structure, finished in white stucco. There will be a corner tower surmounted by a spire and cross, the combined height of which will be approximately 72 feet. A side gable on the chancel end will provide for choir space and an instruction room. Another feature of the building will be the basement auditorium space, measuring 32 by 50 feet free of pillars.

Friends are invited to join in Sunday's service of dedication and praise.

Anglican Parish Offering Day Sees \$1,150 Donated

Approximately 200 people visited All Saints' Church on Wednesday of last week, St. Andrew's Day, at some time during the 12-hour period from 8 a.m. to 8 p.m., and offered prayers and made offerings.

The total offering presented at evensong was \$1,150 and offerings are still being received by the clergy.

Of this amount, about \$500 was offered which would not have come in through a canvass, the usual method at this time of the year.

The occasion was "Parish Offering Day." The money donated will be used to cover operating expenses of the church within the parish this year.

Indicative of the spirit which "underlies the whole of the life of the church," quoting Rev. L. A. C. Smith, was an instance he gave of a small girl. St. Andrew's Day was her birthday, and a gift of 25 cents was placed on the offering plate.

The voluntary and unsolicited method of donating caught the imagination of congregation members, Mr. Smith declared. This week offerings have been received from former parishioners in Eastern Canada.

Busy Weekend For Interior Motorcycle Club

An ability ride on Burney-Range, two days of competitive riding at the Kinsmen Race Track and a trip to Penticton were recent weekend activities completed by the Interior Cruisers Motorcycle Club.

Twelve humming motors travelled the highway to the southern city, cruising at a moderate speed all the way.

A serious mishap almost resulted when two horses wandering at the right hand side of the road began crossing the highway. Only by quick maneuvering were they avoided.

Oncoming motorists were flagged down by the riders until the horses were chased from the highway.

With a view of making the Interior Cruisers motorcycle club a sporting activity more acceptable to the public, the group has laid down a number of rules which their riders must obey.

At the last meeting one member was suspended from all club activities for three months because of lack of riding ability and disregard of courtesy to motorists and pedestrians.

Armstrong Women Honor New Bride

ARMSTRONG, Dec. 6.—Members of the Armstrong Business and Professional Women's Club gathered for a social evening at the home of Mrs. Douglas Murray on Thursday of last week to honor Mrs. Ernie Henderson, nee Eleanor Call, a member of the Club who was married recently. A pleasant time was spent with contests and novelties.

Mrs. Caroline Watt, President of the Club, placed before the honoree a miniature "Buckfield's Grass Plant," which was made by Miss Virginia Smith. Inside this small building was a china tea set, a gift from the club members.

This was followed by the serving of refreshments. Assisting Mrs. Murray were Miss Sheila Rees and Miss Irene Ocasar.

Heywood's Corner Basket Social and Dance Popular

HEYWOOD'S CORNER, Dec. 6.—A basket social and dance attracted a large crowd to Heywood's Corner School on Saturday night. R. C. Freeze, auctioneer for the occasion, was not long in securing highest bidders for the various wares, and a total of \$40.50 was raised for the school Christmas program.

Oldtime music was provided by E. G. Wilson, accompanied by Miss Lila Wilson and Miss Lena Wilson. Heywood's Corner was well represented at the Falkland road and gun club turkey shoot held on Sunday afternoon. Winners from this vicinity were Bert Schwob, R. C. Freeze, M. C. Tucker and W. F. Wilson. Each brought home one bird.

Another in the series of Gospel meetings was held at Heywood's Corner School on Sunday. Conductor was N. E. Bradshaw, of Penticton.

The sea floor near coral reefs is usually covered with white mud due to the abrasion of the coral.

LETTERS

Of General Interest

"Facts We Should Know"
Editor, The Vernon News: Sir:
We hear plenty at the present time, 1949, about the apple situation in the Valley—the surplus of fruit, poor price and no sale. But how many people really know that up to date, just two weeks before Christmas, the fruit growers have received 15 cents per loose box or the equivalent of 20 cents per packed box for all apples delivered, to the packing houses this year.

The debt against this includes spray materials and spraying charges, thinning, picking, hauling and 1949 taxes due the end of October, with a bill for irrigation tolls and taxes due early in the New Year. The growers have to meet those expenses when due.

How much does the public know about the abuse that is placed on the growers' produce, from the time it enters the packing house doors till it reaches the consumer? I have worked in a packing house and I can vouch for the truth of my statement when I say the fruit is abused in more ways than one by some who work there.

There are rumors, this I got from hearsay, so I can't swear to the truth, that many packed boxes of fruit are handed out as donations at different periods, at the expense of the growers. There are

other rumors, this is also hearsay, that at this season of the year, the office staff of the packing houses, the staff of the Associated Growers and Tree Fruits are all recipients of Christmas cheer at the growers' expense.

Will someone please tell me where the growers are going to get their Christmas cheer? Many won't even have the price of a 10-cent cigar.

This situation is not new. We have had hard times before. We have even got red ink for certain varieties of fruit. In over 30 years' experience in this Valley I could tick off the good profitable years on my fingers and still have some fingers left. Through it all, the workers, from the highest paid man in the tree fruits to the humblest workers in the packing house, enjoy a cheque twice monthly at the growers' expense.

I often wonder if those same workers ever give a thought as to where their pay cheque comes from, or if they figure the growers are just one big Santa Claus.

We don't have any unions to keep our wages up, or set our hours of work, nor can we collect unemployment insurance as so many others do. No, we can only stand aside and wait until next June before we can tell how much per box our fruit for this year netted us.

We could all go on strike and refuse to pick our fruit for a year. We certainly wouldn't lose much, but stand to gain some. No selling agents' salaries, no Associated Growers' staff wages, no packing house expenses, no spray thinning or picking. We could even have a holiday at our own expense for a change.

What is the grower to get for his labor this year, with packed fruit retailing at as low as \$2.25 a box? Packing house charges alone cost us \$1.10 per box to say nothing of the Tree Fruit board charges and freight rates. Maybe, if we wish hard enough, mother nature will be kind next spring and send us a nice hard frost just at blossom time and settle all our problems for us.

There are many other subjects I would have liked to have touched on, like the new modern packing houses, comfy office buildings all fitted for the benefit of the workers, at the growers' expense, but space will not permit it. Maybe someone else will see fit to answer this. I invite criticism on anything I have said.

Sincerely,
MARGARET MACKIE
B.X. Vernon,
December 6, 1949.

Destroy Predators While Bounty On

Editor, The Vernon News: Sir:
I write urging everyone in B.C. to do their best to destroy coyotes, bobcats and panthers, especially while the bounty is on. Bounties are to be until March, 1950, after which the bounty is held to be uncertain.

I think Premier Byron Johnson and his government is to be congratulated on the bounty being placed on coyotes, wolves and panthers. But they should consider the same bounty of \$4 each on coyotes to also apply to bobcats, known as lynx. In fact, I look on the bobcat as more destructive than coyotes.

A bobcat can spring on top of a deer's back, especially a doe, reach around to its nose, pull and break the deer's neck.

I also favor the bounty money being paid fairly to all persons rather than to men like Shuttleworth, who is our great panther hunter receiving about \$3,000 a year, as I hear he is, and thereby the B.C. government is paying at the rate of \$100 per head for every panther and coyote he kills. This, I understand, was got at by knowing Mr. Shuttleworth's salary and the animals he killed. I can't entirely vouch for the figure.

Catching the coyote is a lifetime job, no fool's job. The coyote has a smaller nose than a dog, and bloodhound's nose. I consider who ever kills a coyote at the present time is equal to doing \$20 worth of good for the province.

The panther, commonly referred to as a cougar, is a greater roamer, but chiefly stays on the mountains except perhaps from the middle of February to the middle of April. The \$40 bounty is not too much for the cougar.

The best hope I have of coyotes and wolves ever being wiped out is a new poison that has no bitter taste. I think it is called 8.10 or some such similar numbers. The coyote gun had quite a lot of faith placed upon its killing powers and I believe quite a number of coyotes have been killed by it. But I reckon the coyote is too quick catching on to new methods to kill it to be wiped out ever.

Fur prices are dreadfully low at present. I don't think the government could have selected a better time to raise the bounty from two dollars to four dollars.

Some attention should be drawn to the English sparrow which has the name of destroying as many or more birds than cats do.

I am sorry to see the game getting scarcer each year since I came to Armstrong 58 years ago. When I first went to Glenenna I saw both male and female elk then within two miles of Schwab's bridge.

The same year I saw 40 deer at one time, but not in one herd. I worked for Price Ellison, also J. L. Webster the nursery man over 50 years ago and planted the large trees on Barnard Avenue while working for Webster.

JABEZ KNELLER,
R.R. 4, Vernon, B.C.

New Highway Act

Editor, The Vernon News: Sir:
It has occurred to me that in a free country it is rather peculiar that there has been no discussion concerning the new Highway Act that is coming into force, the first of January 1950. I am informed that this new law includes the following:

First—That it shall be unlawful to erect a sign, on or off private property within one thousand feet, (333 1/3 yards), from the centre of any highway. This in effect means that no one can have a sign, as at that distance no ordinary sign is visible.

Within that distance the Government has the power to remove any building, any sign, any hedge, any tree or plant. British Columbia farms are small in size so that a big percentage of them are completely socialized, by this law, in the sense that their activities will be entirely under Government jurisdiction. While it is possible that such power may not be abused, it is not good for a free country to put itself in the position where it may become a slave to the whims of its own Government. Tyranny has always grown from abuse of too much power, wrested from a credulous people. It seems doubtful if this law can stand up as opposed to Federal laws protecting the security of tenure and the freedom of Canadian citizens.

Second—The Provincial Government intends to remove all signs now standing on an owner's land, and replace them with what they are pleased to call rustic signs, whatever that may mean. In other words, should an owner have a valuable neon sign, which happens to be the very life-blood of his business, it can be torn down and replaced by a sign that may not have any value at all. Crossroads stores, garages, and auto courts, will be the hardest hit, because they serve the travelling public who depend on signs to show them where these accommodations are located. The travelling public drive fast on the open road, and in order to do any good, signs must be effective for several hundred feet.

Third—The Government intends to interfere with free and open competition, because it intends to remove all signs in rural areas, and to not interfere with signs in the incorporated areas. This can be the cause of grave injustices in many instances. Take for example British Columbia auto courts. While it is true that a few courts are within the environs of city limits, most of them because of failure to

of city limits. Those located outside of city limits, where high speed limits are allowed, and a good sign is really necessary, will have their signs removed, while those inside of incorporated areas, where speed limits are restricted, and thus signs are not so necessary, will be able to put up any kind of a sign desired. Is it too much to ask that the citizens of this fair province wake up and take some action relating to this law before it is too late?

John G. Willington,
Penticton, B.C.

Information, Please!

Editor, The Vernon News: Sir:
For as many years as Vernon has had hospital insurance, I have voluntarily contributed to it. I have gladly donated to hospital causes when asked, and worked hard with an organization which furnished a beautiful ward in the new hospital.

Last week, for the first time, I had to have an X-ray examination. I went in by early bus at 8 a.m. I live 18 miles away. To my embarrassment, I was told that there had to be a payment made of \$20. Cash in Advance, please!

One does not carry much money or valuables at such a place. Surely such a regulation should have been well publicized before being enforced. The people who had previously been covered in this re-

spect should have been told that the X-ray had now to be paid for separately, and in advance.

Several people were in the same fix, and equally indignant.

By the way, would the hospital authorities mind explaining why, though rates are upped, we now get less facilities?

I had to report later, at 3:45 p.m., and only just made my bus home.

Next morning, I again had to take the 8 a.m. bus and report. Why could not a country person stay in and be saved all this rushing around and extra expense?

I have since been told that had I been in the hospital, I would have received my X-ray free.

Is this so? If so, why the difference?

Would someone please give us full information through The Vernon News, as to just what we can expect for our money, and why it all costs so much more than previously. This is no attack on the hospital staff, who were all very courteous, and as far as I could find out, efficient.

The hospital itself is magnificent. We had a grand view of the large marble hall of a waiting room, where we cooled our heels, but definitely not our heads.

Mrs. J. Saunders,
Lumby,
December 5, 1949.

Man Guilty of "Receiving" Gets Suspended Sentence

Magistrate Frank Smith found Roy Mathews, of Vernon, guilty on a charge of receiving goods under false pretences in the Tuesday morning session of the City Police Court.

Sentence of the accused was suspended for six months. He was required to put up \$100 to guarantee his good behaviour during that time.

The charge arose out of the purchase of power saw parts to the value of \$13.64 by the accused from Jack Fuhr Ltd. The accused made out a cheque for the amount. This cheque was found to have no monetary backing and the charge was laid against the accused.

He will be held in custody until he has made good the \$13.64 he owes.

Speeder Gets \$15 Fine

Fred Marchuk, of Enderby, was fined \$15 and \$2.50 costs by Magistrate Frank Smith in City Police Court Monday morning when he was found guilty of exceeding the speed limit in the city.

The mulberry tree, native to Persia, was introduced to Britain in the 16th century.

Plans Outlined for New Schools in Enderby Area

ENDERBY, Nov. 30.—Requirements were drawn up for the proposed new schools at Enderby and Armstrong, based on the information obtained from the principals, at a special meeting held recently of the Board of School Trustees for District No. 21, Armstrong.

The secretary was instructed to forward the requirements to the board's architects, with instructions to draw up preliminary rough plans of the two buildings, according to the following specifications:

For Armstrong Junior-Senior High School, grades eight to 13 estimated enrolment, 295-360; eleven regular classrooms, special rooms, science laboratory, junior science laboratory, library study room, Home Economics room, music room with small stage, typewriting room for commercial studies, gymnasium-auditorium, lunchroom with seating capacity for 300, student council room, two staff rooms and principals' office, industrial arts workshop, and photo dark room off laboratory.

For Enderby Senior High School, grades nine to 12; estimated enrolment, 100 to 160, requirements stated include: classrooms; commercial classroom with typing room attached, glassed partitions; science classroom with laboratory attached, glassed partitions; English classroom with library attached; guidance room with attached; one dual purpose room—art and draughting; a room 23 feet by 40 feet, with small

Sad Odyssey

When Mrs. Jean Irving learned that she was incurably ill of cancer and had only a few months to live, she wanted to return to England with her family to die. Sympathetic Hamilton and Toronto citizens heard her story and made it possible for

her to fly to England with her three children. Shown here before leaving Montreal airport are Mrs. Irving and her three children, Joanne, Jean and Jimmie. Mrs. Irving's husband, a war vet, hopes to join her soon.

Christmas Trees From Westwood In Warmer Climate

WESTWOOD, Dec. 5.—A truckload of Christmas trees left Monday morning for Los Angeles, California. F. W. Hobbs, local truck operator, with Lloyd Todrick as relief driver, had 1,800 trees on their truck when they pulled out. They expect to be back in about 10 days. The trees were cut, graded and bundled by Eddy Muzzano, and are being shipped to his brother, who is a gardener and nurseryman in the California city.

The General Construction Company moved its power shovel away from the hill at Ben Buhler's last Monday. Crews are putting a crusher into operation down near Ingram Creek. The work of drying the piles for the bridge over Salmon River is progressing favorably.

The B.C. Power Commission is placing a crew in Westwood soon to construct the necessary sub-station and distribution lines throughout the district.

Winter? Spring? Anyone's Guess in Warm Lavington

LAVINGTON, Dec. 5.—Lavington residents are noticing spring growth in their gardens owing to perfect weather conditions and sunshine experienced during the past few weeks. One farmer reports a bunch of violets a few days ago.

There was some disappointment here among the children, when the film "Bambi" did not appear at the Hall last week. The mails were delayed on account of flood and storm conditions elsewhere in the province, and consequently the film did not arrive in time.

A quantity of gas disappeared during the week from Gerald Wilcox's property.

Miss Mary Jackson has been spending a holiday with friends at the Coast.

Mrs. C. D. Osborn was a Falkland visitor on Friday.

Mr. and Mrs. John Hill were business visitors in Kelowna on Friday of last week.

A Schinkel shipped a carload of potatoes from the Lavington siding to Victoria last week.

Mrs. A. M. Osborn left recently to spend the winter in Vancouver with Mr. and Mrs. David Moss.

Miss Earla Cuthbert entertained a few friends on Friday, on her 11th birthday.

Everyone is reminded of the "Snowflake Ball" taking place in Lavington Hall on Saturday night. Surprises galore await those who attend this novelty dance. Sponsored by the Vernon Figure Skating Club, there will be both modern and old-time music for dancing.

Members of the Vernon Lion's Club, and their wives, enjoyed a banquet in the Lavington Hall on Monday evening. Members of the Lavington Work Group provided a turkey supper, with all the extras and "trimmings." The guests enjoyed dancing later in the evening.

Film Council Now Depot Member of National Society

The Vernon Film Council has become a depot member of the National Film Society of Canada. Under this plan, the National Film Society has made available 25 films for the year in blocks of five prints each, changeable every two months.

In the main they are British films with British sound tracks and ideas. Many of the scientific and travel films are of great interest.

The first "block" for Vernon is now in the Film Library at Knight's sporting goods store on Barnard Avenue.

Overseas Schools

"Children's Charter" is a 19-minute film, and describes the new type of secondary school being established in Great Britain. Because Great Britain is aware of the need of increased educational facilities, many projects are being sponsored by the government. This film is recommended for information and discussion.

"Construction of a Light Airplane" runs for 28 minutes, and was produced by the Engineering Department of Pennsylvania State College. The film would be useful in showing technical students the main features in the construction of a typical light airplane, and in giving them an appreciation of over-all significance of any particular job in relation to the finished product.

South American Product

"Coffee Land to Canada" is a 10-minute color film produced by Leon Shelly. This is a film on the growing of coffee in South America. Animated maps show the characteristics of good coffee-growing countries. Final sequences show the coffee being loaded on ships for carriage to Vancouver. The film is an excellent geography lesson, and of great use to teachers. Although a sponsored film, it is free of much advertising material.

"Country Policeman" is a British film of two reels. In his daily rounds, the policeman fills a necessary part of British life. Policing, petty thievery, enforcement of pest control and disease prevention regulations, are things he meets every day. Though sensational crime is scarce, the country policeman's enthusiasm does not lag in the protection of the peace and security of the countryside.

"Dolly Dezon at the Zoo" is a 10-minute sound film, and an account of the exercises animals perform in their cages at the zoo. The film is amusing and instructive, and is suitable for junior and primary classes in schools, or for children's Christmas parties.

These films will be in the Vernon Library until January 31, 1950.

Coal Output Tops 1948

Coal production in British Columbia was up some 2,573 tons over the same period last year. Total production for October was 160,495 tons as compared to 147,002 in October 1948.

Ratepayers Told Hotel Would Put Vernon in Envious Position

Fined \$25 on Charge Of Dangerous Driving

Malcolm F. Runacres, of Westbank, was fined \$25 and \$2.50 costs when Magistrate Frank Smith found him guilty on a charge of dangerous driving in City Police Court Wednesday of last week.

The charge arose as a result of a truck accident which took place on the Vernon-Kelowna road early in the evening of November 19.

Mr. Runacres and three friends were driving from Kelowna to Vernon in a three-ton truck owned by the accused.

At a point about five miles south of Vernon, Mr. Runacres had his attention diverted from the road for a moment. His car angled off, hit a soft shoulder and left the road for a distance of 240 feet before it came to a stop against a fence.

Two of the passengers were momentarily stunned. The three passengers were Keith Edward Runacres, of Westbank, and Barbara Edie and Betty Young, both of Kelowna.

Damage to the truck exceeded \$800.

Evidence submitted by the three passengers and the accused disclosed that Mr. Runacres was driving at a speed of between 35 and 40 miles an hour. One of the passengers attempted to throw a cigarette out of the window but it lodged on the window ledge.

While the occupants were more or less occupied with the cigarette, the truck angled off the road.

Mr. Runacres testified that rather than apply the brakes, he attempted to turn the wheel in the gravel shoulder to pull back on the road. Before he could do so, the truck tires sank in the shoulder and the truck went off the road.

In bringing in his verdict of guilty, Magistrate Smith emphasized that the driver's action when he found himself in danger of an accident was no concern of the court. The court was merely concerned with whether the accused could be said to be driving dangerously when he arrived in the position where a "very serious accident could occur."

Other witnesses in the case were Bruce Leon Rooney, of Westbank, and Sgt. J. A. Knox.

No Smoking Sign Means Just That In Kelowna Rink

KELOWNA.—First prosecutions under the fire marshal's act for smoking in Memorial Arena came in City Police Court when four men were each fined \$5 and two youths were given suspended sentence.

Fire Chief Fred Gore told Police Magistrate H. Angle arena patrons have been warned for several months that smoking on the wooden floors was prohibited.

As a fire precaution, smoking is allowed only on the concrete ramps and steps, he said.

Promotion for Al Laface

KELOWNA.—Council last week ratified the appointment of Al Laface as a sub-foreman of the public utilities department in charge of storm drains. He replaces L. White, who has resigned.

The construction of the new hotel on the City Hall site would give Vernon the top hotel accommodation in the Okanagan Valley, according to Alderman Fred Harwood. This opinion was expressed at the annual meeting of the Vernon and District Ratepayers' Association held in the Burns Hall on Wednesday night of last week.

Other topics, including the extension of the franchise of Carswell Coach Lines, the Union Library plan, the \$25,000 sewer expansion by-law and the installation of the arena refrigeration plant, were discussed thoroughly during the evening.

In addition three of the aldermanic candidates for the coming civic elections were present. They included Frank Telfer, Frank Ryall and W. H. Winfrey, who introduced themselves and explained their reasons for seeking office. They put forth some of their primary objectives if they should be elected.

The discussion of the proposed new hotel caught the fancy of the majority of the taxpayers and was the most controversial topic.

Need For Accommodation
In presenting the case for the sale of the City Hall property for the construction of a hotel, Alderman Harwood emphasized the shortage of accommodation in Vernon at present. In addition, the city will derive a revenue of \$7,500 from taxes on the land and property, he said.

Alderman Harwood cautioned those who opposed the sale of the land for what a number of them described as a "sacrifice price." He said the offer was the best the city could point to in the last five years.

In replying to a number of queries as to where the City Council would locate, Alderman Harwood said accommodation in the library would provide a general office as large as the one used at present but that the Council rooms would

be "slightly more confined." He said that the Council members were quite willing to accept any discomfort that might result.

Ryall in Support
Also in support of the hotel expansion and the sale of the property was Frank Ryall, aldermanic candidate. He gave an example of the wisdom of such a move, the industrialization of Ontario. Mr. Ryall suggested that the Ontario policy of supplying industrial sites at rock bottom prices or even for nothing was responsible in large measure for the rapid expansion of that province.

His experience in Vernon as an auto camp operator revealed to him just how important is the need for further hotel accommodation. He explained that overflow customers were constantly being referred from the hotels to the auto camps because there was insufficient hotel accommodation.

For these reasons he contended that the ratepayers should be prepared to sacrifice the property in order to secure the many benefits the construction would bring to Vernon.

Strongest opposition to the sale of the property came from Guy P. Bagnall. He stated that the sale

HISTORIC MEDICAL HIGHLIGHTS—No. 31

A MATTER OF MINUTES

DID you ever stop to think how much of your life is regulated by your clock? Getting up in the morning, going to the office, the amount printed on your pay cheque, meeting your best girl on Saturday night—It's all timed to the minute—or if it isn't, things are likely to get pretty chaotic. Your body runs on a schedule too, sleep, food, exercise—it needs them all, and regularly. Off its schedule, with irregular sleeping, haphazard eating, your body has a hard time functioning properly and efficiently. Keeping on time all the way means more fun per minute.

Time counts in illness too. Call your doctor on time, the minute illness starts, and have his prescriptions filled at once. You may prevent further complications. We will co-operate by giving the speediest of service.

Busy Bees Add New Feature to Annual Bazaar

A small group of workers, the "Busy Bees," staged a successful bazaar and rummage sale on Saturday afternoon in Burns Hall. The organization belongs to the First Baptist Church.

A new feature this year was the rummage sale, which offered items of all kinds of clothing, supervised by Mrs. Archie Carswell, Mrs. Elmer Carswell, Miss Marion Fleming, Miss Muriel Wilson, and others.

The Young People's Society provided a booth of their own work, which included stuffer animal toys, novelty wall plaques, aprons, and a variety of "superfluties." Miss Mary Stroud, president of the Y.P.S., presided over this stall.

Ronald Stroud and other members of the group assisted.

Mrs. Fred Adcock supervised the tea tables, assisted by Miss Ellen Stroud and others, who acted as servers. Preparing the refreshments "behind the scenes" were Mrs. William Campbell, Mrs. M. A. Campbell, Mrs. R. Radford and Mrs. S. Hammond.

Mrs. Theo Gibson convened the tea tables. Mrs. R. Inghram, assisted by Miss Joyce Boswell, conducted the sale of home cooking.

William Campbell and J. W. Grisdale assisted in setting up booths and other tasks in preparation for the affair.

Brush off the fur collar of your coat occasionally with toilet water. There is enough alcohol in the toilet water to make it cleansing and it evaporates leaving a pleasant smell. Use a clean cloth for the purpose.

OF INTEREST TO WOMEN

Wide Variety of Articles Brings \$700 at Church Sale

Approximately \$700 was realized by All Saints' Church Junior and Senior Guilds at their annual Christmas bazaar held Saturday afternoon in the Parish Hall.

Mrs. L. R. H. Nash is president of the Senior Guild. Mrs. Norman Bartlett is head of the Junior Guild.

The affair was not only a social occasion, but also provided an opportunity for visitors to satisfy Christmas giving lists, as well as to stock up the pantry for the weekend and holiday with a plentiful array and wide variety of home taking. This was convened by Mrs. W. S. Atkinson.

The crowd taxed the facilities of the Parish Hall to capacity. Rev. and Mrs. L. A. C. Smith and Rev. Grant E. Dale welcomed patrons.

A holiday tree was provided by the season's sprays of evergreen and red berries, arranged by Miss Elizabeth Ellison, and sold by Mrs. H. deBeck, who also looked after the sale of everlasting flowers, donated by Mrs. Harold Whitmore. Bulbs and potted geraniums also were sold.

Mrs. Stanley H. Warn and Mrs. A. E. Berry convened the Senior Guild work stall. This booth contained many practical articles; aprons in every pattern and color combination, also some "cuddly" toys and animals, suitable for small children.

The Junior Guild sponsored a dolls' wardrobe booth, candy and afternoon tea.

On the dolls' wear stall were literally hundreds of handmade doll clothes, as well as frilled and padded cradles and bassinets. This was a new venture and drew droves of shoppers, 90 percent of whom were grandmothers, mothers and aunts, who found many items for the "girl in their lives." No expense was spared for supplies. Practically everything was sold. All articles were made by the 25 Junior Guild members, each of whom also made an apron. Mrs. T. B. Bird convened the apron booth.

"What can I get for a nickel?" asked by youngsters who attended, was answered at the children's stall, convened by Mrs. M. M. Garrard. Novelties of all kinds were available for a few cents, and the stall was a sell-out. Mrs. Garrard also convened the "grab boxes."

Mrs. David Mapleton was in charge of afternoon tea. Daintily appointed tables were centred with silvered, glistening "Christmas angels." The home-made candy was convened by Mrs. Harry Gorman.

A fruit cake, made and donated by Mrs. B. C. Palfrey, was won by Harold Whitmore, who guessed 2,100 beans in a jar. The actual number was 2,112.

A doll's bed on a stand, flounced and ruffled in pink taffeta, was won by Maureen Carswell in a "hidden number" competition.

Patty White won a hand-made doll in a "hidden name" contest.

Canadian Fashion

This Canadian designed "after five" dress has gold embroidered neckline motif accented by detachable stole.

St. Andrew's Day Dinner Sponsored By Coldstream W.I.

A turkey dinner, plus ham and "all the trimmings," was enjoyed by about 100 people on Wednesday evening of last week in Coldstream Women's Institute Hall.

The dinner is an annual affair, always held on St. Andrew's Day, and sponsored by the W.I.

Tables were decorated in the Institute colors, of green, white and gold.

Mrs. H. H. Stillman convened the dinner. Mrs. J. T. Fowle was in charge of bridge and whist, which followed the dinner. Mr. and Mrs. David Parkin were awarded the bridge prizes; Mrs. D. W. Seales winning the women's award for whist, and E. Burnett, the men's prize.

The affair realized an approximate net profit of \$80 which will be used for Women's Institute projects in Coldstream.

While tables were being cleared, a community sing-song was conducted by Mrs. Stephen Temple and Bandmaster Herbert J. Phillips.

The St. Andrew's dinner in Coldstream was started a few years ago by the late Mrs. M. A. Curwen, at that time W.I. president. The affair has been perpetuated owing to the good start made under her direction, and partly in her memory.

For the Bride

Mrs. John Lemisik was hostess at her home on Wednesday evening of last week, honoring Miss Epling, a bride-elect of December 17.

About 22 persons attended the affair, which took the form of a miscellaneous shower. Miss Bernice Conroy, on behalf of the guests, presented the honoree with a decorative pink and blue basket containing a variety of practical and beautiful gifts. Causing much amusement was the perusal of a scrapbook compiled by friends of the bride-elect.

Mrs. O. L. Epling presided at the urns. The supper table was laid with a lace cloth, and centred with arrangements of gold and bronze chrysanthemums.

Stick cinnamon is used with certain gums to make incense and an air freshener.

"Smackin' good... it's GRO-PUP"

It's Gro-Pup for dogs of all ages, sizes and breeds, any kennel owners. Has every vitamin and mineral dogs are known to need! (Thrifty, too! Not 70% water like most canned dog foods.) Gro-Pup comes in "cubes" and "meal" - your grocer has both.

YES, SMACKIN' GOOD... IT'S GRO-PUP

Christmas Party for Westwold Children Sponsored by W.I.

WESTWOLD, Dec. 5.—The regular meeting of the Women's Institute was held on Thursday of last week at the home of Mrs. William Malcolm, in the absence of the secretary, Mrs. Malcolm acted in that capacity.

Final plans were made for the Christmas Tree party, to be held in the Hall on the closing day of school, December 20.

Replying to an offer made by the local branch of the Canadian Legion, the W.I. will share expenses and profits of the New Year's dance.

The Institute endorsed the proposed pedestrian foot path on the south side of the new highway grade through the main section of the community.

The next meeting will be held at the home of Mrs. F. W. Hobkins, on January 5.

Westwold News Items

Mrs. Robert Clementson has returned from an extended holiday spent at the Coast.

H. McArthur, Inspector of Schools for this area, visited the Primary Division on Wednesday morning of last week.

When the hem of the curtain is stiff, and stuck together with ironed starch, care must be taken when inserting the rod. A safe method is to slip the fingers from an old glove over the end of the rod and then, carefully work your way through the hem.

Newspaper Picture Of Haida Crew Men Includes Native Son

On page one of the December 1 edition of The Vernon News was a picture of officers and members of the crew of the Canadian destroyer Haida, who picked up survivors of a B-29 crash in the open sea off Bermuda.

Fourth from the back, top left of the picture, is chief petty officer Tom Carter, 29, native of Vernon, fourth son of Mrs. G. M. Carter, of his city.

P.O. Carter is coxswain on the "Haida."

He joined the R.C.N. in 1938 as a boy seaman. Although out of the navy for nearly two years, he returned to sea and is now serving his tenth year.

Mothers Learn Cubs' "Jungle" Haunts, Games

Wolf Cubs of the First Vernon "B" Pack escorted their mothers to the lower hall of the United Church on Friday evening of last week in order that they might meet "Akela" and "Baloo," and to see what goes on at their jungle meetings.

Under the light of "the moon," the Cubs came from their lairs to greet "Akela" with their grand howl and to welcome their mothers with three wolf howls.

Young and older persons took part in musical chairs, with Jimmy Langstaff emerging the winner. Flag Knowledge Tested

To test the knowledge of the Union Jack, the boys were divided into two teams, representing the Scotch and the Irish, to compete in a flag game.

Lights went out to return to the jungle. The story of how Mowgli came to live with a family of wolves was told. The boys acted the characters of the woodcutter, tiger, jackal, bear, wolves and a tuffrog in Kipling's well known story. Pictures of jungle animals were displayed on the notice board, with a drawing of the "Lone Wolf" by Kenny Nickel, Senior Cub of the Pack.

The "Yellow Six" won the monthly competition, thus having their wolf head at the top of the totem pole, followed by the brown and red. All Cub names, with their records, are attached to each head.

From the mouth of the wolf on the totem, David Harvey and Thorburn received their cap stars.

Progress of the individual Cubs through the jungle, is recorded on the Pack chart.

Refreshments of cookies and soft

Rummage, Checking Coats, Holly Sales, All Help Stagettes

Activities of the Vernon Stagette Club are well underway for the coming year, and members are busily engaged in the organization's various projects.

The results of the recent rummage sale were gratifying, the executive states. Proceeds amounted to \$73.75. This money, with that collected from nightly coat-checking at the theatre, will be used by the club's philanthropic work.

One of these projects was furnishing the children's ward at the Jubilee Hospital.

With the approach of the Yuletide season, the Stagettes are already getting into the spirit of Christmas. They plan to sell holly sprigs in the Vernon business district on Saturday, December 17.

Parcel Depot to Be in Scout Hall This Christmas

The Scout Hall will be used for a parcel depot by the Post Office, from December 16 to 31. Postmaster A. E. Lefroy announced.

This arrangement is for incoming parcels only. Outgoing parcels will be handled in the Post Office in the usual way.

Persons to whom parcels are addressed will be notified that these can be picked up at the Scout Hall, upon presentation of the card which they will receive.

The old Methodist Church, which was used for a parcel depot in recent years, has now been demolished.

Mr. Lefroy urges everyone to heed the deadline for mail to all points in the United States, which is tomorrow, Friday, December 9.

Deadline for Newfoundland is December 10; Maritimes, December 11; Ontario and Quebec, December 15; British Columbia, December 17.

"If people abide by the local deadline, which is a week from next Saturday, all mail should be distributed by Christmas," Mr. Lefroy declared.

The "snowing under" by envelopes with one-cent stamps, mixed in with business and other letters bearing four-cent stamps, results in delay all round, the postmaster emphasized.

First class mail, going out of the city, should be tied in bundles. Cards, bearing one-cent stamps, for outside the city, should be tied in bundles.

Cards for delivery in Vernon, bearing one cent stamps, should be tied in bundles separately.

drinks were served to the mothers by the Cubs.

Leaders are: "Akela," Mrs. G. Hembling, "Baloo," Mrs. G. Werner, and "Mowgli," Scout Herbert Thorburn.

Home League Holiday Sale, Tea, in Citadel Saturday

The Home League of the Salvation Army is holding a tea and sale on Saturday in the Citadel, at 2:30 o'clock in the afternoon. Home cooking, fancy and practical sewing will be for sale, and afternoon refreshments served.

Cherryville Social Notes

CHERRYVILLE, Dec. 6.—Fred Uttike returned to his home in Cherryville this week after spending a month visiting his daughter, Mrs. Bert Hines, of Vancouver.

Arthur Uttike is a patient in the Vernon Jubilee Hospital. He recently returned from Alberta.

Freeman Sauft returned to his home in Victoria after spending two

weeks with his brother in Cherryville. He attended the funeral of his father, Gustav Sauft, who died on November 21.

Mr. and Mrs. E. A. Rennie returned from the Kamloops Fat Stock Show.

Mrs. Pete Chumard is a patient in the Kamloops Hospital. She was visited over the weekend by her husband and children, Florence, Arthur and Nellie.

CANADIAN GENERAL ELECTRIC COMPANY LIMITED

APPEZIZING APPLE CAKE

Recipe

Measure into bowl, 3/4 cup lukewarm water, 1 teaspoon granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 minutes, THEN stir well. Scald 3/4 cup milk and stir in 3/4 cup granulated sugar, 1/2 teaspoon salt, 2 tablespoons shortening, 1/2 cup lukewarm water. Beat in 1 cup once-sifted bread flour. Add yeast mixture and 1 beaten egg; beat well. Work in 2 1/2 cups once-sifted bread flour. Knead lightly; place in greased bowl and brush top with melted butter or shortening. Cover and set in warm place, free from draft. Let rise until doubled in bulk. Punch down dough and divide into 2 equal portions; form into smooth balls. Roll each piece into an oblong and fit into greased pans about 7 1/2 x 11 1/2. Grease tops, cover and let rise until doubled in bulk. Peel, core and cut 8 apples into thin wedges. Sprinkle risen dough with 3/4 cup granulated sugar and lightly press apple wedges into cake tops, sharp edges down and close together. Mix 1 cup granulated sugar and 1 1/2 teaspoons cinnamon; sprinkle over apples. Cover and let rise about 1/2 hour. Bake in moderate oven, 350°, about 1 hour. Serve hot, with butter.

New Fast-Acting Dry Yeast Needs NO Refrigeration! Stays fresh and full-strength on your pantry shelf for weeks! Here's all you do:

- In a small amount (usually specified) of lukewarm water, dissolve thoroughly 1 teaspoon sugar for each envelope of yeast.
- Sprinkle with dry yeast. Let stand 10 minutes.
- TIHIN stir well. (The water used with the yeast counts as part of the total liquid called for in your recipe.)

Order a month's supply!

Mrs. Fred Morris Opens Women's Curling Season

Mrs. Fred Morris, senior member of the Vernon Ladies' Curling Club, threw the first rock in the Vernon Curling and Athletic Club rink on Thursday afternoon of last week, opening the 1949-1950 season.

Competition play for the women will start on January 3, with scratch games and round robins being played this month to break in newcomers and to get the other players into competition form.

Prospective members are welcome to practice any afternoon without obligation, with experienced players on hand to aid in coaching.

Arrangements are being made for a baby nursery, to enable mothers to concentrate on the game, knowing that their young babies are in good hands.

Vernon Resident Faithful Choir Member 35 Years

"God willing, this Christmas," to use her own words, Mrs. Gertrude Robey will sing the carols, perennial, but ever new, in All Saints Church choir for the 35th consecutive year.

Since 1915, Mrs. Robey has been a regular, active member of the Anglican Church musical aggregation in Vernon.

Mrs. Robey, in an interview on Friday, looks back on a long lifetime of association with music of the Church of England.

Her father sang in the choir of Darford St. Martin, near Salisbury, Wiltshire, England, for 50 years.

As a child, Mrs. Robey knew the chants, many of the hymns, and could "point" the Psalms. In those days there were no gowned or sur-

pliced choirs for girls and women, but from the age of 12 she sang in the choir of that ancient church.

Here Since 1911

Mr. and Mrs. Robey and their young family came to Vernon in 1911 from their native England. Within two years after their arrival here, Mr. Robey died. Although his wife was faced with the upkeep of a home and bringing up her family, "I found there was one thing I could do for my church, and that was to sing in the choir," she said.

In 1915, All Saints' choir was depleted of many members owing to the outbreak of World War One, and in that year, Mrs. Robey joined the aggregation. Her son, Allan, was a choirboy at the same time.

The choirmaster then was Mr. Parker. Every Friday evening Mrs. Robey attended choir practice, and both services on Sunday, singing soprano in her younger days, and now mezzo-soprano.

The late H. deBeek was organist a few years later. With

the late "Happy" Tonge as choir master, All Saints' choir enjoyed the reputation of being one of the best in the Interior, Mrs. Robey said. Oratorio music was sung at Easter, Christmas and other church festivals.

Mr. Acres, A. Waring Giles, R. Statham, and the late J. A. Manson, were all choirmasters at All Saints' during the past three decades. When Mr. Statham was organist, Mrs. Stephen Temple, then Mrs. Daniel Day, was choir leader.

Mrs. Robey states that the console of the organ now used in All Saints' was rescued from the fire which destroyed the edifice in the '20s. While the church was being rebuilt, services were held in the old Methodist Church, Mrs. Robey recalls.

Says Mrs. Robey: "The moment I hear the chants in the Cathedral Psalter, the words just come out of my mouth."

Mrs. Robey makes her home now with her son and daughter-in-law, Mr. and Mrs. Ronald Robey.

Indoors or out, your man will especially like a steaming cup of fragrant Canterbury—the tea that let's him relax. Enjoy hearty Canterbury with him—it's the traditional blend most Canadians prefer.

and it costs you less at SAFEWAY

Pictures in Black and White Give New Concept of Art

—B.C. Government's Travelling Exhibit Here

Twenty pictures in black and white gave local art lovers a fresh insight into the potentialities of pen and pencil art in the travelling exhibition staged in the Legion Centre on Friday and Saturday.

The showing was sponsored by the Provincial Government, organized by the Vancouver Art Gallery, and sponsored locally by the Vernon Art Group. Pictures were by the well-known artists, B. C. Binning and Lemone Fitzgerald.

Drawings are more revealing than paintings, and both artists showed a different concept.

Mr. Binning featured everyday subjects, leaving them in what could be called a partially unfinished state, to keep their vitality. Mr. Binning's pictures made no attempt to represent nature exactly but the observer had no difficulty in coming to terms with them at once. Their line was robust and very much alive and they betrayed a

sense of kindly humor. No line was apparent in Mr. Fitzgerald's pictures. They were put together in a subtle, delicate and sensitive way, and could almost be called paintings in tone. The commonest objects, often used as models in art schools, were depicted with appreciation of their form. This is the first of three travelling exhibitions scheduled for the winter months. A commentary was supplied through recordings for last week's showing.

Enderby Anglican Bazaar Tops Six Year Sale Mark

ENDERBY, Dec. 3.—One of the most successful bazaars to be sponsored by St. George's Anglican Church W.A. in recent years was held in the Parish Hall recently.

Mara Community Club Donates to Christmas Fund

MARA, Dec. 6.—The Mara Community Club held its regular monthly meeting on Friday afternoon at the home of Mrs. Eric Eriksen. A donation of \$10 was made to the Mara Christmas tree committee, which will use the funds to purchase gifts for Mara children.

Miss N. Ford and Miss R. Macaulay, the Canadian Faith Mission, held Sunday for Grindrod after speaking two weeks in Mara. They held services in the St. Matthew's Church each evening. Prizes were awarded at the Mara School to Stan Cross, Bernadine Ludwig, Peg Robertson and Louise Kilt. The children were entertained in the church on Friday evening.

The final service held by Miss Ford was on Sunday afternoon when she read the service message. Beverly, Bernice and Kenneth Green were visitors to Enderby on Saturday.

Art Rosoman and Norman Brown, of Vernon, spent Sunday evening at the home of Mr. and Mrs. C. Hill, of Mara.

Mrs. T. B. Johnson, accompanied by Mrs. Nell Kilt, were visitors to Armstrong on Friday.

Mrs. Rose Macready left last week for Kamloops, where she will spend the winter months with her son-in-law and daughter, Mr. and Mrs. R. T. Robertson.

Mrs. Jack Venus paid a brief visit to her mother, Mrs. K. Gray, enroute to her home in North Bend, from Calgary.

Mrs. Ed Robertson returned to her home in Mara following several months in Oyama.

Okanagan Landing Bazaar Raises \$230 for Hospital

OKANAGAN LANDING, Dec. 3.—There were numerous attractions for a large Saturday afternoon crowd of residents and friends from Vernon and plenty of local support, at the bazaar and tea, sponsored by the Okanagan Landing Women's Auxiliary to the Jubilee Hospital in the Community Hall on November 26.

Total proceeds were \$230. This completely pays for furnishing a ward in the Jubilee Hospital, equipped entirely by the Okanagan Landing W.A. The achievement represents a community effort, as the Auxiliary projects have received the support of practically every resident.

General convener of the affair was Mrs. J. Trewitt, assisted by members of her organization. Practical articles, as well as many items useful for seasonal giving, were on the sewing and fancy work tables. Mrs. Henry Rottacker and Mrs. L. Edwards convened this section, with Miss Mabel Donaldson and Mrs. O. Gray in charge of the proceeds.

Trend, rolls, pastries, cakes, and fruit and jam found a ready sale on the home cooking stall, convenered by Mrs. Hugh Campbell, and Mrs. J. T. Antwerp.

Mrs. Frank Harwood was afternoon tea convener, with Miss Doris Harwood and Miss Dorothy

Harwood acting as servitors. The tables were daintily appointed, and centred with vases of fresh flowers.

Under the direction of Mrs. J. Venio, the district children had made a number of dainty and useful articles, which they sold themselves. Of the total receipts, \$20 came from this effort.

A prize of a doll and cradle was won by Linda Campbell-Brown. Superstitions or "white elephants" added to the afternoon's receipts, and this department was convenered by J. B. Woods.

Mrs. Fred Allen convenered the home-made candy booth.

Three prizes were offered in connection with the affair. Mrs. J. B. Woods won a quilt, and her husband a tea-caddy. A turkey was awarded to Mrs. Oliver Wolsey.

Indicative of the "California climate" enjoyed by the Landing residents, was the quantity of chrysanthemums from local gardens, used to decorate the hall.

Ratepayers Hear of New Vernon Hotel Commission Set Up for Doukhobors

(Continued from Page 17)

of the property for \$10,500 was much too low.

Mr. Bagnall advised the City Council to make some provision for permanent quarters before it sold the present City Hall site as "there is at present no alternative to the present site."

Parking Problems

Mr. Bagnall warned the new hotel would place three hotels in a single intersection and would increase greatly the parking problems in that section of the city. He advised some provision for the parking of cars should be made in the contract if the property is sold.

He also expressed opposition to the construction of a number of stores in the hotel.

Mr. Bagnall spoke against the layout of the hotel as presented in the preliminary plans. The location of the dining room in the basement was certainly not the best place for a dining hall, he said.

The preliminary plans call for a beer parlor which would bring to three the total of beer parlors on a single corner. Mr. Bagnall maintained there was no need for further licensed premises in Vernon.

Bert Mattock, president of the Ratepayers' Association, queried whether the new hotel owners would agree to a tax on their property of \$7,500 when revenue derived from the Kalamalka and National Hotels was in the neighborhood of \$2,000 each.

Alderman Howie explained taxes were naturally higher on the new building and suggested that taxes on the Kalamalka and National Hotels would likely increase when the programs of expansion and renovation were completed.

R. D. Douglas contended that when the Kalamalka and National Hotels have carried out their planned expansion programs Vernon will have accommodation superior to that of Kelowna.

No vote was taken on any of the matters under discussion but all the pros and cons of the questions were thoroughly aired.

Bus Line Franchise

The discussion of the Carswell Coach Lines franchise brought out a number of conflicting points of view. Voters will be asked today, Thursday, to decide whether the franchise should be extended for another 10 years.

Henry Hudson, secretary of the Ratepayers' Association, opened the discussion, suggesting some effort be made to have Sunday and holiday service guaranteed in return for the extension of the franchise.

Alderman Harwood explained that the Sunday service was discontinued because it no longer paid the company to provide a bus on Sundays.

Mr. Mattock interjected that he believed public utilities were supposed to have service as their principal objective whether a profit was made or not.

In regard to the standards of service supplied by the company, Alderman Harwood explained that the company came under the jurisdiction of the Public Utilities Commission. He said that the Commission ensured that the company "come up to scratch" with regard to condition of buses and service.

Ten Years Is Too Long

George M. Reed agreed that the Carswell bus franchise should be extended because they had "provided a service in pioneering the bus lines," but he thought that 10 years was too long. He advocated a period of five years as "quite long enough" and that the people could express their opinion of the bus lines every five years.

The library referendum asking opinion on joining the Union Library organization with the city providing the accommodation and the staff, was also discussed.

Alderman George Melvin spoke in support of the Elementary School library as the ideal site for the Union Library. He said the bookshelves of the Elementary School were only partially filled and would provide plenty of space for the city library.

He also drew attention to the advantages to the students in having the use of the books provided by the Union Library.

Mr. Bagnall said that he would not ordinarily support an increase in taxes but in this case he felt the move was for the good of the community. For this reason he would support the library referendum.

Discussion of the \$25,000 sewer extension bylaw was limited to a brief explanation of the proposed expansion by Alderman Harwood.

Controversial Issue

The installation of the ice refrigeration plant in the civic arena without submitting the project to the people through a bylaw proved a controversial issue.

Alderman Howie explained the actions of the Arena Commission by stating that the ice had to be put in early and since no agreement could be reached with the regular supplier, other solutions to the problem had to be sought.

The speaker explained the Arena Commission let out tenders and accepted the offer of a Vancouver engineering company. He concluded by saying the city now has the money to pay for the installation of the plant without submitting the matter to a vote.

Mr. Reed and Mr. Hudson found the main weakness to be the failure of the Arena Commission to submit the matter to the people for approval.

Mr. Bagnall said the Arena Commission was created by special act of the B.C. Legislature and therefore had special powers.

Alex Smith stated the action of the Commission was not right. He concluded with the paradox, "They did wrong, but still it was a good act," because it supplied an urgent demand.

Alderman Melvin and Arena manager R. A. Reader both declared the ice machinery was essential. Alderman Melvin said he did not support the move when it was voted on by the Council.

Election Candidates

The meeting was concluded with the introduction of three of the aldermanic candidates for the coming civic election.

First was Frank Ryall, formerly an executive engineer of the Ford Motor Company and now a Vernon business man. A combination of factors including a desire to help his fellow citizens plus more spare time than he has had before, brought Mr. Ryall into the field of civic government.

Frank Telfer, a man who has spent a number of years in the grocery business, explained that prosperity and success for the city of Vernon could only improve his own position. Therefore he would work hard to improve Vernon and especially to see the city was developed industrially.

W. H. Winfrey, who was nominated for the candidacy by the Ratepayers' Association, had a good deal of experience on other councils to recommend him, as well as his vow to co-operate with the other Council members and the people, in securing the very best for Vernon.

Oyama Drama Club Begins Casting, Selects Plays

OYAMA, Dec. 5.—The plays, "Brothers In Arms," by Merrill Denton, and "Heaven or Earth," by Philip Johnson, were chosen for this year's performances by the Oyama Dramatic Club when members of the club held a meeting in the home of Mrs. A. Cushing on Monday of last week.

The two plays were read and casting for the plays began Monday. Mrs. G. Pottery will again direct the group and will welcome anyone who wishes to take part in the season's activities.

The directors and conveners of the Kalamalka W.I. held a joint meeting at the home of Mrs. L. Norman Tuesday of last week. Plans for a busy year were made. Mrs. A. Cushing is planning to have classes in leather work, pottery and other handicrafts. Mrs. R. Tucker will arrange a talk by a cosmetician.

Miss Chapman hopes to have Miss N. Wallace, Public Health Nurse, visit the members of the W.I. to have a round table discussion with mothers.

Miss Judith Myrtle is in charge of a film showing, Friendship Tea and a clothing drive for Unitarian Relief in the spring. A clothing drive held recently was successful.

The Oyama Community Club will hold a bridge and whist drive tomorrow, Friday. The club is going ahead with plans for a big New Year's dance when the Ambassadors Orchestra will provide the music.

Will Santa come this Year?

Her tiny tot hopefully questions—"Will Santa come this year?" Her tall son asks "Will I be able to go to College next fall?" Her daughter pleads "May I have a new dress for the school formal?"

She has to make all these decisions herself now. How wonderful for her to be able to say "yes", thanks to her husband's Crown Life policies, arranged to meet their particular requirements. How grateful she is that he had so clearly realized their vital need for Life Insurance.

Let a Crown Life representative show you how Life Insurance can help you in planning your family's security.

Large Crowd at Falkland Club Bazaar

FALKLAND, Dec. 6.—A large crowd attended the bazaar held under the auspices of the Young Women's Endeavor Club. Sewing, cooking, contests were held and bingo was played with good results going to the winners. Mrs. J. A. Ferguson, of Glenemma, was the winner of the rug contest in the draw. Thomas Churchill won the footstool and the cushion in the sewing contests. The long spell of lovely, mild weather is over and freezeup is here. The General Construction Co. is preparing to "shut up shop" in this part of the district until the spring. During the past 10 days a lot of work has been done on Falkland's main street. Mrs. Anna Ferguson and son, Lee, have been holidaying at Chilliwack for the past week. Mrs. Ferguson is meeting her sister who motored to Chilliwack from Oregon, U.S.A. They will meet at the home of their nephew, Harold Bullington.

Malkin's Tea

It's so Economical

You get 200 cups in every pound of Malkin's Tea, so every cup costs only a fraction of a cent. It's really kind to your pocket book in these days of high food costs!

It's so Delicious

Malkin's experts select the pick of the world's finest teas and blend them skillfully to bring you matchless fragrance and flavor.

200 Cups in Every Pound of MALKIN'S TEA

SCREEN FLASHES

If it's laughter you're after—and who isn't these days—don't miss "Mr. Belvedere Goes to College," new comedy which opens tonight, Thursday, at the Capitol Theatre. The most screamingly funny thing to happen on the screen in years and years, it's even more hilarious than "Sitting Pretty," last year's rib-tickling hit which introduced the suave, sophisticated Clifton Webb as the self-styled genius, Belvedere. Shirley Temple is co-starred in the laugh-packed hit as a war widow who has to be convinced that Belvedere is as good as he seems.

A powerful dramatic story set against the exciting background of a roadhouse brings together four of the screen's top stars—Ida Lupino, Cornel Wilde, Celeste Holm and Richard Widmark in "Road House," the new screen hit which opens Monday at the Capitol Theatre.

"Road House" is packed with hard-hitting drama, dynamic action and suspense as it chronicles the tale of an entertained who becomes the centre of an unusual triangle involving two men of widely contrasting temperaments.

Glenn Ford and William Holden are co-starred in the Technicolor action epic of the brawling Colorado frontier, "The Man From Colorado," which will open at the Capitol Theatre next Wednesday. The cast of supporting players is headed by Ellen Drew, with Ray Collins, Edgar Buchanan, Jerome Courtland and James Millican in other prominent roles.

One of the greatest aggregations of wild animals ever assembled appears in "Jungle Jim and the Lost Tribe," now on view at the Empress Theatre with Johnny Weissmuller starred in the title role. There are 50 lions, roaming around, with assorted tigers, sharks and crocodiles also appearing in the film.

Second feature is Rocky Lane in "Oregon Trail Scout."

New Kelowna Schools Open in December

KELOWNA.—Official opening of the three new high schools constructed in Kelowna and district, will take place the middle of December, according to School Board officials.

Hon. W. T. Straith, provincial minister of education, will officially open the Kelowna and Rutland high schools on December 14, and the George Pringle High School at Westbank will be opened the following day.

"Timber!" Axes Swing As Xmas Tree Cutting At Peak

KAMLOOPS.—The cutting and exporting of Christmas trees has become a large seasonal industry in Kamloops, and this year, due to the warm weather prevailing this fall, the output will likely be heavier than usual.

Three firms handle the Christmas tree harvest in the Kamloops area. These companies are all branches of United States firms, to which the bulk of the trees are sent.

Kamloops is the major shipping point, but some carloads are also shipped from Kelowna, Lumby, Rock Creek and Williams Lake. Some workers make as much as \$15 a day cutting the trees, but the season of work is a short one. They average 11 cents per tree.

Close to a million trees were shipped out of Kamloops last year due to a smaller production in the Kootenay because of disease-affected trees, and with the long, warm harvesting season this year it is expected the yield will be about the same.

Christmas trees are a commodity of absolutely no value after December 26, and therefore must be regarded as "perishable" before that date—or rather before Christmas Eve, December 24.

The process of procuring Christmas trees is a complicated one. It occupies most of the year, despite the fact that the harvest is over in about five or six weeks. During the summer men tour the country locating trees that will be satisfactory from the buyer's standpoint and will also meet the forest service's regulations governing Christmas trees. No trees are cut on areas which might produce sawlogs.

Cutting starts shortly after October 1. Trees are hauled to the roadside by cutters and then picked up by trucks operating on contract to the shipping firms. Once in the yard of the shippers the trees are graded, banded and tagged before being loaded into railway cars for shipment.

Cutting Christmas trees is an art in itself. Certain principles must be adhered to. The large limb near the ground must be left, and the stem cut above it. In a couple of years that limb will straighten up and become the stem, using the original root system. It can be cut in six or eight years hence as a Christmas tree.

Amateur Talent Raises \$160 for Winfield Church

WINFIELD, Nov. 29.—A capacity audience assembled in the Winfield Memorial Hall on Thursday evening of last week to attend the first amateur talent concert to be presented here.

The production was arranged by the Women's Federation of the United Church, and the proceeds of \$160 are for the building fund for the new church.

Rev. Stuart Crysedale was master of ceremonies. After the singing of "O Canada," with Mrs. J. Seaton at the piano, the following program was presented: Yvonne and Ann Samachenko, piano duet; Albert Gibb, vocal solo, "My Task"; Eva May Laing, Scottish dance; Mrs. E. Berry, vocal solo, "An Irishman's Dream"; Maureen McClure, piano solo, "Valse Brillant"; Elsie Shuster, vocal solo, "Bless This House"; Daphne Garner, violin solo, Gluck's "Andante"; Leonia Hoya, vocal solo, "Irish Lullaby"; Mrs. Delmar Reisinger, reading, "Bill Perkins' Toboggan Slide"; Elaine Cleddie, piano solo, "Meditation."

Entertainment For All
Donna Sherritt, piano solo, "Dilly Dolly Polka"; Elmer Millan, vocal solo with guitar accompaniment; Merle Miller, piano solo, "Rondo Capriccioso"; Ethel Uhrich, piano accordion solo, "Rosatinda Waltz"; Jack Edmunds, violin solo, "Medley Overture"; Donna Sherritt and Donald Arnold, piano duet, "American Patrol"; Maureen McClure, ballet dance, "Glow Worm"; John Denke, harmonica solo; Mary Bury, vocal solo, "Beside Still Waters"; Mrs. Reisinger, Mrs. Ziprick, Mrs. Seibel, vocal trio, "Three Old Maids"; Margaret Rounce, piano solo; Eva May Laing, Scottish dance; Danny Hatcher, piano solo, "Hopak."

During intermission, candy and Christmas cards were sold.

The adjudicators were Mrs. Pettypiece, Mrs. Phyllis Hill and Mrs. Ann Manson.

Six cash prizes were offered, contestants gaining awards being: first, Eva May Laing; second, Merle Miller; third, Mrs. E. Berry; fifth, Margaret Rounce; sixth, Daphne Garner.

Bank of Nova Scotia Expands Services in '49

Continued high activity and a greatly expanded banking service over the past year are the features underlying the Bank of Nova Scotia's 118th annual statement.

Total Assets Grow

Evidence of the expansion in the bank's operations can be seen in the growth of its total assets, which stood at the end of the bank's year at an all-time high of \$806,308,701, an increase of \$56,692,854 over the figure shown in last year's statement.

Total loans at the year end showed an increase of almost \$47 million over 1948. The greatest factor in this increase is current loans in Canada, which are up \$31 million.

Deposits also reached a new high in the year, amounting to \$749,190,264, an increase of over \$69 million.

The bank's liquid position was maintained with cash standing in the relation of 11.99 percent to public liabilities. Quick assets totalled 61.72 percent of the total public liabilities.

Over the year there was a moderate reduction in holdings of government securities, which now stand at \$264,179,655.

Total profits for the year were \$4,705,724, after making provision for bad and doubtful debts.

Dividends to shareholders, as well as provision for a 30-cents-per-share extra distribution payable in January, 1950, left a net profit of \$499,311.

Total earnings over the year amounted to \$1.91 per share. Last year's earnings per share were \$1.67.

Kelowna Truckers Ask Flattop Ferry To Ease Bottleneck

KELOWNA.—The construction of a flat-top ferry to relieve the present and obvious congestion on the Kelowna-Westside ferry service is being urged by the Kelowna and District Transport Association. D. A. Chapman, president, has forwarded this request to Hon. E. C. Carson, Minister of Public Works. Mr. Chapman in his brief points out that the only permanent solution of the situation is the construction of the east side road, but urges that some immediate steps be taken to avoid the obvious tremendous bottleneck which develops in the spring. Although this is a quiet season of the year for traffic, yet the present ferry service cannot handle the movement of vehicles.

Acclamation Returns Kelowna Council and Trustees to Office

KELOWNA.—A civic election will not be necessary in Kelowna this year. When the deadline for filing nomination papers for the 1950 City Council and School Trustees for School District No. 23 passed at noon Thursday of last week, Mayor W. B. Hughes-Games, Alderman W. T. L. Roadhouse, Alderman R. Parkinson and R. D. Knox were the only people who had complied with the election act, and they were elected by acclamation.

There was a last minute surprise,

however, in School Board nominations. H. A. Truswell filed papers for School Trustee, along with E. L. Morrison, who, last Monday, announced his intention of running for School Board. Both men will complete the unexpired one-year terms of Roy Pollard and Gil Merwyn, who resigned from the Board. A third appointment will be necessary, however. This will be for a two-year term.

Biggest surprise in municipal elections came from Peachland. Two men will be running for Reeve, while no less than nine people came out at the last minute and filed nomination papers for the three vacant Council seats.

In Glenora, C. M. Lipsett got the Reeve ship by acclamation, while three people will be contesting the two vacant seats.

Insofar as Kelowna was concerned, little interest was shown in the civic election during the past few weeks. R. D. Knox is the only newcomer to the Council.

However, even though there will be no civic election, taxpayers will be marching to the polls today, Thursday. Two important bylaws will be presented to ratepayers. They are the property exchange by-law, asking taxpayers to approve the transfer of civic centre property with that land owned by the provincial government, and a \$185,000 school loan bylaw. This will pave the way for the construction of the proposed government building, while the school loan bylaw is for the construction of new schools and additional classrooms.

Convention Resolutions Reflect Steadily Shrinking Fruit Markets

Faced with a greatly diminished market that shows signs of shrinking further and confronted next year with open competition from American fruit imports, Okanagan orchardists are probing every lane that can possibly open up an inroad to expand home and off-shore markets.

This fact is easily apparent through a glance at the main resolutions list to be presented at the 60th annual convention of the British Columbia Fruit Growers' Association in Penticton on January 17, 18, 19.

Some of the vital topics on the agenda are: treatment of cee grade, specialty salesmen, Bartlett pear pools and picking, prune surpluses, imports and restoration of an austerity program, unmarketable varieties of apples, and a Canadian subsidy for export fruits.

Meeting in the Vernon Fruit Union Hall on Friday afternoon, members of the Coldstream local of the B.C.F.G.A. carefully considered these resolutions and gave instructions to the delegates they will send to the convention.

So that growers would learn of the work that the B.C.F.G.A. executive and members of B.C. Tree Fruits Ltd. are doing for them, some Coldstream orchardists would like as many growers as possible to attend the convention.

John Kosty set the theme for this discussion when he referred to comments by some growers on the street that "the Tree Fruits men just sit in their Kelowna offices" and do not do anything. Mr. Kosty said some growers took the attitude that these men were getting away with "highway robbery."

He said that if these men would attend the convention they would really get an eye-opener.

Tom Hill backed this comment: "Money for delegates is money well spent." He referred to the convention as the growers' "only contact" with the inner workings of the organization.

These viewpoints caused members of the Coldstream local to reconsider a motion they had passed at an earlier meeting. Pointing to a general increase in convention expenses for the numerous locals, the motion asked that the constitution be changed so that "each local may elect one delegate for every 100 members or fraction thereof to attend the annual convention."

VERNON RADIATOR CO.

1814 32nd Street Phone 869

rior has become such a serious menace and as the disease is threatening the entire profitable pear industry with possible extinction, Creston growers want special investigations by agriculture scientists and enforcement of a penalty by the government to those growers who do not remove blight infected trees.

Vernon growers want officials to present the latest data on blossom spray thinning at the various B.C. Fruit Board meetings.

Tree Fruits officials are asked to investigate the possibilities of closer co-operation with the canners of B.C. fruits with a view to stimulating sales by joining in an advertising campaign. Also in the canning field, growers want a label with the words—"grown and canned in the Okanagan Valley"—placed on every can of peaches, apricots, prunes, pears, cherries, and vegetables.

Mice Plague With the mouse population in orchards increasing until at present it constitutes a plague, the Game Commission is asked to protect coyotes, hawks, weasels, owls and crows as these help eliminate the pest. Coldstream orchardists did not see how this resolution could be passed when recently agriculturalists in the province asked that predator bounties be increased.

The perennial question of school taxes is put before the convention through a resolution from "Grand Forks" which calls for the executive to consult the government with the view of having school taxes taken off the land.

C. M. Watson proposed that a resolution of appreciation be sent F. A. McGregor who recently resigned as government combines official. Mr. Watson said: "Because of what he did, we have central selling."

Keen Interest By Penticton Students In Driving Course

PENTICTON.—"Sportsmanlike Driving"—that's the title of the textbook used, and it's also one of the principles behind the new driving course being given at the local high school.

Lectures started recently with a full slate of 20 keen young students in attendance and with another 40 would-be drivers enviously looking on.

That is one indication of the student interest aroused in the course. Only a roll call of 20 could be handled, so the names had to be drawn out of a hat.

"It's a very thorough course and we are going to make it as interesting as possible," said H. D. Pritchard, principal of the high school,

who has been pleased with the student and parent reaction.

The lecture section of the course will be completed by February 28 of next year and the representatives of the Vancouver Traffic Safety Council will arrive here with a dual control car at the beginning of March.

Twenty hours of instruction will be given in this section of the course, eight of them behind the wheel of the car.

Mr. Pritchard, J. Y. Halcorow, and K. I. McKenzie will present the theory section of the lectures and the practical work will be supervised by instructors from a Vancouver driving school.

So far the course is an experiment, and all lectures are given after normal school hours, but officials hope that in the near future the Department of Education will place it on the curriculum.

MINARD'S "KING OF PAIN" LINIMENT

Spallumcheen Road Construction Repair At Unprecedented High

ARMSTRONG, Nov. 29.—A record crowd which attended the annual ratepayers' meeting of the Municipality of Spallumcheen held in the Municipal Hall on Saturday learned that road construction and repair in the municipality has been at an unprecedented high during 1949.

Chairman H. Page-Brown extended a welcome to all and outlined briefly the Council offices to be filled at the forthcoming municipal elections.

The report of the public works department submitted by Stanley Noble, chairman, disclosed that the program for 1949 "has been the largest in the history of the Spallumcheen," with the total expenditure to October 1 amounting to \$22,204.

A committee composed of Reeve S. Noble and Councillors, S. Lellman and S. Hitt, toured the roads in the spring and planned the program for the past summer.

In the early part of the year, considerable expense was involved in keeping the roads free from snow. To do this work quickly and efficiently, the municipality now has three snowplows and a bulldozer. A snowplow is also engaged on Grandview Flats to keep that portion of the municipality roads clear. A special service available to the ratepayers is the ploughing of private lanes at a nominal cost.

An example of the time involved in keeping the roads in shape is the fact that to grade properly the 160 miles of road in the municipality requires the coverage of 900 miles by the grader at a pace of from two to four miles an hour.

Considerable regrading was completed in the northeast section of the municipality and 5,000 yards of coarse shale were used for raising the road level.

Following a survey, two miles of road were constructed north of Lansdowne on land practically all of which was donated by the owners for the use of the municipality. A donation of \$500 by T. Stevenson, was used as part payment for the hiring of a bulldozer to do the heavier work at a cost of \$1,817.

There is still a small amount of bulldozer work to be done on this road as well as graveling and grading before it will be suitable for a school bus road, at present an urgent need for the community.

New Gravel Pit
 A power shovel was procured to work with the bulldozer to widen the lake road at a cost of \$1,000. All of this road work has increased the need for gravel and a new two-acre pit was opened this summer from which 4,126 yards of gravel have been taken.

The roads have all been regraded for the winter and all culverts cleaned out, ready for the spring freshets.

The report stated that "it would not have been possible to do this amount of work without the aid of the government three percent tax of which we have received \$8,064 to date and should receive an equal additional amount by the spring as well as a motor vehicle grant of \$4,762."

During the season a new one-ton truck was purchased at a cost of \$2,197 for use of the road foreman and the transportation of gas, oil and equipment to the road crew at work.

Snow tracks for the caterpillar cost \$842.21 and a canopy for the bulldozer cost \$241.31. The total amount expended in the purchase of gas and oil was \$2,952; wages, \$13,183; culverts and bridges, \$1,040; machinery repairs, \$1,115; truck maintenance, \$1,156; and miscellaneous expenses, \$773.

Another 2,000 feet of snow fence is on order at a cost of \$400, making a total of 8,000 to be erected at various points. The building of these snow fences has proved to be of great value in the past.

Reeve S. Noble expressed his appreciation to Clerk W. E. Saby, the City Council and Provincial Constable Andrew Olver for their service and co-operation during the year.

Councillor W. Wittaker clarified the matter of the interim financial report, explaining that it covered a period of only 10 months. Councillor MacDonald read the hospital report.

Councillor S. Lellman read the weed inspection and fire reports for the year.

Fire Inspector A. Halliday reported that although this has been a very dry season, only five fires occurred in the municipality. Only one of the five was serious enough to require the use of the water pump.

In presenting the drainage system report, L. W. Wood, chairman of the committee, drew attention to the flood conditions of 1949 in which even the Okanagan suffered damage. Property damage resulted when some of the farms were flooded over and Fortune Creek and Deep Creek drainage systems were filled.

Since the damage to the property was in many cases beyond the ability of the individual land owners to repair, groups of farmers banded together to seek aid from various government bodies.

The Council was not able to help at that time because it was short of funds. Only after the formation of the Spallumcheen flood control and drainage committee was effective action gained. The committee decided to appeal to the Provincial Government. A delegation composed of Frank Marshall, R. W. Hornby and Thorne O'Keefe met with the government

The excavation for a new tennis court has been completed. This will be ready for next spring, and a filter will probably be installed in the pool, so that the water will not have to be changed so frequently.

Mr. Hanna expressed his thanks to both councils and particularly the Reeve and Mayor for the help given and interest taken. He also expressed gratitude for the aid of Mr. and Mrs. Leslie Marriott, Miss Florence Linfield, J. Hopkins and Owen Hooper.

A donation of \$25 had been received from the Victoria Old Time Club. This is still on hand pending suggestions from the public as to how it could best be spent.

E. B. Winstanley, sanitation engineer of the North Okanagan Health Unit, gave a brief resume of the functioning of the health system in the Okanagan. The Armstrong Health Unit board is one of the first formed in this province, and comprises eight organized cities and municipalities. He commended the work of Councillor MacDonald as the municipality's representative on the board. Mr. Winstanley closed his talk with the reading of the poem, "The Farmer's Prayer."

O. B. Carlson, secretary of Armstrong School District No. 21, read an interim report covering the period from January 1 to October 31. He stated that the School District is composed of four parts, of which Spallumcheen is the largest on the basis of assessment. There are 10 schools operated and maintained in the district, including one industrial arts school and two teacherages. There are 1,180 students enrolled and 42 teachers on the district staff.

School Inspector A. S. Towell explained the financing of a school building program in a large school district. He showed how any building program affects the whole school district. Consequently, financing the amount to be raised in the school district is presented to ratepayers of all areas for the forming of bylaws.

Whatever the total cost of the building program, it will have to be pro-rated over the portions of the district according to the assessment.

Public Notice is hereby given that the Board of Industrial Relations will hold a public hearing in the Department of Labour Office, 5th Floor, Hall Building, 789 West Pender Street, Vancouver, B.C., on Friday, December 16th, 1949, at 2 p.m., for the purpose of receiving representations pertaining to the making of a minimum wage order to apply throughout the province with respect to janitors and janitresses.

All parties concerned are invited to attend. Written submissions may be addressed to the Chairman, Board of Industrial Relations, Parliament Buildings, Victoria, B.C., for consideration by the Board.

JAMES THOMSON, Chairman, Victoria, B.C.

"MUNICIPAL ELECTIONS ACT" Section 45

THE MUNICIPALITY OF COLDSSTREAM, TO WIT: Public Notice is hereby given to the electors of the municipality aforesaid that a poll has become necessary at the election now pending for the same, and that it will be held in the Municipal Office on Saturday, December 10th, between the hours of 8 a.m. and 8 p.m.; and further, that the persons duly nominated as candidates at the said election, and for whom only votes will be received, are:

Surname	Other Names	Councillor	Ward	Abode	Occupation
DERBY	Stanley D.	Councillor	Ward 1	Coldstream	Contractor
JACKSON	Clenden	Councillor	Ward 1	Coldstream	Farmer
JOHNSTON	Cecil D.	Councillor	Ward 1	Coldstream	Retired

Of which all persons are hereby required to take notice and to govern themselves accordingly. Given under my hand at Coldstream, B.C., this 5th day of December, 1949.

D. F. B. KINLOCH, Returning Officer

for that year. When a vote is taken, a 60 percent majority of the total vote is required to pass the bylaw.

Trustees R. McKechnie and J. Laursen outlined briefly the new high school program. The matter of daylight saving time came up for discussion. A vote showed that a majority of the ratepayers were in favor of remaining on Standard time. The decision on this matter was left for the incoming council.

Attempts Theft, Given Sentence Of Three Months

Hal Osborne Thompson, of Vernon, was sentenced to three months in jail with hard labor by Magistrate Frank Smith in City Police Court Monday morning when he pleaded guilty to a charge of attempted theft of an automobile.

Thompson was sitting in the front seat of a car and, acting suspiciously, by Constables E. W. Dunk and D. A. Jobling early Saturday evening. They approached the car and, in answer to their query, Thompson said he was the owner of the car.

However, he was unable to locate the car registration card when he rummaged through the glove compartment in search of proof of his ownership.

Upon closer scrutiny, the police noticed the registration card and other identification papers under the sun visor. They all referred to William James Campbell, of Vernon.

Mr. Thompson renounced ownership immediately and pleaded guilty in Police Court of attempted theft.

Record Number Christmas Trees Cut in Falkland

FALKLAND, Nov. 30.—The sale of Christmas trees from Falkland and district reached a new high this year with the shipment of 12 or 13 carloads containing 70,000 trees. Cutting and shipping in the district was carried out by W. R. Hoath.

Top cutter in the district was Herman Nagele, of Falkland, who cut the incredible total of 22,000 trees in the short time allowed.

Roy Johnstone was the book keeper for the outfit. Robert Elston was chief trucker.

Several of the senior school children helped in the yard after school, sorting, tying and cleaning up in order to make a little money for the Christmas season.

Mr. and Mrs. J. Perrault gave a party to mark the end of the Christmas tree cutting season.

Mrs. R. L. Sweet returned to Falkland Friday after spending several months visiting her father at Dalbelle, Scotland, a brother and sister in England and Wales, and a brother in Toronto.

Mrs. Sweet saw many places that still bore evidence of the havoc of war. However she said she was pleasantly surprised at the great advances being made. "New roads, fine bus service, modern homes and beautifully kept parks and boulevards" attracted her special attention.

Normandy, the historic region of northwest France between Picardy and Brittany, owes its name to the Northmen who settled in northern France during the ninth century.

\$100 A MONTH FOR LIFE FROM AGE 60

This is the plan — suppose you are not over 50, you make regular payments to the Sun Life of Canada. At age 60 you start receiving \$100 a month for life or, if you prefer it, \$17,149.00 in cash — both amounts can be increased by accumulating annual dividends. If you are over 50, benefits are available at a later date. **FOR YOUR FAMILY** Should you not live to the age of 60, \$15,000 will be paid to your family on your death. *Slightly varied for women.

By completing the enquiry form below you can obtain details suited to your personal requirements. The plan covers all amounts of premiums from as little as \$5.00 per month and the cash or pension can in most cases commence at age 50-55-60 or 65.

CANADA'S ECONOMIC PROSPECTS REVIEWED BY B OF M PRESIDENT

B. C. Gardner Sees Country's Dynamic Growth Comparable To United States' After World War I

RESOURCES, DEPOSITS, PASS TWO BILLION MARK;
SAVINGS AND LOANS AT RECORD—REPORTS GORDON
BALL, GENERAL MANAGER

A parallel between Canada's present industrial potentialities and those of the United States in the years following World War I was drawn by the president of the Bank of Montreal, B. C. Gardner, at the recent 132nd annual meeting. While recognizing problems relating to conditions and prospects in the export markets, the course of Canadian economic events, he said, had "a good many healthy and reassuring aspects."

"The relative stability of the Canadian business trend was the most noteworthy feature of the year," Mr. Gardner said. Canada's resistance to recessive influences, he emphasized, is due to a vigorous program of industrial expansion based not so much on "the outlook for business next year or the year after," as on the country's "magnificent long-term potentialities" and its acquired self-confidence and industrial "know-how."

Gordon R. Ball, general manager, presented a balance sheet featuring deposits and resources both in excess of two billion dollars. The amounts, in each instance a new record, were: deposits, \$2,019,000,000; resources, \$2,140,000,000. Current loans and discounts in Canada of \$442,000,000, he stated, were at the highest year-end figures in the history of the bank. Investments had increased to \$1,168,000,000, gain during the year of \$3,000,000.

Canada's Dollar Dilemma
The B of M president reviewed the many problems created by the dollar shortage. While Canada was not living beyond her means, he said, the inability to convert sterling into U.S. dollars posed a difficult problem. He considered that "the broad trend of Canadian economic development seems logically to point to a closer balance in trade with our nearest neighbour."

Discussing Canadian attempts to reduce the underlying unbalance in overseas trade, Mr. Gardner said that our U.S. dollar situation limited our capacity to extend further aid outside normal trading. Almost inevitably, he believed, there would be a contraction in our exports to traditional overseas markets. He further expressed the opinion that the greatest contribution the United States could make towards world recovery was a liberal tariff policy coupled with a vigorous program of overseas investment.

World Economic Order
Turning to the question of world economic order, Mr. Gardner stated that "the concept of an international economic order has lost reality," and for many people it is not a realistic ideal. He deplored the restrictions and expedients introduced by many countries which rendered inoperative "the forces of corrective adjustment through the processes of the market place."

Recent currency devaluations, the speaker considered, were a "long stride towards realism," but he expressed doubt that rates established by "governmental fiat" could reflect actual values. He suggested that trade expansion might well be encouraged by the admittedly bold step of permitting "a range of variation in exchange rates, calculated perhaps by a stabilization fund designed to prevent violent short-term fluctuations." He went on to suggest that the International Monetary Fund's ban on free exchange rates should now be re-examined in the light of experience.

Mr. Gardner suggested that the ultimate goal was an international economy capable of functioning "on its own." The necessity of raising standards of productivity in countries having difficulty in balancing their accounts with a dollar area was generally acknowledged, he said. But "that will require huge additions and improvements to capital equipment." Was the necessary capital likely to be forthcoming, he asked, under conditions wherein the weight of public budgets "devitalized both the ability to provide and the incentive to employ the capital that is the lifeblood of productive efficiency?" He wondered, too, about the effects of an addiction to the nationalization of industry.

Mr. Gardner said in conclusion, "There is a vast reservoir of energy releasable for recovery in the incentives which impel the individual to improve his position in life, which stimulate adaptability and inventive genius and which encourage the development of new processes, products and markets. The great task of the present is to provide an environment in which these fundamental and powerful forces may once more be put fruitfully to work."

General Manager's Address
In his address to the shareholders, Mr. Ball referred to the transfer of four million dollars from the profit and loss account to the reserve fund as being due to "the continued growth of our deposit liabilities to the public."

"The general manager recalled that earlier in the year, for the first time in the history of any Canadian bank, savings deposits passed the billion-dollar mark. "We are deeply conscious of our responsibility as custodian of the savings of the vast

Bank of Montreal Resources Pass Two Billion Mark

Outstanding feature of the Bank of Montreal's 132nd annual report is the fact that for the first year-end in the bank's history, its total resources exceed the two billion dollar mark, while deposits and commercial loans are at record levels.

Deposits, over \$140,000,000 higher in the year, amount to a record total of \$2,019,000,000, showing that Canada's saving habits continue strong. This deposit figure represents the money of 1,700,000 customers.

Increased loans, at the highest year-end figure in B of M history, reflect the measure of the bank's assistance to business and individuals across the nation. During 1949, the B of M's commercial and other current loans increased by \$31,000,000 to \$487,000,000. At the same time, the bank's holdings of government and other securities have increased from \$1,004,000,000 to \$1,045,000,000.

After payment of Dominion and Provincial Government taxes, the bank reports net earnings for the year amounting to \$5,817,000 compared with \$5,459,000 in 1948. Dominion income tax and provincial taxes amounted to \$3,405,000, compared with \$2,980,000 in 1948.

Dividends of \$3,600,000 have been distributed during the year ended October 31. This money represents a return of 4.23 percent on the shareholders' funds.

B.C. Housing Shortage May Be Relieved

The housing shortage presently existing in B.C. will be relieved through a construction program to be undertaken by the Provincial and Federal Governments, it is proved by the Legislature.

This announcement was made by Premier Byron Johnson, following a recent Executive Council meeting. Conferences are scheduled for December 12 and 13 with municipal authorities so that the basis upon which municipalities can participate may be determined and the necessary legislation for the Provincial Legislature thereby facilitated.

Premier Johnson presented the Executive Council meeting with a plan for low-cost housing following a conference with Hon. Robert Winters, Minister of Reconstruction and Supply. He reported to the Cabinet that in the bill introduced to the House of Commons by Mr. Winters, provisions had been made whereby the Dominion and the province could join in the assembling of land and construction of houses for sale or rent under arrangements by which the cost, profit and loss will be shared.

Premier Johnson has invited municipal authorities from Victoria and 11 other Vancouver Island communities to meet with him on December 12. Representatives from Vancouver will discuss the question at a separate conference slated for 10 a.m. on December 12, while New Westminster and 13 Fraser Valley centres will confer the following morning at 10.

Delegates from 14 other communities in the Interior will meet on the afternoon of December 14. Mayor T. R. B. Adams will attend for Vernon.

President of the Central Mortgage Housing Corporation, David Mansur, will come from Ottawa to attend the conferences.

Under the scheme, large blocks of houses will be built at the lowest cost obtainable under the system of granting large contracts. Those wanting to secure homes therefore will benefit from the lowest construction costs both as to rental or purchase under the National Housing Scheme.

British Columbia is the first province in the Dominion to indicate its intention to participate with the Dominion Government in solving the housing shortage.

British, Vancouver Firms Awarded Large PGE Steel Contracts

Contracts for supplying steel for the extension of the Pacific Great Eastern Railway from Quesnel to Prince George have been awarded to two companies.

The quantity of 10,450 tons of 85-pound rail at a cost of \$1,840,804; 671 tons of angle bars at a cost of \$84,033 and 1,000,000 tons of plates at a cost of \$100,055 will come from the United Kingdom, the contract having been let to the British Iron and Steel Corporation Ltd.

Total cost of supplying these materials is \$1,924,892. The British tender was the lowest bid.

The second contract for the supply of 94.0 tons of track bolts, 8024 tons of spikes and spring washers numbering 120,500 was given to the Vancouver Rolling Mills Ltd. at a cost of \$106,115. This bid is slightly higher than the lowest tender, but was awarded to the Vancouver firm to encourage local industry and thereby provide employment, any government officials.

Brookville Fire

Six different fire departments battled a fire that raged through a downtown business block in Brookville, Ont., recently for three hours before it was brought under control. Four stores were destroyed, six were damaged and 100 persons living in apartments over the stores were evacuated. Damage estimated was \$1,000,000. Above photo shows part of the damage and the terrible weather conditions.

Enderby A.O.T.S. Club To Boost Work With Youth

ENDERBY, Dec. 5.—A. E. Houston was elected president of the Enderby A.O.T.S. Club for the ensuing year at a recent meeting. Rev. C. G. MacKenzie is honorary president; R. Plater is vice-president; J. A. Thomas, secretary, and J. H. Palmer, treasurer.

The winter program has been set up, featuring assistance to youth work in the district. Amongst activities will be the formation of a boys' and girls' orchestra, and a membership drive for Mr. MacKenzie's boys' club. Plans have also been made to sponsor Mr. MacKenzie's boys' and girls' camps at Mabel Lake each summer and to improve camping facilities.

Members of St. Andrew's United Church saw a film, "My Name Is Hans," shown by Mr. MacKenzie in the church last week. The film depicted actual scenes of China, photographed by the International Film Foundation in 1948-49.

Rev. Donald Faris, of Naramata Training School, gave an address on China last Sunday evening. Mr. Faris was a missionary in that country for many years.

An inter-town basketball game brought victory for the senior girls' team recently when they won 35-9 over the Salmon Arm senior girls. Enderby's basketball aggregation is living up to its reputation of former years. In the lineup were: captain, Dawn Faulkner, Margaret Blackburn, Lucy Glushenko, Irene Lopaschuk, Jean Lofting, Marion Pasenko, Audrey Ward, Marie Smith, Jean Crown.

On the team in the playoffs between the junior girls' team and Salmon Arm were: Yvonne Olson, Esther Nelson, Charlotte Buhler, Arla Jean Cummings, Alice Harkness, Eileen Tuoy and Lorraine Alamas.

Jack Elliott was the outstanding player in the boys' game, and received congratulations from his fellow-players when he scored a basket from centre during the match. The lineup included: Mike Lofting, Paul Glushenko, Carlie Gorik, Chris Hoover, Herbert Karas, Mike March.

Advantage is being taken of the mild weather for building the Trinity bridge.

The Junior Chapter, H.M.C.S. "Magnificent," I.O.D.E., held a successful dance in the K. of P. Hall recently. Miss Viola Brash, regent, was general convener. The Salmon Arm orchestra supplied the music, and refreshments were served at midnight. A Gerlib took the tickets, with Mrs. A. Green assisting with supper.

The licence was issued to the British Columbia Pulp and Paper Company which operates a pulp mill at Port Alice.

"The Mill Cannot Grind with Water That's Fast." The mill needs a steady flow of water, just as a Savings Account depends upon a steady flow of deposits. If you don't keep the dam well filled, the moment will come when you'll want the mill to grind you something special, and the wheels won't turn. So, when you open your Savings Account at the Bank of Montreal, make a firm resolve to save regularly.

**PROVINCE OF BRITISH COLUMBIA
BOARD OF INDUSTRIAL RELATIONS**

NOTICE IS HEREBY GIVEN that the Board of Industrial Relations will hold a public hearing in the Department of Labour Office, 5th Floor, Hall Building, 780 West Pender Street, Vancouver, B.C., on Friday, December 16th, 1949, at 10 a.m., for the purpose of receiving representations pertaining to the making of a minimum wage order to apply throughout the Province with respect to the mechanistic trade.

All parties concerned are invited to attend. Written submissions may be addressed to the Chairman, Board of Industrial Relations, Parliament Buildings, Victoria, B.C., for consideration by the Board.

November 20th, 1949. JAMES THOMSON, Chairman, Victoria, B.C.

Hilarious "Laff It Off" Show Promises To Be Season's Tops

Tuneful choruses, gay costumes, drills and dances, audience participation scenes, children scenes and patriotic tableaux make a wide variety of entertainment in one evening for those who see "Laff It Off."

The unusual production will be staged by the Vernon Junior Chamber of Commerce on December 15 and 16 in the Canadian Legion Hall, beginning at 8:15 p.m.

Attractive, clever singing and dancing numbers will be performed by a chorus of girls from the Junior and Senior High School.

The Jaycees hope to make this show one of the most outstanding productions ever staged here.

All are at work to make this charity benefit show the season's sensation.

Reclamation Plan of Duck Lake Okayed

The Duck Lake Reclamation Company has been given authority by an Order-in-Council for the reclamation of 2,700 acres of land, announced Premier Byron Johnson recently.

The decision was reached after consideration was given all aspects of the case both as to need for agricultural land as well as provision for adequate feeding grounds for migratory birds.

Reclamation of Duck Lake was recommended by the International Joint Commission.
